Subject: Long-Term Care Capitol Improvement and Emergency Preparedness
Program Extension

In 2021, the Oregon Legislature allocated \$30 million to the Oregon Department of Human Services to administer a Long-Term Care Capital Improvement and Emergency Preparedness Program. The governing administrative rules for this program may be accessed [here](#).

Pre-approval was needed for any proposed projects. By May 2022, all funds were encumbered. A requirement of the LTCCIEP program was that all requests for reimbursement of pre-approved projects be submitted to the Department by July 31, 2023.

Many of the projects have been delayed due to supply chain issues in receiving the equipment. The Department has extended the Program to **January 31, 2024**, to allow more time for project completions.
