PRE-SERVICE TOPICS

SPECIFICALLY, THE TRAINING MUST ADDRESS THE FOLLOWING:

- CURRENT EMPLOYEES NEED TO COMPLETE THIS TRAINING BY JULY 1, 2022.

WHAT THIS MEANS

- THE TRAINING CURRICULUM NEEDS TO BE APPROVED BY THE DEPARTMENT.
- OREGON CARE PARTNERS HAS CREATED AN APPROVED ONLINE COURSE NAMED: “PRE-SERVICE INFECTION PREVENTION AND CONTROL FOR COMMUNITY BASED CARE.” IT IS A 2-HOUR COURSE.

 - PREVENT FOOD CONTAMINATION AND SPREAD OF FOODBORNE ILLNESS; AND
 - MINIMIZE THE RISK AN ADVERSE HEALTH EVENT WILL OCCUR BECAUSE OF POOR INFECTION CONTROL PRACTICES OR UNSAFE FOOD PREPARATION AND HANDLING.

NEW SURVEY PROCESS

- DURING THE KITCHEN INSPECTION, SURVEY WILL CONTINUE TO EVALUATE WHETHER THE KITCHEN IS CLEAN AND BEING MAINTAINED IN GOOD REPAIR.
- THIS INCLUDES, BUT IS NOT LIMITED TO, INSPECTING ALL SURFACES FOR SITUATIONS WHERE CONTAMINATES COULD FALL, TRANSFER OR BE BLOWN INTO FOOD DURING STORAGE, PREPARATION AND SERVING.

NEW SURVEY PROCESS

- HOWEVER, SURVEY WILL NOW CONDUCT MORE THOROUGH OBSERVATIONS OF FOOD PREPARATION AND HANDLING PROCESSES; AND

- DEFICIENCIES IDENTIFIED DURING THE KITCHEN INSPECTION WILL BE CITED UNDER OAR 411-054-0030 **RESIDENT SERVICES – MEALS (C240)**.
- HOWEVER, IN CERTAIN CIRCUMSTANCES WHERE DEFICIENCIES ARE LIMITED TO ONLY INFECTION CONTROL PRACTICES, THE SURVEYOR MAY CITE THE DEFICIENCY UNDER C160: OAR 411-054-0025 FACILITY ADMINISTRATION (4) **REASONABLE PRECAUTIONS MUST BE EXERCISED AGAINST ANY CONDITION THAT MAY THREATEN THE HEALTH, SAFETY OR WELFARE OF RESIDENTS.**

ALLEGATION OF COMPLIANCE DATES

- A FACILITY WILL HAVE 60 DAYS FROM THE EXIT DATE OF THE SURVEY TO ALLEGE COMPLIANCE (AOC DATE).
- IF DEFICIENCIES ARE IDENTIFIED DURING A REGULAR BIENNIAL, INITIAL OR CHOW SURVEY, A REVISIT INSPECTION WILL BE SCHEDULED ACCORDING TO THE AOC DATE AND CONDUCTED AS PART OF THE TEAM REVISIT.

AOC DATES & REVISITS

- IF DEFICIENCIES ARE IDENTIFIED DURING AN ANNUAL INSPECTION NOT PART OF THE BIENNIAL SURVEY CYCLE, A REVISIT INSPECTION WILL BE SCHEDULED ACCORDING TO THE AOC DATE AND CONDUCTED INDEPENDENTLY BY THE SURVEYOR ASSIGNED TO THE TASK.

BONUS TIP OF THE MONTH

Fire Drill Evacuations

411-054-0090 Fire and Life Safety requires facilities to provide evacuation assistance to residents from the building to a designated “point of safety.”

“Points of safety” may include outside the building, through a horizontal exit or other areas as determined by your local Fire Marshal.

Each facility should work closely with its local Fire Marshal to develop an agreed-upon plan for conducting fire drills that clarifies the expectations for movement of residents during the drill.

Remember: the rule requires documentation of the number of occupants evacuated, the escape route used, evacuation time required and problems encountered relating to residents who resisted or failed to participate in fire drills.

You can't document that information if you are not moving residents.

BONUS TIP OF THE MONTH

Were Service Plans Followed?

411-020-0002 considers neglect as abuse, and defines neglect as:

Failure to provide the basic care or services necessary to maintain the health and safety of an adult.

The failure creates a risk of serious harm or results in physical harm, significant emotional harm or unreasonable discomfort, or serious loss of personal dignity.

Failing to follow a resident's service plan,

when that failure negatively impacts that resident's health or safety, creates a risk of serious harm or results in physical or emotional harm, unreasonable discomfort or loss of dignity,

could constitute neglect and would be considered abuse.

Following any event (incident) that resulted in harm or injury, or could have resulted in serious harm or injury, your facility must follow-up to determine whether the service plan was being followed at the time of the event.

If the facility determines the service plan was not being followed, it must self-report to the local APS office as an incident of suspected abuse.

Further, under C270: Monitoring of a change of condition, we would expect the facility to monitor whether the service plan was being followed and was effective or whether additional interventions needed to be developed and implemented to address that condition. Common examples: falls, skin breakdown, weight loss, resident altercations.

Please make sure your facility has a process for reviewing service plans.

Thanks so much!
