RE: Quality Measurement Reporting for 2022

The online quality metrics application (the portal) normally used to collect data will not be used to report 2022 data.

Instead, you will receive an email with a link that will take you to the 2022 data collection tool that you should fill out for 2022. You can also directly access the same data collection tool link [here](#).

On March 1, 2023, you will receive an email from QualityMetrics.Acuity@dhsosha.state.or.us. This email may go to your junk mail. If you do not receive the email on March 1, please check your junk folder.

You will have from March 1 to March 31, 2023 to enter your quality metrics data for reporting year 2022.

There is an updated Provider Guide for 2022 on the program website.

Additionally, the department is hosting live webinar sessions to support quality measurement program reporting. The next upcoming webinars are:

- Wednesday, March 8, 11 a.m. -noon
- Friday, March 24, 11:00 a.m. – noon

To attend a webinar, use this access information:

- Join using the link: <https://www.zoomgov.com/j/16094840766>, or
