ODHS-23-048-CBC – Provider Alert

Date: June 26, 2023

To: All Assisted Living Providers
All Residential Care Providers

From: ODHS Office of Aging and People with Disabilities –
Safety, Oversight, and Quality

Subject: **Rapid antigen test availability reminder for CBCs**

Oregon Health Authority continues to fill requests for COVID-19 rapid antigen tests through **July 31, 2024**, while supplies remain.

Community-based care settings are strongly encouraged to request sufficient rapid antigen tests to have on hand in the event of an outbreak.

There are two types of rapid tests available for request:

- iHealth Self-Test Kits. **iHealth Self-Test kits are reserved for scenarios where self-testing is performed, as consistent with manufacturer instructions for use.** This may include distribution of self-tests to frontline healthcare personnel to support exposure and return to work testing considerations. To request iHealth Self-Test kits, please use the [iHealth Self-Test Ordering Form](#).
- Abbott BinaxNOW tests. **To administer BinaxNOW tests, facilities must have a CLIA Certificate of Waiver;** instructions for completing an application can be found on page 3 of the [CMS CLIA brochure How to Obtain a CLIA Certificate of Waiver](#). Abbott BinaxNOW rapid antigen tests can be requested using the [Abbott COVID-19 Test Form](#).

If you have additional questions about these supplies, please contact Elizabeth Stelle at elizabeth.a.stelle@oha.oregon.gov.
