"Last Resort"

Filed for record November 9, 1900 8 A.M. W. James, Recorder.

Notice is hereby given to all whom it may concern, that the undersigned citizen of the United States over the age of 21 years having discovered a vein or lode of quartz or rock in place bearing gold and silver with the limits of the claim hereby located, and have this day under Chapter Six, Title 32, located 1500 linear feet of this vein or lode with surface ground 600 feet in width, situated in no organized mining district, County of Baker, State of Oregon, and known as the "Last Resort" quartz mining claim, extending 100 feet Easterly to a stake and 1400 Westerly to a stake and 300 feet each side of the center of this vein or lode from this notice at the discovery or prospect shaft which is 100 feet from the East end line of this claim. The exterior boundaries of this claim being distinctly marked by reference to some natural object or prominent monument and more particularly described as follows, to-wit: This claim is situated on the East Fork of Gimlet Creek, near the head of said creek, and runs in an Easterly and Westerly direction, the East end line of this claim joins the West end line of the "Monument" Quartz claim, and runs 1500 feet in a Westerly direction. And I intend to mark and hold said claim as provided by local customs and rules of mines and mining Statutes of the United States and State of Oregon.

Dated on the ground this 9th day of October, 1900.
Located October 9, 1900.

Jno. L. Abrams, Locator.

"Big Porphory"

Filed for record November 12, 1900 8 A.M. C.W. James. Recorder.

Notice is hereby given that the undersigned, having complied with the requirements of Chapter Six of Title Thirtytwo of the revised Statutes of the United States, and the local customs, laws and regulations, have located 1500 linear feet on this lode or vein, bearing gold, silver, copper and other precious minerals, with surface ground extending 300 feet on each side of the vein and to be known as the "Big Porphory" quartz claim, situated in no Mining District, Baker County, Oregon, and described as follows: Commencing at stake and notice on North end line of the Gold Fork quartz claim, thence North 1500 feet to stake on Porphory Ridge, West of Spring Gulch tributary of the Gold Fork of Manning Creek.

Notice is hereby given that I, H. S. McCallum citizen of the United States has on this 12 day of December 1900, discovered and located a vein of mineral bearing rock in place carrying gold, silver and other minerals which vein I have named the Annex. That the course of this vein is northeast and southwest and that I claim 400 linear feet northeast and 1100 linear feet southwest of the discovery monument on which this notice is posted, and that I claim 300 on each side of the center of the vein. That said claim is located in no organized mining district, Baker County, Oregon, the discovery monument being placed 400 feet from northeast center end stake and is bounded and described as follows: to-wit: Commencing at the discovery monument, thence 400 ft N.E. to the N.E. center end stake, thence 300 ft north to the N.E. corner stake; thence 1500 ft S.W to the W.W. corner stake; thence 300 ft south to the S.W center end stake; thence 300 ft south to the S.W. corner stake; thence 1500 ft N.E. to the S.E. corner stake; thence 300 ft north to the place of beginning. Said claim is bounded on the north side by the Mammoth quarty claim and by the Belle Baker quarty claim.

Dated December 12th 1900 H. S. McCallum, Locator.

Proof of Labor: "Crown Point" Group.

State of Oregon: County of Baker: ss.

D. Price Copsey, being first duly sworn, says: I am the foreman at the "Crown Point" group of mining claims in Baker County, State of Oregon, and am well acquainted with the "Crown Point" group of mining claims, said group consisting of the "Crown Point", "Mountain Slope" and "Iowa" quartz mining claims in what is known as the Cable Cove mining district, in said County of Baker State of Oregon. That said claims are contiguous, and the work hereinafter mentioned as being done on the "Mountain Slope" claim was done for the benefit of said three claims, and was to the benefit of all of said three claims named to-wit: the "Crown Point", "Iowa" and "Mountain Slope". That from January 1, 1900, to Dec. 31, 1900, a tunnel was run on the "Mountain Slope" claim for 280 feet, in the direction of the ledge running through said properties. That the cost of construction of said 280 feet of tunnel was about three thousand dollars: that during the year 1900 an average of three men were constantly employed on said tunnel work. That in addition to said tunnel work on said "Mountain Slope" claim, about two thousand dollars worth of machinery were placed on said claim, said machinery consisting of a boiler and steam drill and appliances, and

said machinery is now being used in prosecuting said work.
That I make this affidavit for the purpose of showing that at least Three hundred dollars worth of work was performed during the year 1900, for the benefit of said three claims above named.

Price Copsey.

Subscribed and sworn to before me this 31st day of Dec., 1900.

"Jack of Diamonds".

Filed for record January 8th, 1901 8 A.M. C.W. James Recorder.

Notice is hereby given that I, George Day, a citizen of the United States, has on this first day of January, 1901, discovered and located a vein of mineral bearing rock in place, carrying gold, which vein I have named the "Jack of Diamonds".

That the course of the vein is North East and South West and that I claim 750 feet South West and 750 feet North East of the discovery monument on which this notice is posted, and that I claim 300 feet on each side of the center of the vein. This claim is located in no organized mining district, Baker County, Oregon, the discovery monument being placed 750 feet West from East end line and is bounded and described as follows: to-wit:
Commencing at the discovery monument, thence 750 feet East to East center end stake, thence North 300 ft. to North East corner stake, thence 1500 feet Westerly to North West corner stake, thence 300 ft. South to West center end stake, thence 300 feet South to South West corner stake, thence 1500 feet Easterly to South East corner stake, thence 300 feet North to East center end stake place of beginning.

This claim joins the "Red Bell" on the South, and was located by C.S. Warren, Jr. Nov. 1st, 1899, and he has failed to do the assessment work for 1900.

Dated Jan. 1st, 1901.

Proof of Labor — Keystone Bells & Gold Boy

Filed for record: Jan 28. 1901 2 PM C.W. James Recorder

State of Oregon } ss.
County of Baker }

Before me, a notary public, in and for the state of Oregon, personally appeared Eugene Sperry, who being duly sworn says that he is the secretary of the Keystone-Bells & Gold Boy Consolidated Mining Company, and that the said Company are the owners of the Keystone-Bells claims and have under bond and are operating the Gold Boy, Blackhawk, Oregon, Eclipse and Lucky Boy claims known as the Gold Boy Group, all situated near the town of Sumpter and being an eastern extension of the property of the Bonanza Consolidated Gold Mining Company, and all being adjoining claims.

He further says upon oath that it is the intention of the Keystone-Bells & Gold Boy Consolidated Mining Company, to operate all of the above mentioned claims as a group and that the tunnel started on the Keystone claim and running into the Blackhawk is to be extended across the entire group and will develop all of the claims of the said group and will be the working tunnel for taking the ore from any of the said claims.

He further swears that more than three thousand dollars was spent upon the said tunnel in the year 1900, and that the said amount was more than sufficient to pay the annual assessment required by law to be done on the before mentioned claims and all of them.

Eugene Sperry, Secretary.

Subscribed and sworn to before me, this 28th day of January, 1901.

Notice Amended Location of Quartz claim: "The Barnes"

Filed for record January 31, 1901, 10 P.M. C. W. James, Recorder.

Notice is hereby given to all whom it may concern, that I Lewis Beckwith, a citizen of the United States, over the age of twenty one years, having discovered a vein or lode of quartz or rock in place, bearing valuable mineral within the limits of the claim hereby located, have this day in accordance with Chapter six (6) Title thirty two (32) of the Revised Statutes of the United States and the statutes of the State of Oregon, located (1500) fifteen hundred linear feet on said vein or lode with surface ground (600) six hundred feet in width for said entire length, in an unorganized mining district, in Baker County, State of Oregon. Said claim is in and upon unappropriated public domain of the United States. The name of said lode or claim is "The Barnes". The name of the locator of the same is Lewis Beckwith. The date of the location of said claim is the 26th day of January, A.D. 1901. I claim one hundred (100) feet along said vein or lode lying North Easterly from the point of discovery and fourteen hundred (1400) linear feet along said vein or lode lying South Westerly from said point of discovery, and three hundred (300) feet in width on each side of said vein or lode. The general course or strike of said vein or lode, as nearly as I can give it, is North East and South West. I have defined the boundaries upon the surface of said claim so that the same may be readily traced, by the posts and monuments hereinafter described. The following is a description of said claim with reference to natural objects and permanent monuments, for the purpose of identifying the same. It is about three (3) miles North of the Town of Sumpter, Baker County, Oregon, on the West side of the Cracker Creek and Bourne wagon road. It is three hundred and thirty five (335) feet West of the Old Ennes cabin and one hundred and sixty five (165) feet South about twenty (20) degrees East of a bridge over said Cracker Cuk. Said bridge is the seventh (7) bridge over said creek above or North of Sumpter aforesaid. Said claim is eleven hundred (1100) feet South of the half way house, which house is on said Bourne road, about three hundred and seventy five (375) feet below the confluence of Wind Creek and said Cracker Creek, about two hundred and ninety (290) feet South of a group of four (4) large cliffs of rock all above said bridge the first of which said

cliffs is a large cone shaped rock projecting out toward said Cache Creek about eight (8) feet. Said cliff is about twenty (20) feet high. The next cliff which is about twenty (20) feet above the first one is round in shape and not as high as the first one. The third (3rd.) cliff is about the same in size and appearance as the second (2nd.) cliff and is about twenty (20) feet above it. The fourth cliff is about forty (40) feet above the third (3rd.) cliff and is more ragged and a little smaller in size than the second (2nd.) and third cliffs. The first mentioned cliff is the largest of the group, and they are all from forty (40) to one hundred and twenty (120) feet above said bridge No. 7, and are all below said half way house. The discovery open cut on said claim is marked by an artificial monument made by sawing off a large growing fir tree about six feet above the ground. Said tree is squared and is about 9 inches wide on each face an "N" is cut on the North side, and "X" on the East side, a cross on the South side and a "I" on the West side of said tree or monument. This notice is posted on said monument, and a copy of this notice will be filed for record in the office of the Recorder of Conveyances of said County. The boundaries of the claim are as follows: Commencing at said point of discovery, viz. the aforesaid open cut marked by last mentioned monument, and running thence one hundred (100) feet North East to the North center end post which is the point of beginning of said claim. Said post is not less than four (4) inches square in diameter, is of substantial timber and projects not less than three (3) feet above the surface of the ground. Thence from said last mentioned post three hundred (300) feet East to a substantial post which marks the North East corner of said claim. Said post is not less than four (4) inches square in diameter, is firmly planted in the ground, and it projects not less than three (3) feet above the surface of the ground. Thence from said last named post fifteen hundred (1500) feet South West to the South East corner of said claim which corner is marked by a substantial post firmly planted in the ground. Said post is not less than four (4) inches square in diameter and it projects not less than three (3) feet above the surface of the ground. Thence from said last named post three hundred (300) feet West to the center of the South end line of said claim

which is marked by a substantial post planted firmly in the ground. Said post is not less than four inches square in diameter and it projects not less than three (3) feet above the surface of the ground. Thence from said last named post three hundred (300) feet West to the South West corner of said claim, which corner is marked by a substantial post firmly planted in the ground. Said post is not less than four (4) inches square in diameter, and it projects not less than three (3) feet above the surface of the ground. Thence from said last named post fifteen hundred (1500) feet North East to the North West corner of said claim, which corner is marked by a substantial post set firmly in the ground. Said post is not less than four (4) inches square in diameter and it projects not less than three (3) feet above the surface of the ground. Thence from last named post three hundred (300) feet East to the afore mentioned North center end post, the place of beginning. Said monument on which this notice is posted and each and all of said corners and end posts are monuments in the boundaries of said claims and are permanent monuments by which to identify said claim. I claim all dips, spurs and angles of said vein or lode, and I claim all other lodes or veins and their dips, spurs and angles, lying and being within said boundaries.

Dated January 26th., A.D. 1901.

Amended Location: "High Grade"

Filed for record January 31, 1901, 10 P.M. C.W. James, Recorder

Notice is hereby given to all whom it may concern, that I, John J. Reily, a citizen of the United States over the age of twenty one years, having discovered a vein or lode of quartz or rock in place, bearing valuable mineral within the limits of the claim hereby located, have this day in accordance with Chapter six (6) Title thirty two (32) of the Revised Statutes of the United States, and the Statutes of the State of Oregon, located fifteen hundred (1500) feet on this vein or lode, with width surface ground six hundred (600) feet in width for said entire length, in an unorganized mining district in Baker County State of Oregon. Said claim is in and upon unsurveyed public domain of the United States. The name of said lode and claim is the "High Grade" quartz mining claim. The name of the locator is John J. Reily. The date of the location of said claim is this 26th day of January, A.D. 1901. I claim three hundred (300) linear feet West thirty (30) degrees South along said vein or lode from the point of discovery and three hundred (300) linear feet East thirty (30) degrees North of said point of discovery along said vein or lode, and three hundred (300) feet in width on each side of said vein or lode. The general course or strike of said vein or lode, as nearly as I can give it is North East and South West. I have defined the boundaries upon the surface of said claim so that the same may be readily traced, by the posts and monuments hereinafter described. The following is a description of said claim with reference to natural objects and permanent monuments for the purpose of identifying the same. It is about three (3) miles North of the Town of Sumpter, Baker County, Oregon, and about three thousand (3000) feet West of the Cracker Creek and Bourne wagon road. It is about thirty one hundred feet (3100) South, twenty (20) degrees West of the half way house. Said house being situated on the Bourne wagon road about three hundred and seventy five (375) feet below where Wind Creek empties into Cracker Creek. Said claim is twenty eight hundred (2800) feet South West of the Bridge over Cracker Creek, said bridge being the seventh (7) bridge over said Creek above or North of Sumpter aforesaid. Said claim is about one half mile above the mouth of Pole Creek and about fourteen hundred and seventy five feet below or South of the mouth of Wind Creek. Said claim is situated on the divide or summit, at the

head of the Gulch, which empties into Cracker Creek, between said bridge No 4, and the old Emma cabin. The discovery shaft on said claim is on the summit at the head of the said gulch just mentioned, and said point of discovery is marked by a permanent monument, a sugar pine tree, sawed off about six feet above the ground. Said tree is squared and is about 10 inches wide on each face A plus sign is cut on the north side, a "I" on the East side, a diamond on the South side and an "O" on the West side, of said tree or monument. This notice is posted on said monument, and a copy of this notice will be filed for for record in the office of the Recorder of Conveyances of said Baker County. Said tree or monument is twenty five (25) feet North twenty degrees East from the point of discovery. The boundaries of said claim are as follows: Commencing at said point of discovery, viz. the aforesaid shaft marked by the last mentioned monument, and running thence three hundred (300) feet West thirty (30) degrees to the South center end post which is the point of beginning of said claim. Said post is not less than four (4) inches square in diameter, is of substantial timber and projects not less than three (3) feet above the surface of the ground. Thence from said last mentioned post three hundred (300) feet East to a substantial post which marks the South East corner of said claim. Said post is not less than four (4) inches square in diameter, is firmly planted in the ground and it projects not less than three (3) feet above the surface of the ground. Thence from said last named post fifteen hundred (1500) feet North fifteen (15) degrees East to the North East corner of said claim which corner is marked by a substantial post planted firmly in the ground. Said post is not less than four (4) inches square in diameter and it projects not less than three feet above the surface of the ground. Thence from said last named post three hundred (300) feet West, to the center of the North end line of said claim which is marked by a substantial post planted firmly in the ground. Said post is not less than four (4) inches square in diameter and it projects not less than three (3) feet above the surface of the ground. Thence from said last named post three hundred (300) feet West to the North West corner of said claim, which corner is marked by a substantial post

firmly planted in the ground. Said post is not less than four (4) inches square in diameter and it projects not less than three (3) feet above the surface of the ground. Thence from said last named post fifteen hundred (1500) feet South fifteen (15) degrees West to the South West corner of said claim, which corner is marked by a suitable post set firmly in the ground. Said post is not less than four (4) inches square in diameter and it projects not less than three (3) feet above the surface of the ground. Thence from said last named post three hundred (300) feet East to the aforementioned South center end post, the place of beginning. Said monument on which this notice is posted and each and all of said corner and end posts are monuments in the boundaries of said claim and are permanent monuments by which to identify said claim. I claim all dips, spurs and angles of said vein or lode, and I claim all other lodes or veins and their dips, spurs and angles, lying and being within said boundaries.

Notice of location of a quartz mining claim.

Notice is hereby given to whom it may concern that we, John Nelson and E.B. Moxley, citizens of the United States over the age of twenty one years, having discovered a vein or lode of quartz or rock in place bearing mineral within the limits of the claim hereby located, having this day under and in accordance with the Revised Statutes of the United States, Chapter six, Title Thirty-two, located this fraction vein or lode known as the South extension of the "Copper Bullion" mining claim, with surface ground. Commencing at the N.W. corner stake near the N.E. corner stake of the "Little Joy" mining claim, running in a Southerly direction 500 feet, joining the East line of the "Little Joy" mining claim to stake marked S.W. corner stake of South extension of "Copper Bullion" mining claim. Thence about 300 feet in Easterly direction to bank of Snake River to stake marked S.E. corner stake of South extension of "Copper Bullion" mining claim. Thence in

a Northerly direction 1500 feet to stake marked N.E. corner stake of South extension of Copper Bullion mining claim. Thence in a Westerly direction 600 feet to place of beginning. Said claim is situated in Union County, State of Oregon, and we intend to hold and work said mining claim, together with all dips, spurs and angles, according to the mining statutes of the United States and of the State of Oregon.

Dated on the ground this 23rd. day of January. 1901.

John Nelson.

Tunnel claim Location certificate.

Know all men by these presents, that the undersigned, A.M. Huggins, a citizen of the United States, has this 11th April A.D. 1901, claimed and does claim by right of location a tunnel claim for the purpose of discovering and working veins, lodes or deposits on the lines thereof. Said tunnel claim is situated in no organized mining district, County of Baker, State of Oregon.

The location and boundaries of said tunnel are staked on the surface at the place of commencement and termination, as well as along the lines thereof, and that the actual or proposed course or direction of the tunnel is East and West. That the height thereof is seven feet and the width five feet. That the face or point of commencement of said tunnel is about 700 feet East of a certain bluff of Granite rock, situated on the West side of Arastra Gulch and upon which bluff of rock is inscribed or chiseled the letters and figures N.D. 1900: That said claim is more particularly described as follows: Beginning at Arastra Gulch and running in an Easterly direction to Chicken Creek, it is about 750 feet from notice stake to S.W. corner stake; thence 3000 feet Easterly to S.E. corner stake; thence Northerly 1500 feet to N.E corner corner; thence 3000 feet to N.W. corner stake, thence 750 feet to notice stake or place of beginning.

Dated the 11th day of April. 1901.

"Golden Leaf."

Filed for Record May 15-1901, at 8 o'clock A.M. W. James Recorder.

Notice is hereby given that I the undersigned citizen of the United States of America, conforming to the mining laws thereof, and of the State of Oregon, and the local rules, regulations and customs of miners has this 16 day of March, 1901, located and do claim 1,500 linear feet on this lead, lode or vein bearing mineral in place, by 600 feet in width, the same being 300 feet on each side of the center thereof, together with all dips, spurs and angles, and all other veins or lodes, the top or apex of which lie within said boundaries.

This location is named the "Golden Leaf" Lode or Mine, and is situated in (not named) Mining District, Baker County, State of Oregon, and is bounded and described as follows:-

Commencing at this stake and notice and running thence 300 feet in a southerly direction to the south end center stake; thence, running 300 feet easterly to the south-east corner stake; thence, running 1,500 feet northerly to the north-east corner stake; thence, running 300 feet westerly to the north-end; center stake; thence, running 300 feet westerly to the north-west corner stake; thence, running 1,500 feet southerly to the south-west corner stake; thence, running 300 feet easterly to the south end center stake aforesaid. This discovery stake and notice stands on the north side of Alder Creek gulch about 200 feet from the creek, and is situated near the center of section No. 32. T. 10, South of range 46. E. W. M., and is about 500 feet down the gulch from the point on said creek crossed by the ditch of the Flick Bar Mining Company. This discovery stake and notice is situated about 2,400 feet in a westerly direction from the N. E. corner of S. E. 1/4 of said section No. 32.

Discovered on the 14 day of March, 1901; Located on 16 day of March, 1901.

John W. Lane — Locator Claimant.

State of Oregon, } S.S.
County of Baker. }

I, John W. Lane, do solemnly swear that I am a citizen of the U.S. of America, and that I am acquainted with the mining ground described in this notice of location and herewith called the "Golden Leaf" ledge, lode or claim, that the ground and claim therein described or any part thereof has not to the best of my knowledge and belief been located according to the Laws of the U.S. and of this State, or if so located that the same has been abandoned or forfeited by reason of the failure of such former locators to comply in respect thereto with the requirements of said Laws, and that I have opened up new ground to the extent or depth of ten feet, as required by the Laws of Oregon, and all stakes, monuments or trees marking boundaries are in proper place and positions.

John W. Lane.

'Chieftain' #2

Filed for record May 28, 1901, 4 P.M. C.W. James, Recorder.

Notice of amended location has been filed for record with the Recorder, Baker County, State of Oregon, for this claim known as the "Chieftain" #2 quartz claim, situate in what is commonly called the Virtue district, Baker County, State of Oregon and lying about a mile and half in a South Easterly direction from the Virtue mine (so called) and is described as follows: from the discovery shaft and this notice 750 feet in a South Easterly direction and from discovery shaft and this notice 1750 seven hundred and fifty feet in a North Westerly direction and being 1500 feet long and 600 feet wide; the corners being marked by stakes and earth mounds.

It abuts the "Senator" quartz claim on the Northwest end and the "Golden Dream" on the South East end, G. Crawford's claim on the east side and the "Redman" quartz claim on the West side. The strike or trend or course of the quartz lodes, of which there was several, is more on an Easterly and Westerly direction than was known

when this
location was first made and so cuts or goes through this
claim, transversely or at an angle. All the quartz lodes withrunking
and lying in this claim and all lodes carrying gold and other
precious minerals whether they be quartz or quartzite or iron
or other mineral at whatever angle they may go through this
claim or any part of it, or at whatever angle they may lie or
be in this claim. All of such lodes as lie or be or exist
within the boundaries or lines of this claim are hereby located
and become a part of this claim together with all dips, spurs
and angles. This is intended to be and is an amended location
of the "Chieftain #2" quartz claim situate in the Virtue district,
Baker County, State of Oregon. May 27, 1901.

"Gold Dollar Fraction."

Filed for record June 6, 1901. 3 P.M. C. W. James, Recorder.

Amended location of the "Gold Dollar Fractional" quartz claim. Bourne, Baker County, Oregon, May 26, 1901.

The undersigned hereby amends the location of the "Gold Dollar" quartz claim, originally located by E. E. Tabler and recorded in the book of quartz locations Volume "L", Page 93, of the records of Baker County, - said "Gold Dollar" quartz ~~mining~~ claim being at present a triangular piece of ground, wedged in between the South end line of the "Villard" 2. claim, patented, and the "More or Less" quartz claim patented, - amends the location of this "Gold Dollar" 2. cl. in such a way as to make the end lines parallel by retaining as Northerly boundary the South end line of the "Villard" quartz cl. and by swinging the present South boundary of the "Gold Dollar" 2. cl. (now also being the North end line of "More or Less,") and running N. 53° 30' W. around the South East corner of the "Gold Dollar" 2. cl. which also is the N. E. corner of the "More or Less" until said South end line of the "Gold Dollar" 2. cl. becomes parallel with the North end line of the "Gold Dollar" or what is identical with the South end line of the "Villard" which runs N. 68½° W.

By this amended location the "Gold Dollar" 2. cl. will overlap over the "More or Less" quartz claim, now the property of the undersigned. The amended location of the "Gold Dollar" Fraction will then read as follows:

Commencing at the N. E. corner of the "Gold Dollar" at the same time corner No. 2 Villard 2. cl., and running along the South end line of the Villard quartz cl. N. 68½° W. for 300 ft. to the N. center post, then in the same direction for another 300 ft. to the N. W. corner of the "Gold Dollar", also being the cor. No. 1 V. 2. cl. and cor. No. 3, M. or L., thence for a distance of about

129 ft. South 23½° W. approximately to the new Southwest corner of the "Gold Dollar Fraction" thence South 55° 30' E. for 300 ft. to the new South center end stake of the "Gold Dollar", thence for another 300 ft. on the same course to the present Southeast corner of the "Gold Dollar Fraction" Lakes cor. N° 2 M on L.? thence for about 129 ft. approximately N. 23° 50' E. on the present E. side line of the "Gold Dollar" back to the place of beginning.

Proof of Labor. "Blue Bucket"; "Hope" etal

Filed for record June 27; 1901. 8 A. M. C. W. James. Recorder.

State of Oregon, } ss.
County of Baker. }

I, George H. Lucke, being first duly sworn say, that between the first day of June, 1900, and the 25th day of June, 1901, I together with F. R. Rowle, and W. H. Buck and Joseph Wheatcroft, did the work upon the mining claim hereinafter described, as the annual assessment work for the year 1901, required by law to be done upon the following described quartz mining claims, towit: The "Blue Bucket" the "Hope", the Jane M., the O.S.K. and the "Ruck" quartz mining claims, all of said claims being situated in Baker County, State of Oregon, and about one mile West of the "Evening Star" mine on the road to the "Maiden's Dream" mine, all being in said Baker County, State of Oregon.

That the said mining claims above described together constitute a group of mining claims, known as the "Providence" group, and each of said claims lies parallel to the other, and the work hereinafter mentioned as being done upon the "Hope" mining claim, was done for the benefit of and for the purpose of prospecting and developing and opening up all of said mining claims.

That the work done on said mining claim is as follows: 1. 105 feet of tunnel driven by myself and the parties above named on the "Hope" mining claim in the direction of the Jane M.; "O.S.K." and "Ruck" mining claims; that said tunnel when finally completed will intersect the ledges upon all five of the mining claims above described; that the cost of said work was and is $ 600.00. That said work was done and performed by myself and said persons above named for Jane M. Lucke, who is the owner of said claims by location and conveyance to herself, and all of said claims were located during the year 1900, and about the month of June in the said year 1900, as will more fully appear by reference to the records of quartz mining locations of Baker County, State of Oregon.

That said work was done as the annual work for the year 1901.

George H. Lucke.

Notice of location of mining claim.

Notice is hereby given that we, M.V. Skingle, Leonard and Jas. O. Mundy citizens of the United States of America, have discovered a vein or lode of mineral bearing rock in place, upon which at the point of discovery, we have posted this notice, in accordance with the laws of the United States and of the State of Oregon, we hereby claim forty five hundred linear feet of said vein or lode, measured thereon as hereinafter set forth. The general course or strike of this vein or lode is North and South. We claim in length thereon thirty seven hundred and fifty feet South and seven hundred and fifty feet North from the point of discovery at which this notice is posted and two hundred and fifty feet on the West side and three hundred and fifty feet on the East side of said lode or vein. Said lode or vein is situated one and one half miles East of the Town of Huntington, Oregon in no organized mining district, in the County of Baker, State of Oregon, and said point of discovery at which the notice is posted is seven hundred and fifty feet South of the water edge of Burnt River, and we have defined the boundaries of said claim so that they can be readily traced. It shall be known as the "Skingle" lode and this claim shall be known as the "Skingle" lode claim. Said discovery was made June 12th, 1901. Said claim is bounded and described as follows:

Commencing at discovery stake at which this notice is posted thence South 3750 feet to the South West stake A, thence East 600 feet to the South East corner stake B, thence North 4500 feet to North East corner stake C, thence West 600 feet to North West corner stake D, and thence South 750 feet to place of beginning.

"Ethel"

Filed for record August 13. 1901. 8 A M. C. W. James. Recorder.

Amended quartz location.

Notice is hereby given that we, the undersigned citizens of the United States, have this 15th day of June, 1901, located and do claim 1500 linear feet on this lead, lode or vein, bearing mineral in place, by 600 feet in width, the same being 300 feet on each side of the center thereof, together with all the dips, spurs and angles and all other veins or lodes, the top or apex of which lies within said boundaries. This location is known as the "Ethel" lode or ledge and is situated on the East side of McCully fork of Powder River, about 4 3/4 miles West of the town of Sumpter on the Dixy Road which crosses the claim about 2 miles above where said road branches from the Sumpter and Granite road; is in no organized mining district, Baker County, State of Oregon, and is described as follows:

The course of this vein is about 25 degrees South of East and North of West. Commencing at discovery and running S. of E. 1200 feet to brass post marked East center end stake, and N. of West from discovery to West center end post. This claim was located September 8th, 1898, by the undersigned, and recorded in Book of quartz Vol. M. Page 130 on the 25th day of October, 1898, and has 250 feet of shaft and tunnel work on it. Amended this 15th day of June, 1901.

M. F. Blodgett, Geo. F. Dysinger. Locators.

"Fortune"

Filed for record August 13, 1901. 8 A. M. C. W. James. Recorder.

Notice is hereby given that we, the undersigned citizen of the United States, have on this 18th day of June, 1901, discovered and located a vein of mineral bearing rock in place carrying gold and silver, which vein we have named the "Fortune". That the course of this vein is North of West and South of East and that we claim twelve hundred (1200) ft. Northwesterly and three hundred (300) ft. S. Easterly of the discovery monument on which this notice is posted. And that we claim three hundred (300) ft in width on each side of the center of the vein. That said claim is located in no organized mining district, Baker County, Oregon, the discovery monument being placed three hundred feet North of West from East end line and is bounded and described as follows, to-wit:

Commencing at the discovery monument, thence running about 25 degrees North of West twelve hundred (1200) ft. to a post marked West center end stake, and Southeasterly from discovery three hundred (300) ft. to a post marked East center end stake. This claim is marked by hewn posts at each corner and in center of each end line and is situated about 4 3/4 mls. West of the town of Sumpter. North and near the Dixy road, about 2 mls.

above where it intersects the road leading from Sumpter to Granite. Dated June 18, 1901.

Notice of Location of quartz claim.

We, Henry Cable, johanna Cabell and Bessie Cabell, citizens of the United states, over the age of 21 years, hereby certify and give notice that there has heretofore been discovered within the limits of the claim, hereinafter described, a vein or lode of rock in place, bearing gold and other valuable minerals; That the name of said claim and lode is the "California" quartz Mining claim, and the name of the original locator thereof is Henry Cable; That said claim was originally located in 1877 and and amended location thereof made by us on the 21st day of August, 1901;

That there is claimed by virtue of such location fifteen hundred feet in a north easterly direction from point of discovery, where this notice is posted, and there is also claimed three hundred feet of surface ground on each side of said vein or lode; that the general course or strike of said vein is north 37 degrees and 15 minutes East, from the northerly center end post of the Winning Hand quartz mining claim;

That said claim as marked on the ground is bounded and described as follows: Commencing at post, from which the northeast corner of the Oregon quartz claim, bears south 9 degrees and 39 minutes West, one hundred and thirty and one-half feet distant; said Oregon claim being connected with the United states Mineral MOnument situated on the Herculean Patented quartz claim, in Cable Cove, Baker County, Oregon, running thence from said point of commencement, North 37 degrees and 15 minutes East, fifteen hundred feet to post; thence North 52 degrees and 45 minutes west, six hundred feet to post; thence South 37 degrees and 15 minutes West fifteen hundred feet to post; thence south 52 degrees and 45 minutes east six hundred feet to the place of beginning;

That said claim was originally located by Henry Cable and that johanna Cabell and Bessie Cabell have acquired an interest therein by purchase; that this is an amended location of said California quartz claim, made to more definitely define the boundaries thereof; Dated this 21st day of August, 1901.

County of Baker.) S.S.:

Before the undersigned, Notary Public in, and for said county, and State, personally appeared J.H. Eaton and P.J. Wells who, being by me duly sworn say, (each for himself and not one for another)- That he is a citizen of the U.S. and a resident of the State of Oregon; that more than Four hundred dollars worth of work and labor has been expended by us upon the "Money Maker", "Financier", "Yosemite", and "Grouse" Quartz claims, situate in Baker County, State of Oregon, (in no organized mining district) during the year 1901, and ending January 1st, 1902; said expenditures were made by us wholly upon the "Financier" Quartz claim for the benefit and advantage of all of said above named quartz claims, and for the purpose of grouping all of said mining claims in one group, and such expenditure was made, beyond at the expense of and by the Sumpter Gold Mining Company of Portland, Oregon, a corporation, existing under and by virtue of the Laws of the State of Oregon, which said corporation is the owner of all of said four quartz claims above described. That I have no interest therein, or in either or any of said Quartz claims. That said expenditures to the extent of over four hundred dollars was so made upon said claims as aforesaid during the year 1901, and for said year 1901, as required by law and for the benefit of said group of claims. That said claims are all adjoining each other, and are so grouped for convenience in working, and for the benefit of all of said properties.

J.H. Eaton,
P.J. Wells.

Subscribed and sworn to by J.H. Eaton and P.J. Wells, (each for himself), before me this 7th day of September, A.D., 1901.

Quartz Location.

Filed for record Sept. 10, 1901, at 1 P M.
L. W. James, Recorder.

Notice is hereby given, That I, a citizen of the United States, have this 15th day of May, 1901, discovered and located a vein of mineral bearing rock in place, carrying gold and silver, which vein I have named The "Decoration" Quartz Claim. That the course of this vein is easterly and westerly, and that I claim 1,500 ft. of the discovery monument on which this notice is posted, and that I claim 300 ft. on each side of the center of the vein. That said claim is located in no organized mining district, Baker County, Oregon, the discovery monument being placed 300 feet easterly from the N. center stake, on Deer Creek, and is bounded and described as follows, to-wit:

Commencing at the discovery monument, thence 1200 ft. E. to E. center stake No. 1; Thence N. 300 ft. to N.E. cor. stake No. 2; thence 1500 ft. westerly to N.W. cor. stake No. 3; thence, 300 ft. S. to W. center stake No. 4; thence 300 ft S. to S.W. cor. stake No. 5; thence, 1,500 ft. easterly to S.E. corner stake No. 6; thence No. 300 ft. to E. center stake No. 1; thence 1200 westerly to place of beginning.

Dated May 15, 1901. D. M. Shannon. Locator.

State of Oregon, } S.S.
County of Baker. }

I, D. M. Shannon, being first duly sworn, on oath depose and say, that I am original locator of the claim described in the within notice of location of the "Decoration" mining claim, and that said notice is a full, true and correct copy of the original notice of location posted on said claim. That I did, between the 15th day of May, 1901, and the 15th day of July, 1901, perform the discovery work required by the statutes of the State of Oregon, on said claim, by running a cut 4 ft. wide, 6 ft. deep and 10 ft. in length; and said work was done on said claim within sixty days from the date of location thereof, and there was thereby disclosed a lode or vein of mineral deposit in place.

"Horse Shoe"
Quarty Location

Filed for record Sept. 11, 1901, at 8 A.M. G.W. James. Recorder.

Notice is hereby given, That Christ Schneider, a citizen of the United States, has on this 25th day of June, 1901, discovered and located a vein of mineral bearing rock in place, bearing gold and silver, which vein I have named "Horse Shoe".

That the course of this vein is N. E. and S. W., and that I claim 600 feet N. to N. center stake; thence East 300 feet to N. E. corner stake; thence south 1500 feet to S. E. corner stake; thence West 300 feet to S. center stake; thence west 300 feet to south west corner stake; thence North 1500 feet to N. W. corner stake; thence east 300 feet to place of beginning. Said claim is located in Granite Mining District in Baker County, Oregon, and is about two miles east of Cornucopia, and is joined on the west by the "Schley" Quarty Claim.

Ch. Schneider. Locator

State of Oregon, } S.S.:
County of Baker. }

I, Christ. Schneider being first duly sworn, on oath depose and say, that I am a citizen of the United States and the locator of the claim described in the within notice of location of the "Horse Shoe" mining claim and that said notice is a full, true and correct copy of the original notice of location posted on said claim.

That I did between the 25th day of July, 1901, and the 10th day of August, 1901, perform the discovery work required by the statutes of the State of Oregon on said claim, by running an open cut of 15 feet on the ledge in said cut and on said claim; and said work was done on said claim within sixty days from the date of location thereof, and there was thereby disclosed a lode or vein of mineral deposit in place.

Ch. Schneider.

County of Baker. }

I, W. H. Reeves, after being first duly sworn, depose and say, that I am the identical person who made location of Quartz Mining Claim known as "Monday Morning" Quartz Mining Claim, on July 29, 1901; that I marked on the ground the end center line by stakes at each end and all four corners. All stakes are over 4 feet in height set in ground and mound of rocks. I also posted a notice at point of location of which the above is a true and correct copy. That I have made a cut, tunnel or shaft, 25 feet in, and over 12 feet face; that this cut, tunnel or shaft is 5 feet wide and this discovery was made at that point.

W. H. Reeves.

Subscribed and sworn to before me this 24 day of ~~July~~ August, 1901.

Notarial Seal.

Walter M. Pierce,
Notary Public for Oregon.

Proof of Assessment Work performed.

Filed for record Sept. 16. 1901 at 8 a.m. B. W. James, Recorder.

State of Oregon, } S.S:
County of Baker. }

F. Flora Will and B. H. Will, of Sumpter, County and State aforesaid, each being first duly sworn, say (each for herself). That I am one of the co-owners of the quarty claims known and recorded as the "Flora", "Hardman", "Snowstorm" and "B. H. Will", owned by Mamie Hardman, Flora Will, B. W. Krumph and B. H. Will, said claims being situated on what is known as Camp Creek about two miles easterly from the Bonanza mine at Sumpter, and in Baker County State of Oregon. That said co-owners are each and all equally interested in each and all of said four quarty claims; that said claims compose an entire group. That there has been expended over eight hundred dollars worth of labor and improvements upon said claims. The "Hardman", "Flora", "Snow Storm" and "B. H. Will, in County and State aforesaid; which said labor was performed and said improvements made upon said claims during and for the year 1900, by said co-owners and these affiants, and at the expense of said Flora Will, Mamie Hardman, B. W. Krumph and B. H. Will, owners in common of all of said above described claims for the purpose of holding and grouping said claims and working them in common by mutual agreement. That over four hundred dollars worth of said expenditures and improvements were so made by mutual agreement by and with all of said co-owners and these affiants upon the said "Hardman" and "Snowstorm" quarty claims for the benefit of all of said four claims or group and said co-owners. That over four hundred dollars was so expended upon said "Hardman" and "Snow Storm" claims by said co-owners during the year 1900, under and pursuant to said mutual agreement by and between the co-owners. That all four of said claims were owned and held as common property of all of said owners equally, and should be so grouped and worked or improved for the mutual benefit of all of said owners and their said claims and said "Hardman" and "Snow Storm" quarty claims were selected and agreed upon by all of said several co-owners in common as the most suitable and advantageous for said expenditures and development as aforesaid, each co-owner owning an undivided one-fourth interest in each and all of said four quarty claims

Flora Will, B. H. Will.

Subscribed and sworn to by Flora Will and B. H. Will, before the undersigned, Notary Public, this 14 day of September, A. D. 1901.

Umatilla County. }

I, James A. Howard, after being first duly sworn, do depose and say, that I am locator of "Dandy" Quartz claim; that I posted a notice of location at the discovery point on said claim; that a copy of said notice is made a part of this affidavit.

That I excavated a tunnel or cross-cut on the lode at a depth of more than ten feet and more than four feet wide and more than ten feet in length along the lode from the point where the same was discovered; that all of the corners were marked on the ground by stakes set in ground and mound of rocks, over four feet in length and all correctly marked; that the two center end stakes were correctly set and marked on the ground on said claim.

That all of the work has been done, marking and staking of the claim prior to this date.

James A. Howard.

Subscribed and sworn to before me this 23rd day of Sept., 1901.

Notarial Seal attached.

Walter M. Pierce, Notary Public for Oregon.

Notice is hereby given that the undersigned, a citizen of the United States over the age of twenty-one years, has this day, under and in accordance with the laws of the United States and of the State of Oregon, located and does claim 1500 ft. of this lead, lode and vein, the course and strike of which is north westerly and south easterly, of mineral bearing rock in place, with surface ground 300 feet on each side of said lead, lode and vein, extending 100 feet southerly to the center end stake and 1400 feet northerly to center end stake from this notice at the discovery or prospect shaft, which is about 100 feet from the west line of the Saturn Quartz Mining Claim, and about 500 feet northerly from Gimlet Creek at its nearest point, the boundaries thereof being distinctly marked on the ground with reference to natural objects and permanent monuments and more particularly described as follows, to-wit:

Beginning at southeast corner post, about 100 feet northerly from the south-west corner of the Saturn patented quartz mining claim, running thence 1500 feet northerly to the ~~to the~~ north east corner stake; thence westerly 300 feet to the north center end stake; thence 300 feet westerly to the north west center end stake; thence southerly 1500 feet to the south west corner stake; thence easterly 300 feet to the south center end stake; thence easterly 300 feet to the place of beginning, situated on the head waters of Gimlet Creek in Baker County, Oregon.

The name of this claim shall be the "Sandusky" Quartz Mining Claim, and is a relocation and amended location of the "Monarch" Quartz Claim. And I intend to hold and work the same according to law.

Dated on the ground this 24th day of August, 1901.

W. S. Myers & J. A. Lynch - Locator.

State of Oregon, } S.S.:
County of Baker }

I, W. S. Myers, being first duly sworn, say: That I am one of the locators of the within mentioned "Sandusky" Quartz Claim; that subsequent to posting the Notice of Location thereon, and prior to the date hereof, I did and caused to be done on the lead, lode and vein of mineral bearing rock in place within said claim a tunnel which cut the lode and vein at a depth of at least eighteen feet, and did show, by such work, a lead, lode and vein of mineral bearing rock in place, as required by the laws of the State of Oregon.

Dated this 1st day of Aug. 1901. W. S. Myers.

Subscribed and sworn to before me this 1st day of Aug., 1901. Notarial Seal attached.

W. W. Felix, Notary Public for Oregon.

"Silver Queen".

Filed for record. Oct. 2, 1901, at 4, P.M. G.W. James, Recorder.

Notice is hereby given that the undersigned, having complied with the requirements of Chapter Six of Title Thirty-two of the Revised Statutes of the United States, and the local customs, laws and regulations, have located 1500 linear feet on the Silver Queen lode, situated in No mining district, Baker County, State of Oregon, and described as follows:-

Commencing at this notice and running 750 feet in a westerly direction to west center end stake, and 750 feet in an easterly direction to east center end stake, with 600 feet of surface ground, 300 on each side of center line, situated on west Alder Creek one mile from summit and joins the Milwaukee mine on the east.

Witness: G. W. Adams. John Howard. Locator.

"Gloria Mundi No. 6".

Filed for record. Oct. 3, 1901. at 8 a.m. C.W. James. Recorder.

Notice of Quartz Mining location, made on this lode or vein, named Gloria Mundi No. 6. by George A. Chapman, a citizen of the United States, who, having complied with the requirements of the revised statutes of the United States and local law customs and regulations, did discover and locate on the 5th day of September, 1901, 1500 linear feet along said lode or vein of mineral bearing rock in place of gold and silver, by 300 feet in width on each side of the center of said lode or vein, together with all dips, angles and spurs and all lodes or veins having a top or apex within there lines. The location boundaries are described as commencing at the west center end and discovery stake and running 1500 feet in an easterly direction along the vein to the east center end line and stake, The general trend or course of said vein being easterly and westerly. The exterior boundaries are described as commencing at the west center end stake and run 300 feet northerly to N. W. corner stake; thence 1500 feet easterly in line parallel with center of vein to N. E. corner stake; thence 300 feet southerly to east center end stake; thence 300 feet southerly to S. E. corner stake; thence 1500 feet westerly in line parallel with center of vein to S. W. corner stake; thence 300 feet northerly to west center end stake and place of beginning. Said location being in Sparta mining district, Baker County, State of Oregon, and particularly described as being on the ridge lying south of Rattlesnake gulch and running parallel with it and southerly from the sheep camp and joining the Gloria Mundi No. 5 on the west end line of the same, said Sheep Camp being situated at the road crossing said gulch, leading to Eagle Creek and Forshay's ranch, Lilke White and timber.

Located Sept. 5th, 1901. Geo. A. Chapman.

"Gloria Mundi. No.7."

Filed for record, Oct. 3, 1901, at 8, a.m. G.W. James, Recorder.

Notice of quartz mining location, made on this lode or vein, named the Gloria Mundi No.7, by William H. Libbey, a citizen of the United States, who, having complied with the requirements of the Revised Statutes of the United States and local law, customs and regulations, did discover and locate of the 5th day of September, 1901, 1500 linear feet along said lode or vein of mineral bearing rock in place of gold and silver, by 300 feet in width on each side of the center of said lode or vein, together with all dips, angles and spurs and all lodes or veins having a top or apex within these lines. The location boundaries are described as commencing at the east center end and discovery stake and running 1500 feet in a westerly direction along the vein to the west center end line and stake, the general trend or course of said vein being easterly and westerly. The exterior boundaries are described as commencing at the west center end stake and run 300 feet northerly to N.W. corner stake; thence 1500 ft. easterly in line parallel with center of vein to N.E. corner stake; thence 300 feet southerly to east center end stake; thence 300 feet southerly to S.E. corner stake; thence 1500 ft. westerly in line parallel with center of vein to S.W. corner stake: thence 300 feet northerly to west center end stake and place of beginning. Said location being in Sparta Mining District, Baker County, State of Oregon, and particularly described as being on the south slope of the hill lying south of Rattlesnake Gulch and running parallel with the same, and south of and joining the south side lines of the Gloria Mundi No.6, and south from the Sheep camp on Rattle Snake Gulch, which is situated at the road crossing of the said gulch leading to Eagle Creek and Forshay's ranch and, also, east from lower end of Saw Mill Gulch.

Located September 5th, 1901.

William H. Libbey.

Gloria Mundi. No. 8.

Filed for record, Oct. 3, 1901, at 8, a.m. C.W. James, Recorder.

Notice of Quartz Mining location, made on this lode or vein, named The Gloria Mundi No. 8, by George A. Chapman, a citizen of the United States, who, having complied with the requirements of the Revised Statutes of the United States and local law, customs and regulations, did discover and locate on the 5th day of September, 1901, 1500 linear feet along said lode or vein of mineral bearing rock in place of Gold and Silver, by 300 feet in width on each side of the center of said lode or vein, together with all dips, angles, and spurs and all lodes or veins having a top or apex within these lines.

The location boundaries are described as commencing at the discovery stake and West center end running 1500 feet in an easterly direction along the vein to the east center end line and stake, the general trend or course of said vein being easterly and westerly. The exterior boundaries are described as commencing at the West center end stake and run 300 feet northerly to N.W. corner stake; thence 1500 feet easterly in line parallel with the center of vein to N.E. corner stake; thence 300 feet southerly to east center end stake; thence 300 feet southerly to S.E. corner stake; thence 1500 feet westerly in line parallel with center of vein to S.W. corner stake; thence 300 feet northerly to west center end stake and place of beginning. Said location being in Sparta Mining District, Baker County, State of Oregon, and particularly described as being on the south slope of hill lying south of and running parallel with Rattlesnake Gulch, and the north side lines joining the south side lines of the Gloria Mundi No. 5, and the west center end line joining the east center line of the Gloria Mundi No. 7, and between the two roads leading to Eagle Creek, Lillie White, and the Timber and Forshay's ranch; also, east from lower end of Saw Mill Gulch.

Located September 5th, 1901. George A. Chapman.

"Wake up Jim."

Filed for record October 14, 1901. 8 A.M. C.W. James, Recorder.

Amended quartz location.

Notice is hereby given that we, F. Rizz and J.A. McCullough, citizens of the United States, have on the 29th day of April, 1901, discovered and located a vein of mineral bearing rock in place, carrying gold, silver and other metals, which vein we have named the "Wake up Jim". That the course of this vein is S.E. by N.W. and that we claim 300 feet West and 1200 feet East from the discovery monument on which this notice is posted, and that we claim 300 feet on each side of the center of the vein. That said claim is located in no organized mining district, Baker County, Oregon. The discovery monument being placed 300 feet N.E. from the West end center post and is bounded and described as follows, to-wit: Commencing at the discovery monument, thence 300 feet S.W. to the West end center post, thence N. 300 feet to N.W. corner post, thence E. 1500 feet to the N.E. corner post, thence S. 300 feet to the E. center post, thence S. 300 feet to the S.E. corner post, thence West 1500 feet to the S.W. corner post, thence N. 300 feet to the West end center post, said claim being about 2 miles in an Easterly direction from the Baume P.O. and near the head of Little Cracker Creek. This notice is an amended notice to cover defects of the location notice recorded M.R. in Vol. R, at Page 143 in Baker County, Ore. Dated Sumpter, Aug. 26, 1901.

F. Rizz. Locator.

"Hidden Treasure".

Filed for record Oct. 18, 1901, at 1 P.M. G.W. James, Recorder.

Amended Quartz Location Notice.

This is to certify that the undersigned has discovered a vein of mineral bearing rock in place and has located 1500 ft. along this lode or vein by 300 feet on each side of the center line, the name of which is the "Hidden Treasure", and is situated in the "Buckeye" Mining District, Baker County, State of Oregon, about 3/4 of a mile southerly from the Buckeye mine, 1/2 mile southeasterly from "Farley Hill", and joins the southerly end line of the "Big Bug" and the west side line of the "Mountain View" claim, and extends 250 feet north westerly and 1250 ft. southeasterly from this discovery shaft and notice. The boundaries are described as follows:

Commencing at this discovery and running 250 ft. northwesterly to north-westerly end center stake; thence 300 feet westerly to north west corner stake and rock mound; thence 1500 feet south easterly to south west corner stake; thence 300 feet easterly to south easterly end center stake; thence 300 feet easterly to south east corner stake; thence 1500 feet north westerly to north east corner stake; thence 300 ft. westerly to north westerly end center stake; thence to starting point.

The above amendment has been made for the purpose of taking in a fraction left by the relocation of an abandoned claim, and adds 250 feet in length by 300 feet on each side of a center line to the former "Hidden Treasure", which was located Dec. 31st, 1900, by myself, and is on record in Baker City, Oregon.

This Amended Location Notice does not in any way invalidate the rights of the former location.

I am a citizen of the United States and over the age of 21 years. All the end centers and corners are also represented by rock mounds.

Amended this 15th day of September, 1901.

"The California Fraction."

Quartz Location.

Filed for record. Oct. 19, 1901, at 8 a.m. C.W. James, Recorder.

Notice is hereby given, That E. F. Warner of Sumpter, Oregon, a citizen of the United States, have on this 30th day of July, 1901, discovered and located a vein of mineral bearing rock in place, carrying gold and silver, which vein I have named "The California Fraction". That the course of this vein is northeast and southwest and that I claim 1400 feet northeasterly and 100 feet southwesterly from this location notice of the discovery monument on which this notice is posted, and that I claim 300 feet on each side of the center of the vein. That said claim is located in unorganized mining district, Baker County, Oregon, the discovery monument being placed 300 feet from the blacksmith tunnel of the California Mine and is bounded and described as follows, to-wit:

Commencing at the discovery monument, thence 1400 feet in a northeasterly direction to north center end stake, and two corner posts situated 300 feet from each side of this stake, which are the two north corner corner posts, and running ~~3 00~~ feet in a south westerly direction from the location notice to southerly center end stake, and two corner posts situated 300 feet on each side of this end stake, which are the corner posts.

Dated July 30th, 1901. E. F. Warner, Locator.

Henry Cable, Witness.

State of Oregon, } S.S.
County of Baker. }

I. D. L. Killen, being first duly sworn, on oath depose and say, that I am the duly authorized agent of E. F. Warner the locator of the claim described in the within notice of location of The California Fraction Mining Claim, and that said notice is a full, true and correct copy of the original notice of location posted on said claim. That I did, between the 30 day of July, 1901, and the 20th day of Sept., 1901, perform part of the discovery work required by the statutes of the State of Oregon, on said claim, and have knowledge of the facts in regard to such work. That said work consisted in running an open cut along the lode from the point of discovery which cut was at least 6 feet deep, four feet wide and 10 feet long, and said work was done on said claim within sixty days from the date of location thereof, and there was thereby disclosed a lode or vein of mineral deposit in place.

D. L. Killen.

"Apex Fraction."
Amended Location Notice.

Filed for record, Oct. 19, 1901. at 1 P.M. G.W. James, Recorder.

Notice is hereby given that I, the undersigned, being qualified and having complied with all the laws pertaining to quartz mining claims, have this day posted this Amended Location Notice on the Apex Fraction and claim by right of discovery, location and possession 1500 linear feet in length by 600 feet in width, being 300 feet on each side of the center along this ledge of mineral bearing rock in place, with all dips, spurs and angles and all mineral inside my boundaries, as follows:

Commencing at the mouth of this tunnel, which is 900 feet S.W. of the original location stake, I claim 100 feet S.W. and 1400 feet N.E. with 300 feet on each side. All the corners and each end center of the claim are marked with stakes.

This Amended Location is made in conformity with the original location which was made on the 19th day of June, 1899, and recorded the 11th day of July, 1899, in Book "G" on page 428, Mining Records, Union, Oregon, and is made to appropriate vacant ground on the S.E. corner, which will make this a full claim and to more particular describe the location of the claim, it being situated in Baker County, Oregon, and the N.E. end is 1500 feet S.E. from the mouth of No. 1 tunnel in the Iron Dyke mine and is on the east slopes of Iron Dyke Mountain in the first saddle below the Basalt and is about 1/2 mile west of Snake river at F.E. Pearce's house. The original location notice is 500 feet S.W. from the N.E. center end stake, and this amended location is 1400 feet from said N.E. center end stake, and the claim joins the Crown Point on the east and the Lookout on the west side.

This Amended Location is made to appropriate all ground within the boundaries hereinbefore described and to correct any errors and to supply any defects which may have existed in the original location or the record thereof, hereby waiving no rights acquired under and by virtue of said original location discovery and possession of said claim. Posted this the 27th day of Sept. 1901. Date of Original location, June 19th, 1899.

This will still be known as the Apex Fraction.

Witness: E.E. Leggett. W.R. Follis, Locator.

State of Oregon, } S.S.:
County of Baker. }

I, W.R. Follis, do solemnly swear that I am a citizen of the United States of America, and that I am acquainted with the mining ground described in the "Amended" location notice and herewith called the "Apex Fraction" claim, and that the ground and claim therein described, or any part thereof, has not to the best of my knowledge and belief been located according to

the laws of the U. S. and of this State, save as mentioned in the within notice; or if so located, the same has been forfeited by reason of the failure of such former locators to comply in respect thereto with the requirements of said laws. That I am the original locator of said claim, and that I have opened up new ground to the extent or depth of ten feet or more, as required by the laws of Oregon.

"Mastodon."

Filed for record. Oct. 19, 1901, at 4 P.M. C.W. James. Recorder.

Notice is herby given that I, the undersigned, citizen of the United States, conforming to the mining laws thereof, and of the State of Oregon and the local rules, regulations and customs of miners, have located and do hereby locate 1500 linear feet on the Mastodon lode or claim bearing mineral in place, by 600 feet in width, the same being 300 feet on each side of the center thereof. Said claim is situated in "Uncle Dan" Mining District, Baker County, State of Oregon, and further described as follows:

Commencing at a post marked N.W.Cor. Compensator, at the N.E. corner, from thence 300 feet in a southerly direction to a center end post marked east center; thence 300 feet in a southerly direction to a corner post marked S.E. Cor.; thence 1500 feet in a westerly direction to a corner post marked S.W. Cor.; thence 300 feet in a northerly direction to a center end post marked West center; thence 300 feet in a northerly direction to a corner post marked N.W. Cor.; thence 1500 easterly feet to place of beginning. The course of this vein is easterly and westerly. The claim is further described as follows:- Being 550 feet easterly from discovery shaft to east end, which is the west end of the "Compensator" Quartz Claim. Being on Quartz gulch about ½ mile below the "Uncle Dan".

And I intend to hold and work said claim in accordance with the local customs and rules of miners and the mining laws of the United States and of the State of Oregon.

"Chiquita".

Filed for record. Oct. 19, 1901, at 4 P. M. C. W. James. Recorder.

Notice is hereby given. That I. the undersigned, citizen of the United States, conforming to the Mining Laws thereof, and of the State of —— and the local rules, regulations and customs of miners, have located and do hereby locate 1500 linear feet on the Chiquita lode or claim bearing mineral in place by 600 feet in width, the same being 300 feet on each side of the center thereof. Said claim is situated in "Uncle Dan" Mining District, Baker County, State of Oregon, and further described as follows:

Commencing at a post marked S. E. cor. at the S. E. corner; from thence 300 feet in a northerly direction to a center end post marked east center; thence 300 feet in a northerly direction to a corner post marked N. E. cor.; thence 1500 feet in a westerly direction to a corner post marked N. W. cor.; thence 300 feet in a southerly direction to a center end post marked West center; ~~thence 300 feet in a southerly direction to center post marked West center~~; thence 300 feet in a southerly direction to a corner post marked S. W. cor.; thence 1500 easterly feet to place of beginning. The course of the vein is easterly and westerly. The claim is further described as follows:-

East center post being about 5-2 feet south of the west center end of Jupiter Quartz claim, and extends 1500 feet westerly; being in Quartz Gulch, and about 275 feet west of a lone Juniper tree.

And I intend to hold and work said claim in accordance with the local customs and rules of miners and the mining laws of the United States and of the State of Oregon.

Dated on the ground the — day of Aug. 21, 1901.

Discovered, Aug. 21, 1901. H. E. Sawdon. Locator.

State of Oregon } S. S.
County of Baker. }

I. H. E. Sawdon, being first duly sworn, depose and say that an open cut ten feet long, six feet deep and four feet wide has been heretofore run or sunk on the within named "Chiquita" Quartz Mining claim, as required by law.

Dated this 19th day of October, 1901.

H. E. Sawdon.

Subscribed and sworn to before me this 19th day of Oct., 1901.

"Portland."

Filed for record, Oct. 19, 1901, at 4 P.M. C.W. James, Recorder.

Notice is hereby given. To all whom it may concern. That I, the undersigned, citizen of the United States, over the age of twenty-one years, having discovered a vein or lode of quartz, or rock in place, bearing gold within the limits of the claim hereby located, and have this day, under and in accordance with the revised statutes of the United States, Chapter Six, Title Thirty-two, located 1500 linear feet of this vein or lode, with surface ground 600 feet in width situated in "Uncle Dan" Mining District, County of Baker, State of Oregon, and known as the "Portland" Quartz Mining Claim extending 200 feet westerly to west end and 1300 feet easterly to east end from this notice at the discovery or prospect shaft, which is 200 feet ~~from west~~ end line, the exterior boundaries of this claim being distinctly marked by reference to some natural object or permanent monument, and more particularly described as follows, to-wit:-

Beginning at N.W. corner; thence 1500 feet easterly to N.E. corner; thence 600 southerly to S.E. corner, on to the north line of the "Laura" Quartz Claim; thence 1500 feet easterly to S.W. cor.; thence 600 feet northerly to place of beginning. Being north of and joining the "Laura", but being about 100 feet farther west.

And I intend to work and hold said claim as provided by local customs and rules of miners and mining statutes of the United States.

Dated on the ground 28 day of Aug. 1901.- H.E. Saudon, Locator.

Recorded — 1901.

State of Oregon, }
County of Baker, } S.S.:

I, H.E. Saudon, do solemnly swear,- That I am a citizen of the United States of America. That I am acquainted with the quartz claim described in the within notice of location called the "Portland" Quartz Claim. That the locator of said claim has prior to the date of this affidavit and since the date of posting of the location notice thereon, sunk a shaft ten feet in depth from the lowest part of the collar thereof.

H. E. Saudon.

Recorder

This is to certify that the undersigned has discovered a vein of mineral bearing rock in place, and has located 1500 ft along this lode by 300 ft on each side of a center line. The name of this claim is the "Saratoga" and is situated in Baker County, Oregon, in the Buckeye mining district, one mile southerly from the Buckeye mine and joins the southerly end line of the "Hidden Treasure" claim. The boundaries are as follows. Commencing at this discovery and running 250 ft northerly to northwesterly end center stake. Thence 300 ft easterly to northeast corner stake, Thence 1500 ft southeasterly to southeast corner stake; Thence 300 ft westerly to southeasterly end center stake; Thence 300 ft westerly to south west corner stake; Thence 1500 ft northwesterly to northwest corner stake; Thence 300 ft easterly to northwesterly end center stake; thence to starting point. This claim lies 250 ft nwesterly and 1250 ft southeasterly from discovery.

Located September 17.1901. Geo. T. Simpson, Locator.

This is to certify that I Geo. T. Simpson, the locator do swear that I have dug a hole ten ft long six ft deep and four ft wide along the lode at the discovery since locating the same and within the sixty day required by law on this the Saratoga claim.

I J. H. McCallum, being first duly sworn, say: That between the 1st day of ~~January~~, 1901, and the 8th day November, 1901, I did the annual assessment work required to be done for the year 1901, by the laws of the United States and of the State of Oregon, upon the five quarty mining claims hereinafter described, and that I did not less than One Hundred dollars worth of work on each of said claims between said dates. That the work so done and performed by me is as follows:: On the May Day No 1. quarty mining claim, I continued the present tunnel thereon, and extended said tunnel fifteen feet; that the value of said work was ten dollars per foot or One Hundred and forty dollars. On the Moonlight quarty mining claim I ran an open cut which is not less than 20 feet in length, 6 feet wide and has an average depth of six feet; That the value of said work is not less than one hundred dollors; On the Bugaboo quarty mining claim I ran an open cut 8 feet in length and continued the same by tunnel to the further length of nine feet. That said tunnel and open cut each have an average width of five feet; that said open cut has a average depth of five feet; that said tunnel has a brighth of not less than six feet; that the value of said work is not less than one hundred dollars. On the New Hopes quarty mining claims. I ran an open cut not less than ten feet in length, with an average depth of five feet and an average width of five feet; and also ran a tunnel on said claims beyond said open cut twelve feet; that the value of said work is not less than one hundred dollars. On the Fair Hopes quarty mining claim I ran an open cut twenty feet in length, seven feet deep and six feet in width. That the value of said work is not less than one hundred dollars.

That all of the above described mining claims are in the Deer Creek (unorganized) mining district, and all of said work was done and performed on said claims for the benefit of the owners of said claims, to-wit: The original locators of said claims and their successors in interest, as shown by copies of location notices and deeds in the Office of the Recorder of Conveyances for Baker County, Oregon. That said claims are all in Baker County, Oregon. That the location notice of said New Hopes claim is recorded at page 197 of Volume A of the public records of Quarty Locations Notices of said Baker County, Oregon. That the location notice of said Bogaboo claim is recorded at page 199 of said volume of said records. That the location notice of said Moonlight claim is recorded at page 624 of Volume B of said

records. That the location notice of said Fair Hopes claim is recorded at page 196. of said records. That the location notice of said May Day No 1 quarty mining claim is recorded at page -- of Volume --- of said records. J. H. MacCallum

Proof of Labor on The Man of War quartz mining claims, The Rockefellow quartz mining claims and The New Era quartz mining claim.

State of Oregon } ss
County of Baker }

I, D.E. Keasey being first duly sworn say: I am a citizen of the United States and am well acquainted with The Man of War quartz mining claim, The Rockefellow quartz mining claim and The New Era quartz mining claim, all situated on the Southeast slope of the Grunhorn mountain, in Baker County, State of Oregon, and all being in Section 16, Tp. 10 South of Range 35 east Willamette Meridian. That during the year 1901, at the request of the Rockefeller Mining Company, a corporation, organized under the laws of the State of Oregon. The upper tunnel upon The Man of War claim was extended a distance of 20 feet, and two drifts of 20 and 26 feet feet each, have been run on said Man of War claim, and the lower tunnel has been extended 40 feet during this year, and the work is still continued under contract for 200 feet more; said work is of the value of $7.00 per foot, and the total value of said work amounts to more than $2,000.00 for 1901. That said work was performed at the request of and for the owners of said mine The Rockefellow Mining Company.

That said New Era claim is owned by the said Rockfellow Mining Company and that during the year 1901. 30 feet of tunnelling has been done thereon of the value of $12.00 per foot.

That during the year 1901, 12 feet of shaft of the dimensions of 4 feet by six feet was sunk on the said Rockefellow quartz claim; That said sinking was worth $10.00 per foot. That said Rockefellow and New Era claims are contiguous and are grouped, that the work done on one of same is for the development by tunnel of the other.

That more that $100.00 worth and labor has been performed on each of the above named claims by the Rockefellow Mining Company, a corporation, the owners of the same during the year 1901. D.E. Keasey

Quarty Location

Filed for Record Dec 28. 1901 8. a m C W James Recorder

Notice is hereby given, That Walter R Allen and Anthony Mohr, citizens of the United States, have on this 18th day of Dcember 1901, discovered and located a vein of mineral bearing rock in place, carrying gold, silver or other metals, which vein we have named The Kimberly No 1; That the course of this vein is north easterly and south westerly and that we claim 1150 feet northerly and 300 feet westerly of the discovery monument on which this notice is posted, and that... claim 300 on each side of the center of the vein. That said claim is located in no organized mining district, Baker County, Oregon, the discovery monument being placed 350 feet north easterly from the west center end stake and is bounded and described as follows, to-wit:

Commencing at the discovery monument, thence 1150 feet northeasterly to the N. E. center end stake, and thence 300 feet to the N.E. corner stake; thence 1500 feet to N.W. corner stake; thence 300 feet to W. center end; thence 300 feet to south w. corner stake; thence 1500 to the southeast corner stake; thence 300 feet to the N center end and thence 1150 feet to this notice and discovery shaft. The claim is situated about 5 miles East of Sumpter in the Deer Creek district.

Dated 21st day of Dec. 1901. Walter R. Allen, Locator.

State of Oregon } ss
County of Baker }

I, Walter R Allen, being first duly sworn say: That I am a citizen of the United States, and one of the locators of the within named Kimberly No 1 Quarty Mining Claim; that subsequent to the date of posting the notice of location on the lead, lode, and vein of mineral bearing rock in place, and prior to the date hereof, the locators of said claim, did and caused to be done on said claim and on the said lead, lode and vein of mineral bearing rock in place, a shaft to be sunk to the depth of at least 10 feet from the lowest part of the rim and did show by said work a lead, lode and vein of mineral bearing rock in place, carrying gold, and other precious metals in paying quantities, as required by the laws of the State of Oregon.

Quartz Mining Location Notice

Filed for Record Dec 30. 1901 8. a.m. C W James Recorder

Notice is hereby given, That I the undersigned citizen of the United States of America, conforming to the mining laws thereof and of the State of Idaho, and the local rules, regulations and customs of miners have this 26 day of December. 1901, located and do claim 15 hundred linear feet on this lead, lode or vein bearing mineral in place, by 6 hundred feet in width, the same being 3 hundred feet on each side of the center thereof, together with all dips, spurs and angles, all all other veins or lodes, the top or apex of which lie within said boundaries. This location is named the "Wilderness" lode or mine, and is situated in no mining district, Baker County, Oregon and is bounded and described as follows; Commencing at this stake and notice and running thence 100 feet in a southern direction to the north center end stake of the "Dwarf"; thence 300 feet west to S.W. corner; thence 1500 ft north to north W. corner stake; thence 300 ft east to north center end stake; thence 300 ft east to N. E. corner; thence 1500 south to S.E. corner; thence 300 ft west to north center end of the "Dwarf." This claim is a relocation of the "Payalluf," which became vacant by having no location work performed within 90 days from date of location as required the mining laws of Oregon.

Discovered on the 26 day of Dec A. D. 1901.

"Golden Depths"
Amended Quarty Location.

Filed for Record Dec 30. 1901 1 P M C W James Recorder

This is to certify that the undersigned has discovered a vein of mineral bearing rock in place and has located 1500 ft along this lode by 600 ft in width, the name of which is the "Golden Depths" and is situated in the Buckeye Mining District, Baker County, Oregon, and joins the South end line of the Crocker Jack and the West side of the Ironside claims. The boundries of this claim is as follows: Commencing at this discovery running Westerly 475 ft. Thence 300 ft northerly to N West corner stake; Thence 1500 ft easterly to Northeast corner stake Thence 300 ft Southerly to Easterly End cuntre; Thence 300 ft southerly to Southeast corner stake; Thence 1500 westerly to southwest corner stake; thence 300 fet Northerly to Westerly end cuntre stake; Thence to starting point. This claim was amended for the purpose of taking in a fraction of vacant ground joining its westerly end and extends 325 ft further westerly and lies nearer easterly and westerly than the original claim located by me March 15th, 1900. Two of the stakes of this claim as it stands amended are placed on the "Volunteer" claim for the purpose of making the both end lines of the Golden Depths parallel. I do not claim any right to any ground belonging to the Volunteer claim. This amended claim does not invalidate the rights of the original location of March 15th. 1900.

Amended this 15 day of September in the year 1901

Tunnel Site Location.

Filed for Record Dec 31st 1901 10 a.m. C W James Recorder

Know all men by these presents that J. E. Griffith of the County of Carroll, and State of Iowa, has on this the 26 day of September, 1899, located a tunnel site through the Mountain Slope, into the Crown Point claim and Iowa claim. This tunnel site is located for the purpose of cutting the lodes, veins and mineral deposits in the Mountain Slope, Crown Point and Iowa claims. Said tunnel and claim is situated in Cable Cove at the head of Silver Creek in the County of Baker and State of Oregon, and the said bounds of said tunnel are staked at the surface of said tunnel at the place of commencement, and for a further and fuller discription of said claims, reference is hereby made to the county records of Baker County, Oregon.

I, Charles S. Warren, Jr being first duly sworn ~~deposed~~ say: That I, together with one Frank Martin performed the annual assessment work required to be done by the laws of the United States and of the State of Oregon, for the year 1901, upon the "Prize" quarty mining claim, situated in the Crooks Creek (unorganized) mining district, in the County of Baker and State of Oregon, said claim being owned by Isaac Williamson, W.K. Norgall and - - - Homes. That said work was so done by me and the said Martin consisted of tunnel work and timbering of the same. We ran a tunnel in on said quarty claim towards the ledge on the same a total distance of thirty feet and put in two sets of timbers; that said tunnel was six feet and four inches high in the clear and four feet wide in the clear; that the value of said work is more than one hundred dollars. That said work was so performed by us between the 10th day of December, 1901, and the 26th day of December, 1901, and was done at the request of and for the benefit of Isaac Williamson, one of the owners of said claim and that the said Isaac Williamson has paid us for said work.

Notice of Location of Quartz Claim

Filed for Record Jan 8 1902 8. am
C W James Recorder

Notice is hereby given, that the undersigned having complied with the requirements of Chapter Six of Title Thirty-two of the Revised Statutes of the United States has this day located 1500 linear feet of this lode containing "mineral" with surface ground 600 feet in width situated in Riverdale unorganized mining district, Baker County, Oregon, and known as the "Daisy" quartz lode, and more fully described as follows: Commencing at this location notice on, cut on, lode, and running 300 feet southerly to S. 6 E. stake; thence 300 feet westerly to S. W. 6. stake; thence 1500 feet northerly to N.W.6. stake, thence easterly 300 feet to N. 6 E. stake, thence on easterly 300 feet to N. E 6. stake; thence southerly 1500 feet to S.E.6. stake, thence westerly 300 feet to S. 6 E stake. We claim 300 feet southerly and 1200 feet northerly along this lode from this location notice on cut, on lode, and surface ground 300 feet in width, each side of center of lode. This location notice on cut on lode is about 1000 feet southwesterly, up the gulch from my house in Spring Gulch on Riverdale mountain. The northwesterly side line of this Daisy claim joins onto the southeasterly side line of the Copper Hill claim. Oct 27. 1901

"Jack Snipe" Group

Proof of Labor

Filed for Record
Jan. 13. 1902
10. a.m.
C W James
Recorder

This Certifies that Brig. Ballantyne have complied with the requirments of the law representing the "Jack Snipe" group of claims for the year 1901, which consists of the "Jack Snipe" recorded on page 408 Vol. "I". Baker Co, Quarty Records. The "War Eagle" adjoining the north end, <and being an extension of the "Jack Snipe"> recorded on page 223, Val. "M" quartz; also the "North Star" <being an extension of the "Oregon" and "Cracker" claims north of Bourne, Ore,> recorded page 286, Val. L., Baker Co Quarty Records.

War Eagle and extension on the north end of the Jack Snipe

The required work consists of having run a crosscut tunnel measuring Thirty-five feet from the outside of the first set of timbers, this tunnels being located at a point about one hundred feet on a line with the direction of the ledge and about two hundred feet at right angles with the diriction of the ledge, being on the east side of the ledge, from the point of discovery of the "Jack Snipe" claim further described as being at a point about three hundred feet down the gulch east from the point where the North Pole tramway crosses the lower Golconda trail

It is the intention of the owners of the above named group to continue this tunnel which will be hereafter known as "Tunnel #1" to tap the ledge thus drifting on same, thereby improving all three claims.

Quartz Mining Location Notice.

Filed for Record Jan 17. 1902 8 am
C W Faunce Recorder

Notice is hereby given That I, the undersigned citizen of the United States, of America, conforming to the mining laws thereof and of the State of Oregon and the local rules, regulations and customs of miners have this ... day of January A.D 1901 located and do claim 1500 hundred linear feet on this lead, lode or vein bearing mineral in place, by 600 hundred feet in width, the same being 300 hundred feet on each side of the center thereof, together with all dips, spurs and angles, and all other veins or lodes, the top or apex of which lie within said boundaries. This location is named the Colorado lode or mine, and is situated in no organized mining District, Baker County, State of Oregon. This claim is situated on the south slope of Bowden Mountain and joins the Morning Star mining claim on its west side it also joins the Sun Rise claim on its south end and crosses Ashley Creek, and is about 3/4 of a mile west of Snake River and the discovery monument upon which this notice is posted is situated about one mile southwest of, Mc Dougall's Camp. This claim was located in 1900, by Thompson and others and was called the Bonanza, and they forfeited it by failing to perform the assessment work for 1901. This lead, lode or vein extends 750 feet in a northerly direction and 750 feet in a southerly direction from the discovery monument and the claim is bounded and described as follows: Commencing at the north center end monument which is situated 750 feet in a northerly direction from the discovery monument; running thence in a easterly direction 300 feet to the north east corner monument, thence in a southerly direction 1500 feet to the southeast corner monument, thence in a westerly direction 300 feet to the south center end monument, thence continuing in a westerly direction 300 feet to southwest corner monument, thence in a northerly direction 1500 feet to the northwest corner monument, thence in a easterly direction 300 feet to the said north center end stake the place of beginning. The adjoining claims are the Morning Star and Sun Rise.

All the monuments aforesaid are marked upon the side facing toward the discovery with the name of the claim and the corner or end center which each of said monuments represents, and all of said monuments are at least four inches in diameter and at least four feet high above the ground.

"Mammoth"

Quartz Mining Location Notice.

Filed for Record Jan. 28 1902 8. am. C W James Recorder

Notice is hereby given, That we the undersigned citizens of the United States of America, conforming to the mining laws thereof and of the State of Oregon, and the local rules regulations and customs of miners have this 30th day of November, A.D. 1901, located and do claim 1500 hundred linear feet on this lead, lode or vein bearing mineral in place, by 600 hundred feet in width, the same being 300 feet on each side of the center thereof, together all dips, spurs and angles, and all other veins or lodes, the tops or apexes of which lie within said boundaries. This location is named the 'Mammoth" lode or mine, and is situated in Sticks Bar mining district, Baker County, State of Oregon. This claim is situated on Section No. Thirty-two (32) in Township No. Ten (10) South of Range no. Forty-six (46) East of Willamette Meridian and is in Baker County, State of Oregon, and the discovery monument upon which this notice is posted is situated about 2200 feet in a northwesterly direction from the south east corner of Section 32 Township 10 South Range 46 East of Willamette Meridian. This lead, lode or vein extends 400 feet in a easterly direction, and 100

feet in a westerly direction from the discovery monument, and the claim is bounded and described as follows: Commencing at the East center end monument which is situated 400 feet in a easterly direction from the discovery monument; running thence in a northerly direction 300 feet to the northeast corner monument; thence in a westerly direction 1500 feet to the northwest corner monument; thence in a southerly direction 300 feet to the west center end monument; thence continuing in a southerly direction 300 feet to the southwest corner monument; thence in a easterly direction 1500 feet to the southeast corner monument; thence in a northerly direction 300 feet to the said east center end stake the place of beginning. The adjoining claims are bounded on the east and south by the Moonshine placer mining claim. All the monuments aforesaid are marked upon the side facing toward the discovery with the name of the claim and the corner or end center which each of said monuments represents, and all of said monuments are at least four inches in diameter and at least four feet high above ground.

Proof of Labor for the year 1901, on the Lakeview No One, Lakeview No. Two and Spring Lode Quartz mining Claims in the Rock Creek-Cracker Creek Districts, Baker County, Oregon.

Comes now C. E. Platts and John Platts and each being duly sworn according to law deposes and says: That we performed the work required for annual assessment for the year 1901, on The Lakeview No. One, The Lakeview No. Two and the Spring Lode quarty mining claims located near the head of Rock Creek and across the divide and on the head of one fork of Little Cracker Creek in Baker County, Oregon, the said claims being the property of A M Romig and J K. Romig. That the work was done in a tunnel run from the Rock Creek side of the divide, and upon the ledge. The said tunnel is run in a southwesterly direction upon the Lakeview and towards the Spring lode quarty mining claim and when extended will pass entirely through the three above named claims and is so located as to open up the said three claims upon the strike of the vein. The work was done for and at the request of the said A M. Romig and J K. Romig and for the purpose of the annual assessment work required by law for the year 1901, and the said work so done and material used in the doing of the work was worth more than Three Hundred dollars ($300 00). We are not interested in the said claims or any part thereof.

Quarty Location

Filed for Record March 5. 1902 3 PM C W James Recorder

Notice is hereby given. That E. Chrisman a citizen of the United States, has on this 1st day of January, 1902, discovered and located a vein of mineral bearing rock in place, carrying mineral which vein I have named Thunder Mountain. That the course of this vein is northeast and southwest and that I claim (1500) fifteen hundred linear feet of the discovery monument on which this notice is posted, and that I claim (300) three hundred feet on each side of the center of this vein. That said claim is located in no organized mining district, Baker County, Oregon, and is bounded and described as follows, to-wit: Commencing at the discovery monument, thence 1500 fifteen hundred feet in a ~~southerly~~ westerly direction, thence (300) three hundred feet on each side to stakes marked and blazed. Adjoining the Free Coinage quarty claim on the south end.

Dated January 1st 1902. E. Chrisman Locator
Attest W.H. Rincond

State of Oregon } ss
County of Baker }

I, Edward Chrisman, being first duly sworn, on oath depose and say, that I am the locator of the claim described in the within notice of location of the Thunder Mountain mining claim and that the said notice is a full, true and correct copy of the original notice of location posted on said claim. That I did, between the 1st day of January, 1902, and the 2nd day of March.

1902, perform the discovery work required by the statutes of the State of Oregon on said claim, by. I made on said claim an open cut with a 10 foot face exposing the ledge in place to a depth of ten feet, and said work was done on said claim within sixty days from the date of location thereof, and there was thereby disclosed a lode or vein of mineral deposit in place.

"Gould and Curry"

Filed for record March 17, 1902. 9 A.M. C. W. James Recorder.

Amended notice of location

Notice is hereby given, that the undersigned hereby make and file this amended notice of location upon the mineral bearing lode known as the Gould & Curry mining claim, situated in unorganized mining district, County of Baker and State of Oregon, claiming 1500 linear feet in a Northeasterly direction along the course of said lode, ledge or vein of mineral bearing quartz and 300 feet on each side of the center of said lode, ledge or vein of the surface, and all veins, lodes and ledges within the lines of said claim, with their dips, variations and angles. Said Gould and Curry mining claim is bounded and described as follows:

Beginning at discovery post running 300 feet Easterly to Southeast corner stake, thence 1500 feet Northeasterly to Northeast corner stake, thence 300 feet Westerly to North end center stake, thence 300 feet Westerly to Northwest corner stake, thence 1500 feet Southwesterly to Southwest corner stake, thence 300 feet Easterly to place of beginning. This mining claim is located on the North side of Big Cracker Creek, the discovery post, and is about one mile Northerly from said Creek, and joins the North end of a quartz claim known as the Colorado, and about three fourths 3/4 of a mile in a Westerly direction from the property known as the North Pole mine. This is the same lode of which the original location notice made by Ed. Burk Jr. and P. G. King is filed for record in the office of the County Recorder of Baker County, State of Oregon, on the 5th day of March, 1900, at 4 o'clock p.m. and recorded on page 132, Volume "P" book of Quartz, and afterwards conveyed to the Tammany Gold Mining Company, a corporation existing under and by virtue of the laws of the State of Washington, with principal office at Seattle

This amended location notice is filed without waiver of any previous rights, for the purpose of setting forth and describing more specifically the boundaries of said lode as originally located upon the ground and now existing, and for the purpose of correcting any defects that may exist in the form of said original certificate of location. And the said Tammany Gold Mining Company hereby adopts said original certificate of location as a part of this amended notice of location. Discovered March 4th, 1900. Located March 5th, 1900.

Amended notice of location

Notice is hereby given: that the undersigned hereby make and file the amended notice of location upon the mineral bearing lode, known as the Colorado quartz claim, situated in unorganized mining district, Baker County State of Oregon, claiming 1500 linear feet in a Northeasterly & Southwesterly direction along the course of said lode, ledge or vein of mineral bearing quartz; and 300 feet on each side of the center of said lode, ledge or vein at the surface, and all veins, lodes and ledges within the lines of said claim with their dips, variations and angles. Said Colorado quartz mining claim is bounded and described as follows:

Beginning at discovery post running 300 feet in an Easterly direction to the Southeast corner stake; thence Northeasterly 1500 feet to the North-east corner stake; thence Westerly 300 feet to the North end center stake; thence Westerly 300 feet to the Northwest corner stake; thence Southwesterly 1500 feet to the Southwesterly corner stake; thence Easterly 300 feet to place of beginning. This mining claim is located on the North side of Big Cracker Creek and about three-fourths (3/4) of a mile Westerly from the "Ten Strike" and "North Pole." This is the same lode of which the original location notice made by James Baumgardner and E. Bulger, Jr. is filed for record in the Recorder's office of Baker County State of Oregon, on the 1st. day of December 1899, at 4 o'clock p.m. and recorded on Page 300, Volume N book of Quartz claims and afterwards conveyed to the Tammany Gold Mining Company, a corporation existing under and by virtue of the laws of the State of Washington, with location principal office at Seattle. This amended notice is filed without waiver of any previous rights, for the purpose of setting forth and describing more especially the boundaries of said lode as originally located upon the ground and now existing, and for the purpose of correcting any defects that may exist in the form of said original certificate of location. And the said Tammany Gold Mining Company hereby adopts said original certificate of location as a part of this amended notice of location. Discovered November 29, 1899.

Silver Star

Filed for record March 22, 1902. 8 a.m. C. W. James, Recorder

Notice of location

To whom it may concern: Notice is hereby given that the undersigned, having complied with the requirements of Chapter six of Title sixty-two of the Revised Statutes of the United States, and the local customs, laws and regulations, has located 1500 linear feet of the Silver Star lode, situated on the Snake River or Vaughan mining district, Baker County, State of Oregon, as described as follows: Starting at location stake and running 1300 feet in a Westerly direction to center end stake, also 200 feet in an Easterly direction to center end stake, also 300 feet on each side of location stake to corner stakes, marked Southwest and Northwest corners of Silver Star mine, also 300 feet on each side of location stake to corners marked Northeast and Southeast corners of Silver Star mine. Situated about half mile from the town of Homestead on the mouth of Halbrook Creek, about 300 yards from Snake River. Discovered Jan. — Located Jan. 23, 1902.

Locator Ed. P. Farrell,
Locator Al. Leggett,
Locator John Leggett.

The regular ten foot location mark is done on this claim

"Last Chance"

Filed for record March 31, 1902, 8 a.m. L. W. James, Recorder.

Notice is hereby given that the undersigned a citizen of the United States, having complied with the requirements of Chapter six of Title Thirty two of the Revised Statutes of the United States, and the local customs, laws and regulations has located 1500 linear feet on this lode or vein, bearing gold, silver, copper and other precious minerals, with surface ground extending 300 feet on each side of the vein, and to be known as the Last Chance quartz claim, situated in Huntington mining district, Baker County, and described as follows:

This claim is situated one thousand feet (1000) in an Easterly direction from the Huntington Depot. The Southwest corner stake is situated exactly five (5) feet Northwest of the fourth O. S. L. Ry. bridge, East of Huntington, the same being known as Bridge No. 381. From this point the claim runs 1500 feet North Westerly along the vein. Located this 18th. day of March, 1902. Discovered 18th, 1902

E. L. Goff. Locator

Witness: M. V. Slagle

State of Oregon, County of Baker. ss.

I, Edmund L. Goff, being first duly sworn say: That I am the locator of the above named mining claim; that on the 18th. day of March, 1902, I posted a notice of discovery and location, of which the foregoing is a copy, on said claim; that the foregoing is a full, true, correct, exact and complete copy and transcript of said original notice, and of the whole thereof, and that I have compared the same with said original notice: that before the expiration of sixty days from the date of posting of said notice of discovery on said claim, I performed the location work required by the laws of the State of Oregon upon said claim, that is to say, have run an endline eleven feet on the vein upon said claim, and shown by such work a lode or vein of mineral deposit in place on said lode or vein

E. L. Goff.

Subscribed and sworn to before me this 28th. day of March, 1902.
