DIRECTIONS FOR OPERATING

THE WEST COAST LOOSE LEAF TYPEWRITER RECORD

IMPROVED STYLE

SOLID POSTS–SHORT PULL ROD

Patented Aug. 16, 1910; March 5, 1912; March 25, 1913. Other Patents Pending.

THIS PATENT STAMP MUST NOT BE COVERED

TO UNLOCK—Raise cover to a vertical position and pull out locking rod.

TO LOCK—Close the cover and push in locking rod.

Do not attempt to unlock either cover unless opposite cover is locked.

Posts should always be held in locked position in one of the covers.

TO LOCK BOOK PERMANENTLY—This is only to be done when all the sheets are written up and placed in the binder, for once permanently locked, it is absolutely impossible to unlock or open it.

For this purpose two permanent locking buttons are furnished with each binder. Break off hook of temporary locking bar at point where notched, then insert sealing buttons into the round holes near end of locking case so that the slot in the Sealing Button runs lengthwise with the binder. Then drive in button with sufficient force to turn the ends of split button. This effectually and hermetically locks and seals the book.

MADE IN U. S. A

Mr. A. B. Combs, Baker County Clerk
Dear Sir:

We wish to file notice of our intention to hold the following claims, situated in the North Pine Mining District, County of Baker, State of Oregon: First, "The Old Leggett," Placer mining claim. Second "The Cock-eyed Dutchman", Placer Mining claim.

The work on these claims was done and duely recorded in 1932.

I base my right to hold these claims on the measure described in the inclosed article, published in the Seattle Times, June 19, 1933.

Inclosed in one dollar to pay charges.

Yours very truly,

Robert L. Leggett

A GOOD SIGN

IT has been a matter of previous editorial comment in The Times that the national administration, bending its energies to the betterment of conditions among the people of the United States, seemed comparatively unmindful of one of the country's basic resources. Very special concern has been shown for the plight of the farmers, and some intelligent attention has been given to forests and fisheries; but no one connected with the administration or in Congress has appeared to be thinking much of the nation's potential wealth in mines.

A sense of weakness in Congress now seems to have. Congress has enacted and the President has approved a measure which [illegible] the claim holders of the requirement that not less than $100 worth of development work must be done each year to retain [illegible] right to locations or any hope for patents. The benefits of this measure, however, are limited to mining claimants who were so hard up that they could not pay income tax in 1932.

This is good news to

Dear Sir:

Now comes your petitioner and certifies as follows:

That I am the owner of a Placer Claim located in McNamee Gulch, Sec. 27, Tp. 10 S. R. 35 E., Baker County, recording number being 72353, Book "K" Page 138 in the mining records of said County, conforming to the act of Congress granting a moratorium for the necessary labor to be performed, aggregating the amount of $100 for each year, and I ask that the records be made to show that I desire to hold the above described claim and that I am entitled under such act to the provisionary statute; and I further say that I have not been subject to any 1932 income tax.

This notification may not be in the form prescribed, but it is an effort to comply with the provisions of the Federal Act of the 73rd Congress.

Inclosed please find personal check for $1. as recording fees.

Respectfully submitted,

J. S. HUTCHINSON

AFFIDAVIT AND CERTIFICATE

STATE OF OREGON } ss
County of Baker }

I, GEORGE LITTLE, and I, S. A. WELLS, being severally sworn each for himself says;

We, together with one L. J. Hale and Andro Salvey, were the locators of the Huey Long Associated Placer Mining Claim, amended location notice of which appears of record in Volume K, at page 534 of Records of Placer Locations of Baker County, Oregon.

That in making said location we had understood that the lands covered thereby were part of the vacant, unappropriated public domain and subject to location as such.

That neither we nor our associates had any intention of covering or locating upon any ground covered by the prior locations or ground, either patented or unpatented, owned by the Oregon Dredging Company, on or in the vicinity of Clark's Creek, and had we known that such a conflict existed we would not have attempted to locate any of such ground. That is now develops that all thatportion of the Huey Long Associated Placer Mining Claim, which is situated in Section 27, is in conflict with the land held by the Oregon Dredging Company, and particularly with the Western Slope, unpatented, placer mining claim.

We do accordingly certify and declare that neither we nor our associateshave or intended to claim any interest in the said lands of the Oregon Dredging Company, and particularly thesaid Western Slope placer mining claim, and hereby relinquish and waive any claim therein and thereto, and we are at this time preparing a second amended location notice of the said Huey Long Associated Claim so as to eliminate said conflicting ground from the location.

That I, the said George Little, was also the locator of the Associated Clyde placer

Mining Claim, which was also intended to cover certain lands in Section 27, Township 12 South of Range 41 E.W.M.

That said location has never been completed and the location notice thereof has never been recorded for the reason that I learned, before completing the same that the ground intended to be covered by said claim also was subject to prior valid locations on the part of the Oregon Dredging Company, and particularly the said Western Slope placer mining claim, and the Lion placer mining claim, unpatented.

I, therefore, certify and declare that as to the said claim also I had no intention of locating ground conflicting with the locations of the Oregon Dredging Company and do hereby relinquish and waive all claim in and to said ground.

That to the best of our knowledge neither of us has made any other location upon ground in that vicinity which would in any way conflict with the locations of the Oregon Dredging Company, but if it should subsequently develop that any such locations have been made we hereby declare that as to such locations also that neither we nor our associates, nor anyone on our behalf had any intention of conflicting with the said locations of the Oregon Dredging Company, and waive any claim therein and thereto.
