Geo. P. Simons --9318-- Sutton Creek Mine

PROOF OF LABOR
FOR FISCAL YEAR 1939--1940)
(GEO P. SIMONS on SUTTON CREEK MINE)

STATE OF OREGON)
) ss
County of Baker)

I, Geo. P. Simons, being first duly sworn, on oath depose and say: That I am manager of Sutton Creek Mini... Corporation, an Oregon corporation, and have personal knowledge of the facts with relation to the performance of the labor and improvements hereinafter mentioned.

That the claims for which this proof of labor is filed and upon or for the benefit of which the labor and improvements hereafter mentioned were performed and made during the fiscal year beginning at 12 o'clock Meridia... July 1, 1939, and ending at 12 o'clock Meridian July 1, 1940, are situated on Sutton Creek in no organized min... district, in Baker County, State of Oregon, and are commonly known as the Sutton Creek Mines and consist of cer... tain quartz and placer claims (the quartz claims being in some instances located within the boundaries of the... placer claims), and are all contiguous to each other and worked and held as one mine and group of mining claim...

That the names of said claims and the appropriate volumes and pages of the quartz or placer location rec...

of Baker County, Oregon, where the respective location notices, and amended or relocation notices thereof are recorded being as follows:

Name of Claim	Book		Page
Minnesota quartz mining claim	41	Quartz Locations	122
Sutton Creek Quartz mining claim	41	do.	122
Palmer placer mining claim (20 acres)	I	do.	353
Palmer No. 2 placer mining claim (40 acres) Amended Location Notice	L	do.	256
Sutton Creek Placer mining claim (60 acres)	L	do.	255

That approximately $3000 worth of labor and improvements, being a great deal more than the amount required by statute was performed and made upon said quartz and placer claims above described during the said fiscal year above mentioned. That said work consisted of driving tunnel more than one hundred feet on the quartz claims, and drilling, sinking prospect shafts and other prospecting work upon the placer claims for the purpose of demonstrating the mineral values therein, looking toward future mining operations thereon, IN ADDITION to maintaining a watchman and caretaker upon said property for the protection of the buildings and improvements thereon during a portion of the time while mining operations were not in progress. That said labor and improvements were performed during October and November, 1939, on the quartz, July and August, 1939, on the placer, and caretaker services for the entire fiscal year and were done by myself and by a crew of approximately 4 men assisting me a portion of the time and were made and performed at the request and expense of Sutton Creek Mining Company or myself and the others interested in said corporation, and that the amount actually paid therefor for materials and supplies and the labor of others than myself working thereon was the sum of $2000.00.

That this proof of labor is filed to evidence the performance of said work and to claim the benefit of it upon each and all of said claims, although it is doubtful whether any of such labor and improvements are required in any event under the circumstances upon the said Minnesota and Sutton Creek quartz claims, they being located purely for protective purposes upon lands already patented by the United States and held and owned by said Sutton Creek Mining Corporation.

1939 - 1940

(CHARLES H. TIMMS ON SUNSET EXTENSION NO. 1, SUNSET EXTENSION NO. 2, SUNSET NO. 2, SUNSET NO. 3, SUNSET NO. 4, SUNSET NO. 5, SUNSET NO. 6, SUNSET No. 7, PREASENT (PRESENT) NEED, OLD CROW, BLACKBIRD, BLACKBIRD NO. 2, PUMPKIN CENTER and PUMPKIN CENTER NO. 2 PLACER MINING CLAIMS)

STATE OF OREGON)
: ss.
County of Baker)

I, CHARLES H. TIMMS, being first duly sworn, on oath depose and say: That I am president of Timms Gold Dredging Company, an Oregon corporation, and am one of the co-locators of a portion of the placer mining claims hereinafter described and have personal knowledge of the facts with relation to the performance of the labor and improvements hereinafter mentioned. That the claims for which this proof of labor is filed and for the benefit of which the labor and improvements hereafter mentioned were performed and made during the fiscal year beginning at 12 o'clock Meridian, July 1st, 1939, and ending at 12 o'clock Meridian July 1st, 1940, lie along or in the vicinity of thenorth fork of Burnt River, in no organized mining district, in Baker County, State of Oregon, and are more particularly described as follows:

The Sunset Extension No. 1 placer mining claim, unpatented, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. L at page 201 of the records of Placer Locations of Baker County, Oregon.

The Sunset Extension No. 2 placer mining claim, unpatented, as the same is located, recorded and held, the location notice thereof also appearing of record in Vol. L at page 201 of the said Records of Placer Locations.

The Sunset No. 2 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 455 of the Records of Placer Locations of Baker County, Oregon, and an amended location notice thereof appearing of record in Vol. L at page 193 of said Records of Placer Locations.

Sunset No. 3 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 456 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol L at page 192 of said Records.

The Sunset No. 4 Placer Mining Claim, unpatented, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. K at page 457 of said Records of Placer Locations.

The Sunset No. 5 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 456 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 190 of said Records.

The Sunset No. 6 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 196 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 191 of said Records.

The Sunset No. 7 placer mining claim, unpatented, as the same is located, recorded andheld, the original location notice thereof appearing of record in Vol. K at page 195 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 189 of said Records.

The Preasent (Present) Need Placer Mining Claim, the location notice thereof appearing of record in Vol. J at page 187 of the Records of Placer Locations of Baker County, Oregon.

The Old Crow Placer Mining Claim, the original location notice thereof appearing of record in Vol. J at page 460, and an amended location notice thereof, appearing of record in Vol. L at page 324 of said Records of Placer Locations of Baker County, Oregon.

The Blackbird Placer Mining Claim, the original location notice thereof appearing of record in Volume J at page 386, and an amended location notice thereof appearing of record in Volume L at page 322 of said Records of Placer Locations of Baker County, Oregon.

The Blackbird No. 2 Placer Mining Claim, the original location notice thereof appearing of record in Volume J at page 459 and an amended location notice thereof appearing of record in Volume L at page 325 of said Records of Placer Locations of Baker County, Oregon.

The Pumpkin Center Placer Mining Claim, the original location notice thereof appearing of record in Volume J at page 385, and an amended location notice thereof appearing of record in Volume L at page 323 of said Records of Placer Locations of Baker County, Oregon.

The Pumpkin Center No. 2 Placer Mining Claim, as the same is located, recorded and held, the location notice thereof, appearing of record in Volume L at page 179 of said records of Placer Locations.

That the said unpatented placer mining claims above described together with certain patented lands commonly known as the Rouse, Stewart, Oregon Lumber Company and Anderson properties, and lying between or adjacent to the said mining claims, constitutes one large scale dredging operation, which includes several miles of contiguous dredging land, lying along the north fork of Burnt River in Baker County, State of Oregon, and that a continuous body or paystreak of placer gravel, bearing gold and silver in paying quantities, extends through and beneath all of the claims and properties included in said proposed dredging operation, including the unpatented mining claims above described and covered by this proof of labor. That all of the claims and property included in said dredging operation, and particularly the mining claims above described and covered by this proof of labor are either owned by Timms Gold Dredging Company or are held and controlled by said company by virtue of purchases of mineral rights, or leases and options, or other mining contracts for the working and operation thereof, entered into with the respective owners, and giving the said Timms Gold Dredging Company the right to develop, work, operate and dredge the same.

That the development program and plan of operation adopted by said Timms Gold Dredging Company contemplates that all of the land included in said dredging project shall be worked as a part of one continuous dredging operation by means of a modern bucket gold mining dredge which is expected to be hereafter installed thereon. That pursuant to said proposed operating program the said Timms Gold Dredging Company has from time to time and over a period of years prosecuted an extensive prospecting program covering all of the claims and properties included in said dredging project and have sunk lines of prospecting shafts at regular intervals throughout said claims and property included in said project for the purpose of demonstrating the mineral values therein and proving the continuity and values of the said pay streak underlying the same, as well as the depth and character of the placer gravel, and the type and character of the bedrock, all for the purpose of enabling it to intelligently prosecute said dredging operations and to determine the size and character of the dredge which was to be constructed thereon and could most efficiently and economically recover the mineral values therein contained. That the develping and

prospecting work performed during said fiscal year of 1930-40 and for which this proof of labor is filed was performed upon the said Rouse patented land but that all of said work was performed as aforesaid as a part of one common development program for the purpose of demonstrating and proving the mineral values in said dredging project, and that the same has directly tended to and has developed all of the lands included in said project, including specifically the said unpatented claims for which this proof of labor is filed, and that the said prospecting work hereafter mentioned upon the said Rouse land has tended to establish and demonstrate the further continuation of the said pay streak and bring in an additional body of dredging ground in said project which has in turn had a direct bearing upon the size and type of the dredge which will be constructed to work and operate said property, and will enable the remaining lands in said project, including specifically the said mining claims, to be more efficiently operated, and has accordingly, as aforesaid, directly developed and improved the said claims.

That during the period from July 1st, 1939, to approximately October 1st, 1939, the said Timms Gold Dredging Company performed and made at least $2000. worth of labor and improvements for the benefit of the said claims above described, as aforesaid, said work consisting of sinking 23 prospect shafts to bed rock, upon the said Rouse patented lands, for the purpose of demonstrating the mineral values therein for said gold dredging purposes and proving the continuity and extent of the said pay streak and establishing the character and depth of said ground for said gold dredging purposes. That 3 men were continuously employed during said period in said prospecting work, and the said work was under the supervision of either myself or Carl A.Timms and was done by use of standard prospecting equipment, consisting of trucks, pumps, caissons, gasoline engines, etc. That said prospecting work cost slightly less than $100. per shaft, and that the cost of sinking said 23 shafts amounted, as aforesaid, to approximately $2000. and that not less than said amount of $2000. was actually expended in said prospecting by the said Timms Gold Dredging Company including the rental value of its said equipment used thereon, and that said expenditures and all thereof constitute and are proper improvements to be considered as annual assessment work and improvements for patent upon each and all of the said mining claims above described and covered by this proof of labor.

CHAS. H. TIMMS

SUBSCRIBED and SWORN to before me this 3d day of July, 1940.

PROOF OF LABOR

(C.C.HARGROVE ON YELLOW NUGGET AND HUMPHREYS PLACER CLAIMS)

STATE OF OREGON)
: ss.
County of Baker)

I, C.C.HARGROVE, being first duly sworn, on oath depose and say: That I am one of the holders of a certain mining lease and option entered into on the 1st day of May, 1940, between Yellow Nugget Mining Company and myself and associates, covering the Yellow Nugget claims and property hereafter described, and am also one of the holders of a certain mining sub-lease and option entered into with Humphreys Gold Corporation, the owner of the Humphreys claims, hereinafter described, and have personal knowledge of all the facts herein set forth.

That the claims, or portions thereof, for which this proof of labor is filed, and upon, or for the benefit of which the labor and improvements hereafter mentioned were performed during the fiscal year beginning at

12 o'clock Meridian July 1st, 1939, and ending at 12 o'clock Meridian July 1st, 1940, are certain unpatented placer mining claims, or portions thereof, situated upon or near the vicinity of Pine Creek, near Hereford, in Baker County, Oregon, and are more particularly described as follows:

The SE¼ of the SW¼ of the NE¼ of Sec. 27, being a portion of the OHIO placer mining claim, as described in Notice of Location of record in Vol. "F" placer locations, page 472;

The SW¼ of the NW¼ of the NW¼ and the NW¼ of the SW¼ of the NW¼ of Sec. 26; the E½ of the SE¼ of the NE¼ and the SW¼ of the SE¼ of the NE¼ of Sec. 27, being a portion of the Columbia placer mining claim as described in amended notice of location of record in Vol. "F", placer locations, at page 568;

The S½ of the NW¼ of the SE¼, the W½ of the SW¼ of the SE¼ and the W½ of the E½ of the SW¼ of the SE¼ of Sec. 22; the W½ of the NW¼ of the NE¼, the W½ of the E½ of the NW¼ of the NE¼, the NW¼ of the SE¼ of the NE¼; the N½ of the SW¼ of the NE¼, the SW¼ of the SW¼ of the NE¼, the E½ of the SE¼ of the NW¼, the SW¼ of the SE¼ of the NW¼ of Sec. 27, located as the DEX placer mining claim, as described in notice of location of record in Vol. "I" at page 71, placer locations.

The S½ of the NE¼ of the NE¼ of the NE¼ and the SE¼ of the NE¼ of the NE¼ of Sec. 27, being a portion of the WEDGE placer mining claim, as described in Notice of Location of record in Vol. "J" placer locations, page 146.

THE DIAMOND JOE as the same is located and described in that certain location notice dated September 29, 1921, and recorded January 9, 1922, in Vol. J on page 45, Record of Placer Locations.

The GOLDEN RULE Placer mining claim, as the same is described and located in that certain location notice dated Sept. 29, 1921, recorded Jan. 9, 1922, in Vol. J on page 46 of the Record of Placer Locations.

The GRUB STAKE placer mining claim, as the same is located and described in those two certain location notices dated Jan. 22, 1922, and recorded in Vol. J, on page 47, Record of Placer Locations.

ALL IN BAKER COUNTY, OREGON.

Said claims or portions thereof above described being commonly known as the Yellow Nugget Mine or Group of Mining Property.

Also the BIG HILL placer Mining claim, notice of location thereof appearing of record in Vol. K at page 577 of the Records of Placer Locations of Baker County, Oregon.

The THREE PINES Placer mining claim, notice of location thereof appearing of record in the same volume and page of said Records.

Said claims being known as the Humphreys claims.

That all of said placer claims or portions thereof as above described and designated are contiguous to each other and are held and worked as one group of mining claims and as a part of one operation.

That during the months of May and June, 1940, approximately $12,000.00 worth of labor and improvements (being great deal more than $100. worth upon or for the benefit of each of said claims, or portions thereof), were performed and made upon or for the benefit of the said claims by myself and associates pursuant to said leases or sub-leases.

That the said work consisted of panning and sinking prospect shafts and other prospecting work upon said claims for the purpose of demonstrating the mineral values thereon, looking toward future mining operations thereon, and the installation of mining equipment and similar prospecting and mining work, looking toward the commencement of actual placer mining operations thereon which are at this time actually in progress.

That during said fiscal year an average of three men were employed in said work and worked during said period not less than 90 days, and that the actual amount expended by myself and associates in connection with the said labor and improvements was not less than the sum of $2000.00 and that all of said labor and improvements are proper expenditures to be considered as assessment work or improvements for patent upon said claims and have tended to and have developed the said property to at least the amount above set forth, which is a great deal more than the amount required by law to constitute the annual assessment work thereon.

That the greater portion of said work was actually performed upon the said Yellow Nugget claims, but that all of said claims will be worked as a part of one operation pursuant to a common program of development, and that said work has tended to develop each and all of said claims,or portions thereof.

C.C.HARGROVE

SUBSCRIBED and SWORN to before me this 30th day of July, 1940.

That the said quartz and placer claims above described adjoin, or in the case of the said quartz claims, to some extent, overlap, portions of the Columbia and North Pole Groups, and other patented mining claims and cover certain unappropriated parcels of mining ground lying between the various patented claims, and in the case of the said quartz claims overlap the same to some extent in order to protect extra-lateral rights.

That all of the properties in what is commonly known as the Bourne Group and consisting of the said Columbia and North Pole Groups, and the E. and E., Tabor Fraction, and other patented land, and the said unpat quartz and placer claims above described, are owned by Cracker Creek Gold Mining Company, a Delaware corporati and taken together constitute one contiguous body of mining ground, all of which claims are either adjacent to each other or adjacent to other connecting claims in said groups and that all of said claims are, and during all the times and dates herein mentioned have been, held as a part of one large scale mining operation, and have been and are being worked and developed pursuant to a common program for the development working and opera tion of all of the claims included and incorporated in the said groups, including the said quartz and placer claims above described, for which this proof of labor is filed.

That I am now in the possession of the said mining claims, comprising the said Bourne Group, including the said unpatented quartz and placer claims above described, and am engaged in the working and operation thereof pursuant to a certain mining lease, bearing date the 30th day of May, 1940, entered into between the said Cracker Creek Gold Mining Company, as lessor, and myself as lessee; and prior to the execution of said lea I was, during the period from about September 20th, 1939, in the possession of and was engaged in work upon said property under two certain informal short-term leases thereon. That during the period from September 20t 1939, to June 30th, 1940, the close of said fiscal year, there have been employed upon said property an averag of 15 men. who have been working and associated with me under sub-leases or various working agreements in connection with the operation of said property. That said men have worked not less than an average of 25 days or shifts of labor per month, so that during said period at least 3500 days of work were performed upon said property, and upon or for the benefit of the said unpatented quartz mining claims above described. That the said labor and improvements so performed by myself and the various workmen associated with me and working under my direction thereon consisted generally of the following items:

(a) On or adjacent to North Pole Mine, built one-half mile of new road and run 170 feet of new tunnel; cleaned up 1500 feet of drift; re-timbered the same where required; fixed up ore chute; opened and repaired 200 foot raise in No. 1 tunnel. In No. 3 drift, cleaned out and repaired 900 feet of tunnel; and repaired and retimbered 120 foot raise.

(b) At E and E adit built tracks and ore bins.

(c) On Columbia Mine, cleaned up drifts, built snowshed, tracks, and similar improvements.

(d) Generally on property, repaired roads and buildings, stoped, removed and shipped Ore, and conducted general mining operations, as well as exploratory and prospecting work.

That said work was done by various sub-lessees and workmen associated with me in said venture under working agreements, and a profit sharing arrangement, and that at least $20,000 was actually expended by myself and associates upon said property in the progress of said work and for the said various improvements, and for labor, materials and supplies, equipment installed and the like.

That the greater portion of said work was performed, as aforesaid, upon various of the patented propert in said group, but that all of said properties constitute part of one continuous group as aforesaid, and have been and are being worked in common pursuant to a common program of development, and that all of said expendit have tended to develop the entire group as a whole and are proper expenditures to be considered as annual asse ment work or improvements for patent upon the said unpatented quartz and placer claims above described.

That said labor and improvements so performed by me as aforesaid are in addition to the labor and impro ments performed by or under the direction of the Campbell Oregon Gold Mining Company during the months of July and August, 1939, and which I am informed amounted to at least $2000, and which also are proper items to be considered as annual assessment work performed upon or for the benefit of the said quartz and placer claims

above described during said fiscal year.

PROOF OF LABOR

(ROY MIRES ON LITTLE PIT, SAWTOOTH, JIGSAW AND CROSSPATCH PLACER CLAIMS)

STATEOF OREGON)
: ss.
County of Baker)

I, ROY MIRES, being first duly sworn on oath depose and say: That the claims for which this proof of labor is filed and upon which the labor and improvements hereinafter mentioned were performed during the period hereinafter set forth, are situated in what is known as the Pocahontas District (unorganized) in Baker County, State of Oregon, and are more particularly described as follows:

(a) The Little Pit Placer Mining Claim, unpatented, the original location notice thereof appearing of record in Vol. K at page 69 of the Records of Placer Locations of Baker County, Oregon, and an amended location notice thereof appearing of record in Vol. L at page 365 of said Records of Placer Locations.

(b) The Sawtooth Placer Mining Claim, unpatented, the location notice thereof appearing of record in Vol. L at page 364 of said Records of Placer Locations.

(c) The Jigsaw Placer Mining Claim, unpatented, the location notice thereof appearing of record in Vol. L at page 365 of said Records of Placer Locations.

(d) The Crosspatch Placer Mining Claim, unpatented, the location notice thereof appearing of record in Vol. L at page 364 of said Records of Placer Locations.

That all of said claims above described are contiguous to each other and are held and will be worked in common as a part of one large scale gold dredging operation, and that a continuous body or pay streak of placer gravel extends or is believed to extend through and beneath all of said claims and in to other property included in said prospective dredging operations.

That more than $1500.00 worth of labor and improvements (being much more than $100 worth upon or for the benefit of each of said four claims) were performed and made upon or for the benefit of the said mining claims above described during the period from about August 10th, 1940, to this date, said labor and improvements consisting of sinking prospect shafts, test pits, making cuts in the exposed bank, and drilling test holes by means of a placer drill and other similar prospecting work at various places upon the said claims and adjacent property for the purpose of demonstrating the extent and continuity of the said paystreak or body of merchantable placer gravel, looking toward future dredging operations thereon. That said work was done by the labor of the affiant and a crew of two men in his employ during a portion of the time and thereafter by a drill crew in the employ and under the direction of Porter & Company, who has become associated with the affiant in the venture, the affiant also helping in said work.

That approximately 119 days of labor have been performed in said work and that the amount actually expended by myself and by the said Porter & Company, including labor, materials and supplies and the rental value of equipment used in said operation, is not less than the sum of $1000.00. That the said expenditures have been made in part by myself and in part by the said Porter & Company; that said labor has been performed and said expenditure and improvements made by me upon said property pursuant to the terms of certain leases and/or options entered into with Fred Perry, Blaine Hallock, Frank Schlund, Harold Banta and certain others, the owners of said claims entitling me and my associates and assigns to the possession thereof and to develop, work and operate the same.

That the said Porter & Company is now interested in said venture.

R. W. Russell --15155-- Yellow Nugget Placer Claims

PROOF OF LABOR

(R. W. RUSSELL ON YELLOW NUGGET PLACER CLAIMS)

STATE OF OREGON)
) ss
County of Baker)

I, R. W. RUSSELL, being first duly sworn, on oath depose and say: That I am an officer, director and stockholder of Yellow Nugget Mining Company, an Oregon corporation, the owner of the Yellow Nugget Claims and property hereafter described and have personal knowledge of the facts hereinafter set forth.

That the claims, or portions thereof, for which this proof of labor is filed, and upon or for the benefit of which the labor and improvements hereafter mentioned were performed during the fiscal year beginning at 12 o'clock Meridian, July 1, 1940, and ending at 12 o'clock Meridian, July 1, 1941, are certain unpatented placer mining claims, or portions thereof, situated upon or in the vicinity of Pine Creek, near Hereford, in Baker County, Oregon, and are more particularly described as follows:

The southeast quarter of the southwest quarter of the northeast quarter of Section 27, being a portion of the Ohio Placer Mining Claim, as described in Notice of Location of record in Vol. F, Placer Locations, page 472.

The southwest quarter of the northwest quarter of the northwest quarter and the northwest quarter of the southwest quarter of the northwest quarter of Section 26; the east half of the southeast quarter of the northeast quarter, and the southwest quarter of the southeast quarter of the northeast quarter of Section 27, being a portion of the Columbia Placer Mining Claim, as described in Amended Notice of Location of record in Volume F, Placer Locations, page 568.

The south half of the northwest quarter of the southeast quarter, the west half of the southwest quarter of the southeast quarter and the west half of the east half of the southwest quarter of the southeast quarter of section 22; the west half of the northwest quarter of the northeast quarter, the west half of the east half of the northwest quarter of the northeast quarter, the northwest quarter of the southeast quarter of the northeast quarter, the north half of the southwest quarter of the northeast quarter, the southwest quarter of the southwest quarter of the northeast quarter, the east half of the southeast quarter of the northwest quarter, the southwest quarter of the southeast quarter of the northwest quarter of Section 27, Located as the DEX Placer Mining Claim, as described in notice of location of record in Volume I, page 71 Placer Locations.

The south half of the northeast quarter of the northeast quarter of the northeast quarter and the southeast quarter of the northeast quarter of Section 27, being a portion of the WEDGE Placer Mining Claim, as described in Notice of Location, of record in Vol. J, Placer Locations, page 146.

All of the above described lands being situate in Township 12 South, Range 39 E.W.M., in Baker County, Oregon.

The DIAMOND JOE as the same is located and described in that certain location notice, dated September 29, 1921, and recorded January 9, 1922, in Vol. J on page 45, Record of Placer Locations.

The GOLDEN RULE Placer Mining Claim, as the same is described and located in that certain location notice dated September 29, 1921, recorded January 9, 1922, in Vol. J on page 46 of the Records of Placer Locations.

The GRUB STAKE Placer Mining Claim, as the same is located and described in those two certain location notices, dated January 22, 1922, and recorded in Volume J on page 47, Record of Placer Locations.

Said claims or portions thereof above described being commonly known as the Yellow Nugget Mine or Group of Mining Properties, and all of said placer claims or portions thereof above described and designated are contiguous to each other and are held and worked as one group of mining claims and as a part of one operation.

That on July 1, 1940, at the commencement of said fiscal year the said mining claims, together with certain patented and unpatented properties owned or controlled by the Humphreys Gold Corporation of Denver were under mining lease to Messrs. C. C. Hargrove, J. R. Jones and Frank O'Coner, who, in turn, had entered into a working arrangement with the Relyea Brothers, and that said parties during the period from July 1st until about November 1, 1940 when they suspended operations, conducted active placer mining operations by means of tractors, pumps, washing plant and similar mining equipment upon a fairly large scale and expended in actual mining and development work thereby at least the sum of $4000. That most of said work was actually performed upon the Yellow Nugget Claims above described, and all thereof would be improvements upon either the Yellow Nugget or the unpatented Humphreys claims, which were two in number, so that said expenditures made by the Relyea Brothers and Hargrove and his associates would constitute a great deal more than the amount required by statute and in addition thereto after said operations were suspended, and during the months of April and May, 1941, the Darr Brothers did considerable handwork upon the said Yellow Nugget claims, consisting of running tunnels on bedrock, washing gravel, etc., and amounting to at least $600 worth.

That the sums so expended by Relyea Brothers and Hargrove and his associates were paid for by them and the work performed by Darr Brothers was performed by them individually. That all of said work was performed under contract with the Yellow Nugget Mining Company, the owner of said property, and was made in connection with the working and development thereof.

That during the operations of Hargrove, Relyea, et al, not less than a crew of ten men was employed upon said property and the operations by Darr Brothers consisted of two men.

Harold Banta --15156-- Big Hill, et al

PROOF OF LABOR

(HAROLD BANTA ON BIG HILL AND THREE PINES PLACER CLAIMS)

STATE OF OREGON)
) ss
County of Baker)

I, HAROLD BANTA, being first duly sworn, on oath depose and say: That I am a member of the law firm of Hallock, Donald & Banta, and for several years last past have represented the Humphreys Gold Corporation of Denver, Colorado, locally, in connection with the working and management of its properties on Pine Creek near Hereford, in Baker County, Oregon, and have personal knowledge of the facts herein set forth.

That the claims for which this proof of labor is filed and upon or for the benefit of which the labor and improvements hereafter mentioned were performed during the fiscal year beginning at 12 o'clock Meridian, July 1, 1940, and ending at 12 o'clock Meridian, July 1st, 1941, are two certain unpatented placer mining claims situated on or near the vicinity of Pine Creek near Hereford, in Baker County, Oregon, and are more particularly described as follows:

The BIG HILL Placer Mining Claim unpatented, notice of location thereof appearing of record in Volume K at page 577 of the Records of Placer Locations of Baker County, Oregon.

The THREE PINES Placer mining claim, unpatented, notice of location thereof appearing of record in the same volume and page of said records.

That at the commencement of said Fiscal year, on July 1, 1940, the said unpatented placer mining claims, together with certain patented ground known as the Elliott lands, upon which the said Humphreys Gold Corporation holds a paid up mining lease, and together with certain unpatented claims belonging to the Yellow Nugget Mining Company were under lease to and were being operated by C. C. Hargrove, J. R. Jones and Frank O'Coner, who, in turn, had entered into a working agreement with Relyea Brothers, and that these parties had installed a substantial amount of mining equipment and were proceeding to mine and operate said properties by means of tractors, pipe lines, pumps, washing plant, and similar placer equipment upon a rather large scale. That the said various properties, including the two unpatented claims above mentioned and covered by this proof of labor, are contiguous to each other and taken together constitute part of one complete placer operation.

That said parties continued to operate said properties from July 1 to about November 1, 1940, when their operations were suspended; that during such period of time they expended at least $4000 in mining and development work upon said property which sums were paid either by the said Hargrove and his associates or the Relyea Brothers.

That during the period of said operations a crew of at least ten men was more or less continuously employed upon said property, and that the said expenditures constitute annual assessment work or improvements for patent both upon the said Humphreys claims above mentioned and upon the said Yellow Nugget Mining Company's properties. That the Yellow Nugget Mining Company's properties constitute seven placer locations or portions thereof, so that the amount so expended constitutes a great deal more than the amount required by law to be expended upon all the claims included in said project.

PROOF OF LABOR FOR FISCAL YEAR 1940-1941.

(George P.Simons on Sutton Creek Mine.)

STATE OF OREGON)
: ss.
County of Baker)

I, GEORGE P. SIMONS, being first duly sworn on oath depose and say: That I am a stockholder and officer of Sutton Creek Mining/Corporation, an Oregon corporation, and have personal knowledge of the facts with relation to the performance of the labor and improvements hereinafter mentioned.

That the claims for which this proof of labor is filed and upon or for the benefit of which the labor and improvements hereafter mentioned were performed and made during the fiscal year beginning at 12 o'clock Meridian July 1, 1940, and ending at 12 o'clock Meridian July 1, 1940, and ending at 12 o'clock Meridian July 1st, 1941, are situated on Sutton Creek in no organized mining district in Baker County, State of Oregon, and are commonly known as the Sutton Creek Mine and consist of certain quartz and placer claims (the quartz claims being in some instances located within the boundaries of the placer claims) and are all contiguous to each other and are worked and held as one mine and group of mining claims.

That the names of said claims and the appropriate volumes and pages of the quartz or placer location records of Baker County, Oregon, where the respective location notices and amended or re-location notices thereof are recorded being as follows:

NAME OF CLAIM	BOOK	PAGE
MINNESOTA Quartz Mining Claim	41 quartz locations	122
SUTTON CREEK Quartz Mining Claim	41 do.	122
PALMER Placer Mining Claim (20 acres)	I placer locations	353
PALMER NO. 2 Placer Mining Claim (40)acres amended location notice	L do.	256
SUTTON CREEK Placer Mining Claim (60 acres)	L do.	255

That approximately $1500 worth of labor and improvements, being a great deal more than the amount required by statute, was performed and made upon said quartz and placer claims above described during the said fiscal year above mentioned. That said work consisted of sinking a winze on the old Anderson vein, stoping on the old Anderson vein, and drifting upon the mud seam and raising upon the said mud seam and drifting upon the southern extension of the old Anderson vein; all of said work being from the shaft upon said property which is located upon the Minnesota claim.

In addition to such mining and development work, the affiant acted as caretaker upon said property protecting the improvements during the period July 1, 1940, until the time when said mining operations were commenced about the 1st of November, 1940, and since that time said mining operations have continued, except for interruptions, and that during the period of the interruption the affiant has continued to act as caretaker and has repaired protected the improvements and buildings thereon.

That the said mining operations are still continuing. That the services as caretaker at the mine have been performed by myself as an officer and director of said company for and on its behalf without salary. The mining operations were performed under the terms of a certain mining lease in which Kenneth Grabner and myself were the original lessees and the expenditures made thereunder which amounted in actual cash to about $500. were made by the said Kenneth Grabner. That the said Kenneth Grabner has recently suspended operations under said lease and has assigned his interest therein to Roy Davidson and that Roy Davidson and myself are now continuing the said operations. That during the entire year I have been on the property working continuously and that Grabner worked from December to June 20th, intermittently, and had two men hired a portion of the time. That this proof of labor is filed to evidence the performance of said work and to claim the benefit of it upon each and all of said claims although it is doubtful whether any of such labor and improvements are required in any event under the circumstances upon the said Minnesota and Sutton Creek quartz claims, they being located purely for protective purposes upon lands already patented by the United States and held and owned by said Sutton Creek Mining Corporation.

PROOF OF LABOR FOR FISCAL YEAR 1940-41
on QUARTZ and PLACER Claims

(JOHN ARTHUR ON HANOVER NOS. 1 to 8 and HANOVER NO. 10 QUARTZ CLAIMS and
HANOVER, FOOL CREEK, HARDY AND CRACKER CREEK NOS. 1, 2 and 3, PLACER CLAIMS)

STATE OF OREGON)
) ss
County of Baker)

I, John Arthur, being first duly sworn on oath depose and say:

That I am the holder of a certain mining lease entered into with Cracker Creek Gold Mining Company, bearing date May 30, 1940, and covering among other property the unpatented quartz and placer mining claims hereinafter described and covered by this proof of labor, and have personal knowledge of all the facts herein set forth.

That the claims for which this proof of labor is filed and upon or for the benefit of which the labor and improvements hereinafter mentioned were performed and made during the fiscal year beginning at 12 o'clock Meridian July 1st, 1940 and ending at 12 o'clock Meridian July 1st, 1941, are certain unpatented quartz and placer claims situated in the Cracker Creek Mining District (unorganized) in Baker County, State of Oregon, the names of said claims, together with the volumes and pages of the records of quartz or placer locations of Baker County, Oregon, where the respective location notices and amended location notices thereof are recorded being as follows:

NAME OF CLAIM	BOOK	PAGE

That the said quartz and placer claims above described adjoin, or, in the case of the said quartz claims to some extent, overlap portions of the Columbia and North Pole Groups and other patented mining claims and cover certain unappropriated parcels of mining ground lying between the various patented claims, and in the case of said quartz claims overlap, the same in order to protect extralateral rights. That all of the properties in what is commonly known as the Bourne Group and consisting of the said Columbia and North Pole Groups, and the E and E, Tabor Fraction and other patented land, and the said unpatented quartz and placer claims above described, are owned by Cracker Creek Gold Mining Company, a Delaware corporation, and taken together, constitute one contiguous body of mining ground, all of which claims are either adjacent to each other or adjacent to other connecting claims in said groups and that all of said claims are and during all the time and dates herein mentioned have been held as a part of one large scale mining operation and have been and are being worked and developed pursuant to a common program for the development, working and operation of all of the claims included and incorporated in said groups, including the said quartz and placer claims above described, for which this proof of labor is filed.

That I am now in the possession of the said mining claims, comprising the said Bourne Group, including said unpatented quartz and placer claims above described, and am engaged in the working and operation thereof, pursuant to the said mining lease entered into between the said Cracker Creek Gold Mining Company, as lessor, and myself, as lessee.

That during the period from July 1, 1940, to June 30, 1941, the close of said fiscal year there have been employed upon said property an average of not less than 24 men who have been working and associated with me under sub-leases or various working agreements in connection with the operation of said property; that said men have worked not less than an average of 25 days or shifts of labor per month, so that during said period at least 7200 days of work were performed upon said property and upon or for the benefit of the said unpatented quartz mining claims above described. That the said labor and improvements so performed by myself and the

various workmen associated with me and under my direction thereon consisted generally of the following items.

About 200 feet of new tunnels and drifts were run upon the said property during said fiscal year and about 1200 feet of old workings were reopened and cleaned out. Substantial quantities of ore were mined and stoped and shipped from the said property and the road leading to the said property and extending across various of said claims, including the said unpatented claims, was maintained, repaired and kept free from snow and ice so as to enable materials and supplies to be transported to and the ore and other products of said mine transported from the said property; that the new tunnelling and development work was done on the North Pole and Columbia properties and the remainder of said work upon the North Pole, Columbia, E. and E, Tabor Fraction and other properties in said group.

That said work was done by various sub-lessees and workmen associated with me in said venture under working agreements, and a profit sharing arrangement, and that at least $30,000. was actually expended by myself and associates upon said property in the progress of said work and for the various improvements, and for labor, materials and supplies, equipment installed and the like.

That the greater portion of said work was performed, as aforesaid, upon various of the patented properties in said group, but that all of said properties constitute part of one contiguous group as aforesaid, and have been and are being worked in common pursuant to a common program of development and that all of said expenditures have tendered to develop the entire group as a whole and are proper expenditures to be considered as annual assessment work or improvements for patent upon the said unpatented quartz and placer claims above described.

(H. B. MURPHY ON SUNSET EXTENSION NO. 1, SUNSET EXTENSION NO. 2, SUNSET NO. 2, SUNSET NO. 3, SUNSET NO. 4, SUNSET NO. 5, SUNSET NO. 6, SUNSET NO. 7, PREASENT (PRESENT) NEED, OLD CROW, BLACKBIRD, BLACKBIRD NO. 2, BLACKBIRD NO. 3, PUMPKIN CENTER and PUMPKIN CENTER NO. 2 PLACER MINING CLAIMS.)

STATE OF OREGON)
) ss
County of Baker)

I, H. B. MURPHY, being first duly sworn, on oath depose and say: That I am president of Idaho-Canadian Dredging Company, an Idaho corporation, and was formerly an officer and director of Timms Gold Dredging Company and have intimate personal knowledge of the facts with relation to the performance of labor and improvements hereinafter mentioned.

That the claims for which this proof of labor is filed and upon or for the benefit of which the labor and improvements hereafter mentioned were performed and made during the fiscal year beginning at 12 o'clock Meridian July 1, 1940 and ending at 12 Oclock Meridian July 1, 1941, lie along or in the vicinity of the North Fork of Burnt River in no organized mining district in Baker County, State of Oregon, and are more particularly described as follows:

The Sunset Extension No. 1 placer mining claim, unpatented, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. L at page 201 of the Records of Placer Locations of Baker County, Oregon.

The Sunset Extension No. 2 placer mining claim, unpatented, as the same is located, recorded and held, the location notice thereof also appearing of record in Vol. L at page 201 of the said Records of Placer Locations.

The Sunset No. 2 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 455 of the Records of Placer Locations of Baker County, Oregon, and an amended location notice thereof appearing of record in Vol. L at page 193 of said Records of Placer Locations.

The Sunset No. 3 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 456 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 192 of said Records.

The Sunset No. 4 placer mining claim, unpatented, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. K at page 457 of said Records of Placer Locations.

The Sunset No. 5 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 456 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 190 of said Records.

The Sunset No. 6 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 196 of said Records of Placer Locations and an amended location notice thereof appearing of record in Vol. L at page 191 of said Records.

The Sunset No. 7 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 195 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 189 of said Records.

The Preasent (Present) Need placer mining claim, the location notice thereof appearing of record in Vol. J at page 187 of the Records of Placer Locations of Baker County, Oregon.

The Old Crow placer mining claim, the original location notice thereof appearing of record in Vol. J at page 460 and an amended location notice thereof appearing of record in Vol. L at page 324 of said Records of Placer Locations of Baker County, Oregon.

The Blackbird placer mining claim, the original location notice thereof appearing of record in Vol. J at page 386 and an amended location notice thereof appearing of record in Vol. L at page 322 of said Records of Placer Locations of Baker County, Oregon.

The Blackbird No. 2 placer mining claim, the original location notice thereof appearing of record in Vol. J at page 459 and an amended location notice thereof appearing of record in Vol. L at page 325 of said Records of Placer Locations of Baker County, Oregon.

The Blackbird No. 3 placer mining claim, the original location notice thereof appearing of record in Vol. L at page 326 of the Records of Placer Locations of Baker County, Oregon.

The Pumpkin Center Placer mining claim, the original location notice thereof appearing of record in Vol. J at page 386, and an amended location notice thereof appearing of record in Vol. L at page 323 of said Records of Placer Locations of Baker County, Oregon.

The Pumpkin Center No. 2 placer mining claim, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. L at page 179 of said Records of Placer Locations.

That said unpatented placer mining claims above described, together with certain patented lands commonly known as the Rouse, Stewart, Oregon Lumber Company and Anderson properties, and lying between or adjacent to said mining claims, constitute one large body of dredging or placer ground which includes several miles of contiguous land lying along the North Fork of Burnt River in Baker County, Oregon, and that a continuous body or pay streak of placer gravel, bearing gold and silver in paying quantities for gold dredging purposes extends through and beneath all of the claims and property included in said proposed dredging operation, including the unpatented mining claims above described and covered by this proof of labor. That all of the claims and property included in said dredging operation, and particularly the mining claims above described and covered by this proof of labor are now owned by Idaho Canadian Dredging Company and Sunshine Mining Company, and that said mining claims were formerly and at the commencement of said fiscal year owned either by Timms Gold Dredging Company or by certain of its stockholders, who thereafter, in connection with a division agreement and transfer of the stock and other interests in said Company held by the affiant, H. B. Murphy, and his brother George E. Murphy for the benefit of Idaho Canadian Dredging Company transferred to said H. B. and George E. Murphy on or about April 5th, 1941, and thereafter conveyed by said H. B. and George E. Murphy to the said Idaho Canadian Gold Dredging Company, for whose benefit they had acquired and held the said ground included in the said dredging operation, and to the Sunshine Mining Company, which had become associated with it in the venture. That the portion of the expenditures hereinafter referred to which was made before April 5, 1941, was made by the Timms Gold Dredging Company and that thereafter and during the month of April, 1941, while the properties were held by the Murphys for the benefit of the Idaho Canadian Dredging Company, and prior to the time the Sunshine Mining Company became associated in the venture, certain expenditures were made by the Murphys and the said

Idaho Canadian Dredging Company alone but that the portion of the expenditures incurred during the greater part of May and all of June were made jointly by the Idaho Canadian Dredging Company and the Sunshine Mining Company who are now interested in said venture and are going forward with the proposed dredging operation.

That the development program and plan of operation adopted originally by the Timms Gold Dredging Company for said ground, and now assumed and being carried on by the Idaho Canadian Dredging Company and Sunshine Mining Company contemplates that all of the land included in said dredging project shall be worked as a part of one continuous dredging operation by means of a modern bucket gold mining dredge which is now as will hereafter more fully appear being purchased and about to be installed thereon. That pursuant to said proposed operating program the said Timms Gold Dredging Company had from time to time and over a period of years prosecuted an extensive prospecting program covering all the claims and properties included in the said dredging project and had sunk lines of prospects shafts at regular intervals throughout the said ground and had thereby demonstrated the mineral values therein and proved the continuity of the said paystreak underlying the same, as well as the depth and character of the gravel all for the purpose of enabling it to intelligently prosecute the said dredging program, and thereby proved the said ground for dredging purposes sufficiently to justify the installation of the said dredge hereinafter mentioned. That plans have now been made and a site selected for the installation of the said dredge. That said dredge will be operated by means of electric power and during the fall of 1940 and the spring of 1941, a survey had been made and a map prepared of the proposed power line to carry electric current to said property from the main transmission line of the Eastern Oregon Light & Power Company at a point near Sumpter to the said property, the cost of such survey and mapping being $340.35. That a portion of the said proposed power line extended over the public domain within the boundaries of the National Forest and accordingly application was made to the Federal Power Commission, through the Forestry Department, for right of way covering said portion of the line at an expense of $100. That easements for the portions of said line which extend across private lands were secured at a further cost of $200, and thereupon and during the spring of 1941 active work progressed in clearing the said right of way and that up to July 1, 1941, the close of said fiscal year, a total of twelve men had worked approximately 16 days in clearing the said right of way, and that the payroll expense for said labor so engaged amounted to approximately $1200; that in addition thereto tools and equipment were purchased for the use of said men engaged in said work at a cost of approximately an additional $100.

Further in connection with said power line, materials were purchased for the installation of the line itself consisting of the transmission wire, insulators, line material, switches and so forth at a total cost of $5145.18, and poles were contracted for and secured at a cost up to July 1st of approximately $600. That the installation of said power line will now go forward to completion as speedily as possible and it is estimated that it will be completed approximately 60 days after July 1, 1941, at a total cost of approximately $14,000. That a site for the said dredge has been selected and construction was commenced upon the dredge camp during the spring of 1941 that up to July 1st, five men had worked for 16 days each approximately in connection with the erection of buildings and other improvements for the said dredge camp at a total payroll expense of about $500; that in addition to the said labor costs lumber and camp supplies which had been purchased and delivered prior to July 1st amounted to about $300. That said work also will go forward to completion in regular course.

That in addition to such work said Idaho Canadian Dredging Company and Sunshine Mining Company have actually purchased a large portion of the dredging equipment to be installed upon said ground and that the total of such equipment so purchased and in the process of construction and parts in transit to the said Burnt River property as of July 1st, 1941, amounts to a sum in excess of $40,000, and that the total estimated cost of material and labor in erecting the proposed dredge upon said ground will be around $125,000.

That the said labor and improvements have been performed at various places both upon the patented and unpatented lands included in said project and a portion thereof (in connection with said power line) outside the boundaries of the said dredging project entirely but that all of said expenditures and improvements have been directly connected with the program adopted for the common development and working of the said properties

and has directly improved all of the said properties so included in said dredging project including the said unpatented claims above described and covered by this proof of labor. That the amounts above set forth have been actually expended eitherby the said Timms Gold Dredging Company, the Idaho Canadian Dredging Company or the Sunshine Mining Company and have been reasonably worth and have actually improved the property to the extent and in the amounts above set forth, which in all amounted during said fiscal year to approximately $50,000, and that such expenditures accordingly are many times the amount required by statute for annual assessment work purposes and that the expenditures and all thereof constitute and are proper improvements to be so considered as annual assessment work and as improvements for patent on each and all of the mining claims above described and covered by this proof of labor.

H. B. MURPHY

PROOF OF LABOR FOR FISCAL YEAR 1941 - 1942

(H.B.MURPHY ON SUNSET EXTENSION NO. 1, SUNSET EXTENSION NO. 2, SUNSET NO. 2, SUNSET NO. 3, SUNSET NO. 4, SUNSET NO. 5, SUNSET NO. 6, SUNSET NO. 7, PREASENT (PRESENT) NEED, OLD CROW, BLACKBIRD, BLACKBIRD NO. 2, BLACKBIRD NO. 3, PUMPKIN CENTER, and PUMPKIN CENTER NO. 2 PLACER MINING CLAIMS).

STATE OF OREGON)
: ss.
County of Baker)

I, HARRY B. MURPHY, being first duly sworn, on oath depose and say: That I am president of Idaho-Canadian Dredging Company, an Idaho corporation, and am manager of Burnt River Division, Sunshine Mining Company and have intimate personal knowledge of the facts with relation to the performance of labor and improvements hereinafter mentioned.

That the claims for which this proof of labor is filed and upon or for the benefit of which the labor and improvements hereafter mentioned were performed and made during the fiscal year beginning at 12 o'clock Meridian July 1, 1941, and ending at 12 o'clock Meridian July 1, 1942, lie along the North Fork of Burnt River in no organized mining district in Baker County, State of Oregon, and are more particularly described as follows:

The Sunset Extension No. 1 Placer Mining Claim, unpatented, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. L at page 201 of the Records of Placer Locations of Baker County, Oregon.

The Sunset Extension No. 2 placer mining claim, unpatented, as the same is located, recorded and held, the location notice thereof also appearing of record in Vol. L at page 201 of the said Records of Placer Locations.

The Sunset No. 2 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 455 of the Records of Placer Locations of Baker County, Oregon, and an amended location notice thereof appearing of record in Vol. L at page 193 of said Records of Placer Locations.

The Sunset No. 3 Placer Mining Claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 456 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 192 of said Records.

The Sunset No. 4 placer mining claim, unpatented, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. K at page 457 of the Records of Placer Locations.

The Sunset No. 5 placer mining claim, unpatented, as the same is located, recorded and held the original location notice thereof appearing of record in Vol. K at page 456 of said Records of Placer Locations and an amended location notice thereof appearing of record in Vol. L at page 190 of said records.

The Sunset No. 6 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 196 of said Records of Placer Locations and an amended location notice thereof appearing of record in Vol. L at page 191 of said records.

The Sunset No. 7 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 195 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 189 of said records.

The Preasent (Present) Need placer mining claim, the location notice thereof appearing of record in Vol. J at page 187 of the Records of Placer Locations of Baker County, Oregon.

The Old Crow placer mining claim, the original location notice thereof appearing of record in Vol. J at page 460 and an amended location notice thereof appearing of record in Vol. L at page 324 of said Records of Placer Locations of Baker County, Oregon.

The Blackbird placer mining claim, the original location notice thereof appearing of record in Vol. J at page 386 and an amended location notice thereof appearing of record in Vol. L at page 322 of said Records of Placer Locations of Baker County, Oregon.

The Blackbird No. 2 placer mining claim, the original location notice thereof appearing of record in Vol. J at page 459 and an amended location notice thereof appearing of record in Vol. L at page 326 of said Records of Placer Locations of Baker County, Oregon.

The Blackbird No. 3 placer mining claim, the original location notice thereof appearing of record in Vol. L at page 326 of the Records of Placer Locations of Baker County, Oregon.

The Pumpkin Center Placer Mining Claim, the original location notice thereof appearing of record in Vol. J at page 386 and an amended location notice thereof appearing of record in Vol. L at page 323 of said Records of Placer Locations of Baker County, Oregon.

The Pumpkin Center No. 2 placer mining claim, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. L at page 179 of said Records of Placer Locations.

That reference is made to the proof of labor filed by me upon said ground for the fiscal year 1940-1941 as the same appears of record in the appropriate Records of Placer Locations of Baker County, Oregon, for details

as to the program which has been adopted for the working of the said ground, its ownership, and the installation of a bucket gold mining dredge and other improvements for the common working and development of the entire project.

Briefly stated, however, the said unpatented placer mining claims above described, together with other patented land, commonly known as the Rouse, Stewart, Oregon Lumber Company and Anderson properties, lying between or adjact to the said unpatented claims, constitute one single large scale dredging project, which will be worked as one continuous placer mining or dredging project and operation, by means of a bucket gold mining dredge, which at the time of the said last proof of labor was filed was being constructed upon said ground.

That the said lands are now owned jointly by the Idaho Canadian Dredging Company and the Sunshine Mining Company, and are being operated by the Burnt River Division Sunshine Mining Company, of which I am manager.

That on July 1st, 1941, at the commencement of the current fiscal year, the construction and installation of the dredge upon the said property was in progress. That in large part, said construction work was performed after July 1st, 1941 and continued unto October 20th, 1941, when dredging operations were commenced.

That the payroll during the said construction period was around five thousand dollars ($5000.00) per month in addition to the equipment.

That since October 20th, 1941, the dredge has been continuously operated every day, including Sundays, except for brief shut-downs for clean-ups, etc. That the operating crew for said dredge consisted of from seventeen to twenty men, and the operating cost is approximately six thousand dollars ($6,000.00) per month.

That I do not have available or with me at this time the exact data with regard to yardage dug, gold recovered, number of days worked, etc., but that as will appear from the foregoing, a great many times the amount of labor and improvements required by statute has been performed upon the said property during the said fiscal year.

That the said labor and improvements performed and made have consisted of the actual installation of the said dredging plant upon the said property for the working thereof, and the operation of the said plant in mining and extracting the gold from the said ground. That much of the said mining operations have actually been performed upon portions of the various unpatented placer mining claims above described, and have tended directly to the development of all of the claims in the said project as above enumerated.

That the said expenditures were made by said Burnt River Division Sunshine Mining Company, and were reasonably worth the amount so expended therefor, and have actually developed and improved the said property to many times the amount required by statute. That said expenditures and all thereof constitute and are proper improvements to be considered as annual assessment work on each and all of the mining claims above described and covered by this proof of labor.

THE SUNSET NO. 2 Placer Mining Claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 455 of the Records of Placer Locations of Baker County, Oregon, and an amended location notice thereof appearing of record in Vol. L at page 193 of said Records of Placer Locations.

THE SUNSET NO. 3 Placer mining claim, unpatented, as the same is located, recorded and held,

the original location notice thereof appearing of record in Vol. K at page 456 of said Records of Placer Locations and an amended location notice thereof appearing of record in Vol. L at page 192 of said Records.

THE SUNSET NO. 4 Placer Mining Claim, unpatented, as the same is located, recorded and held, the location notice thereof appearing of record in Vol. K at page 456 of the Records of Placer Locations.

THE SUNSET NO. 5 Placer mining claim,unpatented, as the same is located, recorded and held the original location notice thereof appearing of record in Vol K at page 456 of said Records of Placer Locations and an amended location notice thereof appearing of record in Vol. L at page 190 of said records.

THE SUNSET NO. 6 placer mining claim, unpatented, as the same is located, recorded and held, the original location notice thereof appearing of record in Vol. K at page 196 of said Records of Placer Locations and an amended location notice thereof appearing of record in Vol. L at page 191 of said records.

THE SUNSET NO. 7 Placer mining claim, unpatented, as the same is located, recorded and held the original location notice thereof appearing of record in Vol. K at page 195 of said Records of Placer Locations, and an amended location notice thereof appearing of record in Vol. L at page 189 of said records.

THE PREASENT (Present) NEED placer mining claim, the location notice thereof appearing of record in Vol. J at page 187 of the Records of Placer Locations of Baker County, Oregon.

THE OLD CROW placer mining claim, theoriginal location notice thereof appearing of record in Vol. J at page 460 and an amended location notice thereof appearing of record in Vol. L at page 324 of said Records of Placer Locations of Baker County, Oregon.

THE BLACKBIRD Placer Mining Claim, the original location notice thereof appearing of record in Vol. J at page 386 and an amended location notice thereof appearing of record in Vol. L at page 322 of said Records of Placer Locations of Baker County, Oregon.

THE BLACKBIRD NO. 2 placer mining claim, the original location notice thereof appearing of record in Vol. J at page 459 and an amended location notice thereof appearing of record in Vol L at page 325 of said Records of Placer Locations of Baker County, Oregon.

THE BLACKBIRD NO. 3 placer mining claim, the original location notice thereof appearing of record in Vol. L at page 326 of the Records of Placer Locations of Baker County, Oregon.

THE PUMPKIN CENTER Placer Mining claim, the original location notice thereof appearing of record in Vol. J at page 396 and an amended location notice thereof appearing of record in Vol. L at page 323 of said Records of Placer Locations of Baker County, Oregon.

THE PUMPKIN CENTER NO. 2 placer mining claim as the same is located, recorded and held, the location notice thereof appearing of record in Vol. L at page 179 of said Records of Placer Locations.

That the said Idaho-Canadian Dredging Company and Sunshine Mining Company, and each of them, desire to hold said mining claims above described and all thereof, under the provisions of the current act of Congress approved May 3d, 1943, providing for the suspension of annual assessment work on mining claims held by location in the United States, including the Territory of Alaska, until the hour of 12 o'clock Meridian on the 1st day of July, after the cessation of hostilities in the present war as determined by proclamation of the President or concurrent resolution of the Congress, and this notice is filed prior to July 1st, 1943, for the purpose of holding said claims during the current fiscal year from 12 o'clock Meridian, July 1st, 1942, to 12 o'clock Meridian, July 1st, 1943.

This suspension notice is filed, merely as a precautionary measure, to avoid any question ever being raised regarding the validity of said claims, or any thereof. The annual assessment work for said fiscal year has actually been performed upon said claims during the fiscal year by the Burnt River Division, Sunshine Mining Company, which conducted actual dredging operations upon a large scale upon said property during the period from July 1st, 1942, until the time operations were shut down pursuant to the WPB order or about October 15, 1942. The operating cost during such period was approximately $6000 per month as appears from the proof of labor for the fiscal year 1941-42 executed by Mr. H.B.Murphy and appearing of record in Volume M at page 225 of the Records of Placer Locations of Baker County, which amount, during such period, would be a great deal more than enough to cover the assessment work requirements upon all of said claims.

NOTICE OF LOCATION OF PLACER CLAIM

NOTICE IS HEREBY GIVEN that the undersigned, a citizen of the United States, over the age of twenty-one years, I, Culley J.Trickel, did, on the 25 day of Sept., 1943, locate a Placer Claim of 20 acres, situate in the County of Baker, of Baker, Oregon, and more particularly described as follows:

This placer claim is located in T. 9 S.R. 44 E., Sec. 28 and it joins the Irene Quartz Claim on the south and conforms to the unsurveyed quartz claim, therefore is not practical for subdivisions.

It is known as the Old Timber Canyon tunnel site on upper Timber Canyon and about 1200 feet from the SW corner stake of the M.G.M. Quartz Claim.

This is an amendment of a previous location and previous work and mill operations June 21, 1941.

This claim is known as the M.G.M. Placer Claim.

and that I intend to hold and work said above described claim as provided by the local laws and regulations, and the customs and rules of miners and mining statutes and laws of the United States.

Dated at the mine this 25 day of September, A.D., 1943.

NOTICE OF LOCATION OF PLACER CLAIM

NOTICE IS HEREBY GIVEN That Ned Thomas and F. C. Basche Citizens of the United States, over the age of twenty-one years, have this day located, under and in accordance with the Revised Statutes, Chapter Six, Title Thirty-two, the following described Placer Mining Ground, viz:

The $SW\frac{1}{4}$ of the $SW\frac{1}{4}$ of Section 17, Township 12, S. R. 40 E. W. M. and the East $\frac{1}{2}$ of the S. E. $\frac{1}{4}$ of the $SE\frac{1}{4}$ of Section 18, Township 12, S. R. 40, E.W. M.

This location is intended to cover not only such alluvial or residual placer as may be located within its boundaries but is specifically intended to cover the location of such deposits of rock designated as "Perlite" as may occur within the boundaries of said claims.

The formation is in the nature of flows rather than as veins which serves to distinguish it from lode mining property. The exact extent is unknown due to overburden and vegetation covering much of the ground. Further, no definite dip or strike can be attributed to the deposits which also serves to distinguish it from lode property.

Perlite has been definitely established as a rock or deposit of rock mineral having a commercial use and as such a commercial value dependent upon markets,transportation and etc.

Situated in Burnt River Mining District, County of Baker, State of Oregon, and known as the "Glassy Rock" Placer Mining Claim. And we intend to hold and work said claim as provided by local customs and rules of Miners and Mining Statutes of the United States.

NOTICE OF AMENDED LOCATION OF ASSOCIATED PLACER CLAIM

NOTICE IS HEREBY GIVEN THAT Ned Thomas and F. C. Basche and B. L. Thomas and Etta L. Thomas Citizens of the United States, over the age of twenty-one years, have this day located, under and in accordance with the Revised Statutes, Chapter Six, Title Thirty-two the following described Placer Mining Ground, viz:

The $SW\frac{1}{4}$ of the $SW\frac{1}{4}$ of Section 17, Township 12, S. R. 40 EWM and the $SE\frac{1}{4}$ of the $SW\frac{1}{4}$ of Section 18, Township 12, S. R. 40, EWM. This location is to amend the location filed the 4th day of August, 1945, and recorded in Book M of Placers at page 454.

This location is intended to cover not only such alluvial or residual placer as may be located within its boundaries but is specifically intended to cover the location of such deposits of rock designated as "Perlite" as may occur within the boundaries of said claims.

The formation is in the nature of flows rather than as veins which serves to distinguish it from lode mining property. The exact extent is unknown due to overburden and vegetation covering much of the ground. Further no definite dip or strike can be attributed to the deposits which also serves to distinguish it from lode property.

Perlite has been definitely established as a rock or deposit of rock mineral having a commercial use and as such a commercial value dependent upon markets, transportation, etc.

Situated in No Organized Mining District, County of Baker, State of Oregon, and known as the "Glassy Rock" Associated Placer Mining Claim. And we intend to hold and work said claim as provided by local customs and rules of Miners and Mining Statutes of the United States.

AMENDED LOCATION NOTICE OF PLACER CLAIM

(Alice - by Clinton J. Barden and Don Conners)

NOTICE IS HEREBY GIVEN, That the undersigned claimants Clinton J.Barden and Don Conners, being both citizens of the United States over the age of 21 years, do hereby claim by right of previous discovery and location, and this amended location notice, under and in accordance with the revised statutes of the United States, Chapter Six, Title Thirty-two, and all subsequent acts supplemental or amendatory thereto, and in accordance with the Mining Laws of the United States and of the State of Oregon, that certain placer mining ground or claim, bearing gold and silver, known and named as the ALICE placer mining claim, and being particularly identified, located and described so far as practicable with reference to the legal sub-divisions of the Public Survey as follows, to-wit:

The northwest quarter of the southwest quarter of the southwest quarter (said southwest quarter of the southwest quarter being technically designated upon the public survey of Lot numbered 18), and the south half of the northwest quarter of the southwest quarter (the said northwest quarter of the southwest quarter being technically designated upon the public survey as Lot numbered 11), all in and of Section 6, in Township 12 South of Range 42, East of the Willamette Meridian, and containing slightly more than 30 acres according to the public survey, in Baker County, Oregon,

This claim covers: Burnt River bottom and is bounded on the west by what is known as the Burke Ranch or Homestead, patented. This claim has been made to conform to the legal sub-divisions of the public survey so far as is practicable under the circumstances.

This is the same claim originally discovered and located on the 1st day of September, 1939, and notice of location of which was recorded on October 28th, 1939, in Volume L at page 528 of the Records of Placer Locations of Baker County, Oregon.

This amended location notice is made and filed without waiver of any previous rights and fully preserving to the claimants their priority under said previous location and recording, in order to correct certain errors and ambiguities appearing in the original location notice so as to make the description of said claim as set out in the location notice actually conform to the boundaries thereof as claimed and established upon the ground.

May 22nd, 1946

Baker County Clerk
Baker, Oregon

Dear Sir:

During the past years since 1942 when it was necessary to shut down on all gold mining because of the War, it was of course impossible to continue with Placer operations on the Colt Brothers Placer Claims situated in Mormon Basin, Malheur County, Oregon, at the time of closing down operations on this property, tests were being conducted as to the best type of dredging equipment to use on this ground and due to being unable to replace any type of machinery or parts used in these operations, the Placer claims were closed down late in 1942.

In the closing down of the work in the Colt Placers it was also impossible to continue with the proper representation of all the Water Rights held by the Colt Brothers Estate and which, for the most part are taken from the North Fork of Dixie Creek and Murphy Gulch, located in Baker County, Oregon. This Water is covered by Certificate of Water Rights recorded in volume 1 of record of Water Rights for Baker County at page 94 February 3, 1926. Other Water Rights belonging to this same group of mining claims was secured by purchase from Ransom Beers and Thomas Littig in 1912 which include ditches, reservoirs and water from Murphy Gulch, Immigrant Gulch, Glengary Gulch and French Gulch, all of which for the past twenty years and more have been a part of the Colt Water Rights in Mormon Basin, Oregon.

During all of the years which we have held these Water Rights they have been used or represented on the Colt Brothers Placer Claims and a statement to this effect has been filed with our Proof of Labor or, during the War years, our intention to hold certain unpatented mining claims which we hold in Mormon Basin. As our claims were in Malheur County, Oregon, these statements have been filed each year prior to July 1st, at Vale, Oregon, in the records for Malheur County, Oregon. And on the 7th day of August 1945 it was recorded in Book 3 Page 493 of Baker County Water Certificates.

We intend to hold these water rights for use on our Placer property in Mormon Basin and work is starting during the month of June of this year to put our ditches and reservoirs back in shape to convey the water once more around to the operations in the Basin. By the end of this mining season we expect to have this water system back in proper shape and conveying water thru our ditches and reservoirs from Dixie Creek and Murphy Gulch and dumping into the Colt system of ditches and reservoirs located in Mormon Basin.

Kindly place the above in the Baker County Records.

Respectfully,

FRANK COLT,

AMENDED LOCATION NOTICE OF PLACER CLAIM
(MISSING LINK)

NOTICE IS HEREBY GIVEN, that the undersigned claimant Carl R. Suksdorf, being a citizen of the United States over the age of 21 years, and the original locator of the mining claim hereinafter mentioned, does hereby claim by right of previous discovery and location, and this amended location notice, under and in accordance with the revised statutes of the United States, Chapter 6, Title 32, and all subsequent acts supplemental or amendatory thereto, and in accordance with the mining laws of the United States and of the Stateof Oregon, that certain placer ground or claim, bearing gold and silver known and named as the MISSING LINK Placer Mining Claim, and being particularly identified, located and described with reference to the legal sub-division of the public survey, as follows:

The west half of the southwest quarter of the southwest quarter of Section 16, in Township 13 South of Range 42 East of the Willamette Meridian, containing 20 acres according to the public survey, and being situated in what is known as the Mormon Basin Mining District, (unorganized) in Baker County, State of Oregon.

The land included in this location is covered by United States patent which reserves the minerals. In working and mining such land the claimant will fully recognize and respect the rights of the surface owner and will either secure the consent or post the bond required by title 43, section 299, U.S.Code Annotated.

This is the same claim originally located on June 13th, 1946, the original notice of location of which was recorded on June 14, 1946, in Volume K, at page 68 of the Records of Placer Locations of Malheur County, Oregon, (it being originally thought that the said claim was in Malheur County), and thereafter and on May 9th, 1947, again recorded in Volume M, at page 612 of the Records of Placer Locations of Baker County, Oregon.

This amended location is made and filed without waiver of any previous rights and fully preserving to the claimant his priority under said previous location and recording in order to correct any errors or omissions appearing in the original location notice.

Dated and posted on the ground this 27th day of May, 1947.
