**RE: Air Contaminant Discharge Permit Application
Calico Resources USA Corp.
Grassy Mountain Mine Project, Malheur County, Oregon**

Dear Ms. Lewis:

As part of the Grassy Mountain Mine project located in Malheur County, Oregon, attached is an application for a Standard Air Contaminant Discharge Permit (ACDP) for the proposed mining operations. Note the Cleaner Air Oregon (CAO) risk assessment report is included in the ACDP application. Also attached with this submittal are responses to comments related to air quality for the previously submitted Consolidated Permit Application (CPA) (comment numbers 327 through 345).

Please contact me at (775) 625-3600, glen@paramountnevada.com if you have questions or need clarification.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Glen van Treek', is written over a faint, larger signature.

Glen van Treek
President
