***Note 1:** Beginning with the 2018 Q2 distribution, funds previously designated for the same purposes as the Mental Health Alcoholism and Drug Services Account are instead to be used solely for mental health treatment or for alcohol and drug abuse prevention, early intervention and treatment, based on Senate Bill 1555 (2018) and House Bill 2377 (2019).

***Note 2:** Prior to Measure 110, distributions to the State School Fund, Oregon Health Authority, and Oregon State Police were limited by legislatively approved budgets for those entities. The excess amounts were held over and distributed during the next biennium.

***Note 3:** Beginning with the 2021 Q1 distribution, Measure 110 specifies that \$11.25 million per quarter be distributed according to the previous percentages. Amounts above \$11.25 million per quarter are distributed to the Drug Treatment and Recovery Services Fund. Beginning in 2023, the \$11.25 million threshold is adjusted annually for inflation, in accordance with House Bill 4056 (2022).

***Note 4:** In 2017 Q3 \$16,060,272 of the 20% distributed to cities and counties was distributed by population and \$937,946 was distributed by opt-in. In 2017 Q4 \$645,382 of the 20% distributed to cities and counties was distributed by population and \$3,690,648 was distributed by opt-in. In all other quarters the entire 20% distributed to cities and counties was by opt-in.
