

Is it Surveying within the new definition of ORS 672?

	Yes	No
1. Does it provide or offer to provide professional services that apply mathematics, geodesy and other sciences and involve the making of geometric measurements and gathering of related information pertaining to the physical or legal features of the earth?	☐	☐
2. Does it provide or offer to provide professional services that apply mathematics, geodesy and other sciences and involve the making of geometric measurements and gathering of related information pertaining to improvements on the earth?	☐	☐
3. Does it provide or offer to provide professional services that apply mathematics, geodesy and other sciences and involve the making of geometric measurements and gathering of related information pertaining to the space above or below the earth?	☐	☐
4. Does it provide or offer to provide professional services that apply mathematics, geodesy and other sciences and involve the development of measurements and information described in questions 1 through 3 above into graphics, data, maps, plans, reports, descriptions, projects or other survey products?	☐	☐
5. Is it a geodetic survey?	☐	☐
6. Does it establish, reestablish or replace boundaries or geodetic control monuments or reference points?	☐	☐
7. Does it locate, relocate, establish, reestablish or retrace any property lines or boundaries for any tract of land, road right of way or easement?	☐	☐
8. Was it a survey for the division or subdivision of a tract of land or the consolidation of tracts of land?	☐	☐
9. Did it involve locating and laying out alignments, positions or elevations for the construction of fixed works?	☐	☐
10. Did it involve performing or offering to perform any investigation, interpretation or evaluation of, or any consultation or testimony about any of the services described above?	☐	☐
11. Did it involve the collection, preparation, manipulation or modification of data related to any of the services described above, other than acting as a scrivener?	☐	☐
12. Did it fall within the new definition of photogrammetric mapping?	☐	☐
13. Did it result in surveys involving horizontal or vertical mapping control or geodetic control?	☐	☐

If the answer to one or more of the above questions was yes, then the act or acts performed may fall within the new definition of the practice of land surveying. However, new exemptions were added to ORS 672.060, and if the act or acts fall within any of these exemptions, the act would likely be exempt from being regulated as the practice of land surveying.

Is the act exempt from regulation under Oregon law?

- | | Yes | No |
|--|--------------------------|--------------------------|
| 1. Did the person maintain or transcribe existing georeferenced data into a GIS or LIS format by manual or electronic means and the data are clearly not intended to indicate the authoritative location of property boundaries, the precise shape or contour of the earth or the precise location of fixed works of humans? | ☐ | ☐ |
| 2. Did the person perform activities under ORS 306.125 or 308.245 involving transcribing tax maps, zoning maps or other public data records into GIS or LIS formatted cadastre and maintain those cadastre where the data are not modified for other than geographical purposes and the data are clearly not intended to authoritatively represent property boundaries? | ☐ | ☐ |
| 3. Did the person prepare maps or compile databases depicting the distribution of natural or cultural resources, features or phenomena and the maps or data are not intended to indicate the authoritative location of property boundaries, or the precise shape or contour of the earth, or the precise location of fixed works by humans? | ☐ | ☐ |
| 4. Was the act performed by a federal agency or its contractors in the preparation of military maps, quadrangle topographic maps satellite imagery or other maps that do not define real property? | ☐ | ☐ |
| 5. Was the act performed by a federal agency or its contractors in the preparation of documents or databases into a GIS or LIS format, including but not limited to the preparation or transcription of federal census and other demographic data? | ☐ | ☐ |
| 6. Was the act performed by a law enforcement agency or its contractor in the preparation of documents or maps for traffic accidents, crime scenes or similar purposes depicting physical features or events or generating or using georeferenced data involving crime statistics or criminal activities? | ☐ | ☐ |
| 7. Was the act performed by a peace officer as defined in ORS 161.015 or fire service professional as defined in ORS 181.610 in conducting, reporting on or testifying about or otherwise performing duties regarding an official investigation? | ☐ | ☐ |
| 8. Did the act result in the creation of general maps prepared for private firms or governmental agencies: (1) for use as guides to motorists, boaters, aviators or pedestrians; (2) for publication in a gazetteer or an atlas as an educational tool or reference publication; (3) for use in the curriculum of any course of study; (4) for use as an illustrative guide to the geographic location of any event (if produced by electronic or print media); or (5) for use as advertising material or user guides (if prepared for conversational or illustrative purposes)? | ☐ | ☐ |

If the answer to one or more of the above questions is yes, then the act or acts performed may fall within an exemption from regulation of the practice of land surveying. These exemptions were added to ORS 672.060.
