

NATURAL RESOURCES

division

Confined Animal Feeding Operations (CAFO)

- Permit Confined Animal Feeding Operations (CAFO) and provide regulatory oversight of CAFOs to ensure that manure does not pollute ground or surface water.

Fertilizer Program

- Ensure proper legal sale and distribution of fertilizer, soil amendments, agricultural minerals and lime, through licensing and registration. Sample products to ensure they meet label guarantees, that products function as advertised, and that environmental safety standards are met.

Pesticides Program

- Ensure proper and legal sale, use, and distribution of pesticide products through licensing, registration, and investigation.
- Coordinate investigations to collect and analyze information about reported pesticide incidents through the Pesticide Analytical and Response Center (PARC).

Soil & Water Conservation Districts (SWCDs)

- Assist 45 Soil & Water Conservation Districts as they provide conservation assistance to area landowners.

Water Quality

- Address water quality and natural resource conservation on agricultural lands through partnerships and regulatory oversight.

CONTACTS

- CAFO (503) 986-4699
- Fertilizer (503) 986-4635
- Pesticides (503) 986-4635
- SWCDs (503) 986-4700
- Water Quality (503) 986-4700

PLANT PROTECTION & CONSERVATION

division

Hemp

- Administer Oregon's Hemp Program, including licensing of growers, handlers, and vendors.

Insect Pest Prevention & Management (IPPM)

- Conduct surveys to quickly detect populations of invasive insects and eradicate the destructive pests before they can establish.
- Provide insect identification, technical information, and general outreach for stakeholders, agriculturalists, and the general public.

Invasive Noxious Weeds

- Conduct early detection surveys to identify new invasive weeds and implement rapid response projects for eradication and control.
- Conduct an intensive biological control program to reduce the impacts of invasive weeds.
- Assist landowners as well as county, state, federal, and local cooperators in efforts to manage and control invasive weeds.
- Administer Oregon State Weed Board Grants for protection of Oregon's natural resources.

Native Plant Conservation

- Protect and conserve Oregon's native flora and vanishing habitats by assisting public agencies and private citizens on management of threatened and endangered native plants.

Nursery & Christmas Tree

- Provide services to licensed Oregon nurseries and Christmas tree growers that include inspection and certification for out-of-state shipment.

CONTACTS

- Hemp (503) 986-4652
- IPPM (503) 986-4636
- Noxious Weeds (503) 986-4621
- Native Plant (503) 986-4621
- Nursery/Xmas Tree (503) 986-4644

OREGON
DEPARTMENT OF
AGRICULTURE

How We Work For You

635 Capitol Street NE
Salem, OR 97301-2532
(503) 986-4550
oregon.gov/oda
@ORDeptAg

Since 1931, the Oregon Department of Agriculture (ODA) has provided service and expertise to Oregon consumers and those whose livelihoods depend on agriculture. We work to safeguard Oregon's agriculture, natural resources, working lands, economies, and communities through assistance, compliance, and market support.

ODA is made up of 38 programs and over 500 staff located across Oregon, ranging from dusty fields to sterile, clean labs. ODA serves over 35,000 farms and 225+ commodities, with an annual economic value of \$16+ billion.

We are AGGIES, which means we value:

- A** - Approachability
- G** - Genuineness
- G** - Growth-oriented mindset
- I** - Inclusivity
- E** - Expertise
- S** - Sustainability

Within each program of our diverse and highly-skilled agency, you will find dedicated people ready to solve problems and create opportunities.

We are committed to delivering services, inspiring leadership, and promoting equity and inclusion. It is an honor to serve you and the rest of Oregon's diverse agricultural industry.

Lisa Charpilloz Hanson
Lisa Charpilloz Hanson
Director

TRADE & ECONOMIC development

ODA promotes and creates demand for Oregon agricultural products in local, domestic, and international markets through trade and business development activities.

FOOD SAFETY & ANIMAL HEALTH division

Animal Health

- Prevent, detect, control, and eradicate animal diseases.
- Issue import permits and process Certificates of Veterinary Inspection required for nearly all animals entering the state.
- Ensure animal feeds meet nutritional and labeling standards.

Food Safety

- Licensing and inspection of Oregon's food manufacturing & distribution systems (excluding restaurants).
- Sample & test shellfish for toxins & report harvesting closures; monitor growing areas to prevent foodborne illness.
- Inspection/sampling to maintain interstate commerce of milk and milk products.
- Oversight of meat processors operating and selling within Oregon.

Laboratory Services

- Complete livestock regulatory tests to confirm Oregon livestock health status.
- Microbiological and chemical analysis for regulatory compliance within state government.

AGRICULTURE SERVICES division

Animal Identification

- Prevent livestock theft by denying a market for stolen animals through recording of brands and inspection of animals.

Metrology Services

- Provide official & traceable mass, volume, and length calibration services.

Motor Fuel Quality

- Ensure that motor fuels sold in Oregon meet national quality standards

Plant Health

- Conduct field surveys and provide laboratory testing of seed & plant material to detect pests and diseases that could result in quarantine of Oregon products.

Produce Safety

- Provide outreach, education, and technical assistance for farmers covered by the federal Produce Safety Rule.

Seed Regulatory

- Regulate the sale and labeling of agricultural and vegetable seed sold or transported within Oregon.

Shipping Point Inspection

- Provide voluntary, third-party inspection and certification services for a variety of quality or value characteristics.

Weights & Measures

- Ensure fairness and accuracy in the marketplace by inspecting and certifying weighing and measuring devices.
