It is the policy of the State Board of Education and a priority of the Oregon Department of Education that there will be no discrimination or harassment on the grounds of race, color, religion, sex, sexual orientation, national origin, marital status, age or disability in any educational programs, activities, or employment. Persons having questions about equal opportunity and nondiscrimination should contact the Deputy Superintendent of Public Instruction at the Oregon Department of Education.

The officially codified and compiled Administrative rules are published by the Secretary of State and portions of that published compilation have copyright status. The Oregon Administrative Rules presented on these pages are not the official version of the rules published by the Secretary of State.

This document was produced by Oregon Department of Education, Public Service Building, 255 Capitol Street NE, Salem, Oregon 97310-0203

Please share this document with your colleagues! All or any part of it may be photocopied for educational purposes without permission from the Oregon Department of Education.

INTRODUCTION

Historically, Class Size has been reported in a number of different places. From 1997 to 2006, it was part of the Database Initiative (DBI) reports (now [archived](#)). From 2002-03 to 2011-12, Elementary Class Size was reported on [School and District Report Cards](#). In 2012, the [statute](#) governing school and district report cards was amended, and Class Size was removed as a required element of school and district report cards. Also in 2012-13, the Class Size collection, an aggregate collection containing, by classroom and class period, the total enrolled male and female students within elementary self-contained classes on a single day, was retired.

In 2010-11, the [Class Roster](#) collection was created as part of Oregon's obligations under federal law (American Recovery and Reinvestment Act's State Fiscal Stabilization Fund). The collection included individual student and teacher level data for an entire school year. Initially, this collection included only reading and mathematics courses in grades 3-8 and 11, but in 2013-14, it was expanded to include all instructional courses. Also in 2013, [HB 2644](#) established class size reporting requirements for the Oregon Department of Education. In 2014-15, the Class Roster collection was expanded with new data elements to facilitate this reporting, and the OAR governing Class Size reporting ([OAR 581-002-0200](#)) was adopted by the [State Board of Education](#). Beginning in 2014-15, the Oregon Department of Education produced and reported class size data for all subjects. A summary of these data appears on school and district report cards, and a more detailed report will be available on the [Class Size Report](#) website at <http://www.oregon.gov/ode/reports-and-data/Pages/Class-Size-Report.aspx>. The 2019-20 school year was abbreviated due to the coronavirus pandemic in Oregon. The Class Size validation did not take place.

This school year, 2024-25, the Class Roster was deprecated, and the Class Schedule collection was developed to take its place. There are no changes to how the Class Size validation works or how the data will be displayed or reported. This manual explains the Class Size calculations. Please use the Class Schedule manual for collection reporting requirements.

If you have questions, please contact:

Robin Stalcup, Robin.Stalcup@ode.oregon.gov. You may also call at 971-208-0241.

DATA SOURCE

The primary data source for the Class Size Report is the [Class Schedule](#) collection. A single class roster record links together a student, teacher, and course section, including the dates of enrollment/assignment for the student and teacher, the course subject, the classroom, and class period in which the instruction occurred.

While Class Schedule includes Instructional Unit ID numbers, classes are not determined in relation to IUID numbers or school section numbers. A class is specifically identified as a unique combination of classroom ID,

class period ID, and school ID. More than one course can be occurring at the same time within the same classroom, which means multiple course identifiers can be associated with a single class. Course subjects are identified using [NCES Course Codes](#). This year we began posting course code files on the Class Size web page for user convenience and for researcher and data requester access. The current course codes can also be downloaded as an Excel file from the [IUID page](#) on the district website. For convenience, the NCES course codes adopted for 2024-25 are shown in Appendices A and B, beginning on page 10.

All records indicating enrollment on the first weekday in May are included in the class size calculation. The first weekday in May this school year falls on May 1, 2025.

Validation of these data occurs through the [Achievement Data Insight application](#). See the [2024 ADI Training \(YouTube\)](#) on the [Achievement Data Insight](#) page for information on how to use this application.

CALCULATION PROCESS

DETAIL

1. Select all records for instruction occurring on the first school day in May, excluding non-instructional courses. Non-Instructional courses are non-core subject courses that do not have curricula. Historically this exclusion was limited to instructional aides until this course type was discontinued in 1718. There are no specific non-instructional courses excluded from the Class Size, however many districts do not report work experience courses or Tutorial/Study Hall to staff collections.
2. Determine the course subject area. For classes with one course code, use the subject area associated with that code. For classes with more than one course code:
 - a. If the course codes are all in the same subject area, the subject area is that subject area.
 - b. If the course codes are all self-contained classes of different grade levels, the subject area is “Blended Classroom.”
 - c. If the course codes are of different subject areas, and at least one course is not self-contained, the subject area is “Multiple Subjects.”
3. Determine whether the class should be included in reporting for this school. Some courses may be displayed at the class detail level but not included in the summary (aggregate) level or in public reporting (see Appendix B, page 21).
 - a. Courses are included in reporting if:
 - i. They are in a core subject area (English Language Arts, Mathematics, Science, Social Studies, World Language and Literature, Fine and Performing Arts), or they are a self-contained course **and either**
 - ii. All of the Alternative Education flags (in IUID) associated with the course are ‘N’ **or** the course is offered by an alternative school.
 - b. See Appendix A (page 10) for a list of included courses.

4. Count the total number of teachers and students associated with the class on the first weekday in May.

Subject Area: The general subject or grade level being taught within the class. This field is used for aggregation, although not all subject areas will be aggregated.

Inclusion Flag: Indicates whether this course is part of the aggregations.

SUMMARY

Core Subject Area: The general subject area is reported on this row. The following Core Subject Areas will be reported for all institutions, although institutions may see blank rows for subjects that they do not offer:

- All Subjects/Grades: These rows include all reportable classes at the institution.
- Total Self-Contained: These rows include all self-contained or blended classes at the institution.
 - Kindergarten, Grade 1, Grade 2...Grade 8: These rows include classes reported with a single, self-contained grade-level course code. See page 10 for a list of codes in these subjects.
 - Blended Classroom: These rows include classes reported with multiple grade-level course codes, all of which were self-contained.
- Total Departmentalized: These rows include all instructional classes at the institution that were reported with at least one course code that was not self-contained. See page 10 for a list of codes included in these subjects.
 - English Language Arts, Math, Science, Social Studies, World Language and Literature, Fine and Performing Arts: These rows include all instructional classes at the institution that were reported with course codes in these subject areas. See page 10 for a list of codes in these subjects.
 - Multiple Subjects: These rows include all instructional classes that were reported with more than one subject area where at least one course within the class was not self-contained.

Grade Level: The grade span of the institution where the course is offered. This column is only populated for district-total rows. It is used to identify class size data by subject area for school and district At-A-Glance Profiles.

- E: Courses offered at an Elementary School
- M: Courses offered at a Middle School
- H: Courses offered at a High School
- C: Courses offered at a Combined School (a school offering high school grades, as well as grade 7 or lower)

Classes of 1 to 15: The total number of classes that meet the inclusion criteria and have 15 or fewer students enrolled on the first weekday of May.

Classes of 16 to 25: The total number of classes that meet the inclusion criteria and have 16 to 25 students enrolled on the first weekday of May.

Classes of 26 to 35: The total number of classes that meet the inclusion criteria and have 26 to 35 students enrolled on the first weekday of May.

Classes of 36 to 45: The total number of classes that meet the inclusion criteria and have 36 to 45 students enrolled on the first weekday of May.

Classes of 46 to 55: The total number of classes that meet the inclusion criteria and have 46 to 55 students enrolled on the first weekday of May.

Classes of 56 or more: The total number of classes that meet the inclusion criteria and have at least 56 students enrolled on the first weekday of May.

Average Class Size: The average size of the classes meeting the inclusion criteria on the first weekday of May, is calculated by summing the sizes of all the classes and dividing by the total number of classes.

Median Class Size: The median size of the classes meeting the inclusion criteria on the first weekday of May. The median is the middle number in an ordered list. If there is an even number of classes in a particular grouping, the median is the average of the two middle values.

Total Students: The total number of students enrolled in courses on the first weekday of May. Students are counted only once even if they are enrolled in more than one of the listed type of course.

Total Teachers: The total number of teachers assigned to courses on the first weekday of May. Teachers are counted only once even if they are teaching more than one of the listed type of course.

Unreported Students: The total number of students who are in the spring membership extract as attending the listed school or district, but were not reported as enrolled in any instructional classes on the first weekday of May in Class Schedule. These values are only included on total rows (All Grades and Subjects) for quality checking purposes.

EXAMPLE

This school offers a blended kindergarten and first grade classroom, plus one classroom for 2nd grade and one for 3rd grade. They also have a math teacher, Mr. Coulson, who teaches Algebra 1 to three classes per day, and Ms. Danvers, who teaches Orchestra and Band. Fifteen students are enrolled in both Orchestra and Band, and ten of those students are also enrolled in Algebra 1 (note that class schedule example records are provided for only the first two classes).

Class Schedule

Records

IUID	Classroom ID	Class Period	Subject	Student	Teacher
1	101	AllDay	Kindergarten	Stark	Fury
1	101	AllDay	Kindergarten	Odinson	Fury
2	101	AllDay	Grade 1	Pym	Hill
2	101	AllDay	Grade 1	Van Dyne	Hill
3	200A	AllDay	Grade 2	Banner	Romanov
3	200A	AllDay	Grade 2	Rogers	Romanov
3	200A	AllDay	Grade 2	Barton	Romanov

Classroom ID	Class Period	Subject	Students	Teachers
101	AllDay	Blended Classroom	4	2

Fine and Performing Arts	-	-	-	1	-	1	53.5	53.5	1	97

KEY TO EXAMPLE

Note that this class has two IUIDs associated with it, but they are linked together with a shared classroom and class period ID.

Although this school enrolls both kindergarten and first grade students, these rows are blank because the school does not offer classes for kindergarten alone or for first grade alone. Kindergarten and first grade blended classes are listed under “Blended classroom.”

There are three self-contained classrooms. One has three students, one has four, and one has eight. The count of four students is the middle number of the list, so it is the median. There are eight classes in total for all subjects and grades. In ascending order, their sizes are 3, 4, 8, 13, 15, 29, 43, and 64. Because there are an even number of classes, 13 and 15 are both in the middle. The median is 14, which is halfway between 13 and 15.

The average class size is computed by summing the sizes of all the classes and dividing by the number of classes. In this case:

$$\frac{3 + 4 + 8 + 13 + 15 + 29 + 43 + 64}{8} = 22.4$$

Even though the math and fine arts teachers each teach multiple classes, and the fine arts teacher teaches multiple subjects, they are counted only once.

There are 43 students in orchestra and 64 students in band, but 10 students are enrolled in both, so the total number of unique students enrolled in fine art classes is only 97.

APPENDIX A: INCLUDED COURSES BY SUBJECT AREA

Please note: Course identifiers may have been condensed and abbreviated. For the complete list and full course names, see [the IUID page](#)

24911	Particular Topics in American Indian Language	24959	World Language (Other Language) Conversation & Culture	24968	IB Language Ab Initio—(Other World Language)
24916	IB Language B (American Indian Language), Middle Years	24960	World Language (Other Language) Literature	24989	World Language (Other Language)—Other
24949	American Indian Language—Other	24961	Particular Topics in World Language (Other Language)	24999	World Language and Literature—Other
24950	World Language (Other Language) for Young Learners (prior to secondary)	24962	IB Language A: Literature—World Language (Other Language)		

FINE AND PERFORMING ART

5001	Dance Technique	5011	Dance Composition /Composition Seminar	5051	Introduction to Theater
5002	Dance Repertory	5012	IB Dance	5052	Theater Arts
5003	General Dance	5013	Dance for Musical Theater	5053	Theater—Comprehensive
5004	Dance History and Appreciation	5014	Ballet	5055	Theater—Acting/Performance
5005	Dance—Choreography	5015	Jazz Dance	5056	Theater—Stagecraft
5006	Dance Survey	5016	Modern Dance	5057	Theater—Directing
5007	Dance Improvisation	5017	Hip Hop	5058	Playwriting and Screenwriting
5008	World/Cultural Dance	5018	Tap Dance	5059	History and Literature of the Theater
5009	Technical Theater for Dance	5036-5038	Dance (6-8 grade)	5060	Musical Theater
5010	Social Dance	5039	Dance—General		
		5049	Dance—Other		

5061	Theatrical Production and Management	5117	Music History	5163	Advertising Design
5062	IB Theatre	5118	Music Appreciation	5164	Fibers and Textile Design
5076-5078	Drama (6-8 grade)	5119	Composition /Songwriting	5165	Crafts
5079	Drama—General	5120	Strings	5166	Jewelry
5099	Theater—Other	5121	Contemporary Vocal Ensemble	5167	Photography
5101	General Band	5122	Culturally Influenced Ensemble	5168	Cinematography/Video Production
5102	Concert Band			5169	Multimedia Art
5103	Marching Band	5136-5138	Music (6-8 grade)	5170	Art Portfolio
5104	Orchestra	5139	Music—General	5172	AP Drawing
5105	Contemporary Instrumental Ensemble	5149	Music—Other	5173	IB Visual Arts
5106	Small Ensemble	5151	Art Appreciation	5174	AP 2-D Art and Design
5107	Piano	5152	Art History	5175	AP Art 3-D Art and Design
5108	Guitar	5153	AP Art History	5176	Calligraphy/Lettering
5109	Individual Technique—Instrumental Music	5154	Visual Art—Comprehensive	5186-5188	Art (6-8 grade)
5110	Chorus	5155	Visual Arts—Drawing/Painting	5189	Art—General
5111	Vocal Ensemble	5156	Visual Arts—Drawing	5194	IB Film
5112	Individual Technique—Vocal Music	5157	Visual Arts—Painting	5199	Visual Arts—Other
5113	Music Theory	5158	Visual Arts—Sculpture	5201	Interdisciplinary Arts
5114	AP Music Theory	5159	Ceramics/Pottery	5202	IB Arts, Middle Years Program
5115	IB Music	5160	Printmaking/Graphics	5203	Film Appreciation & Analysis
5116	Music History/Appreciation	5161	Printmaking	5999	Visual and Performing Art—Other
		5162	Visual Communications Design		

APPENDIX B: COURSES NOT INCLUDED IN SUMMARY

The following courses are included in the detail level, but are not included in aggregations unless part of a reportable class (i.e. they were reported with the same classroom and class period ID as a course that is always included).
