FAQ – Frequently Asked Questions

Q: Do I need CONNECTION Client installed if I don't use Bentley applications?

A: No. If you do NOT use Bentley applications, you can request the software be removed.

Q: Are ODOT employees allowed to accept the Bentley Cloud terms of service that the CONNECTION Client presents?

A: Yes. The Oregon Department of Justice determined that ODOT's contract with Bentley supersedes the Bentley Cloud terms of service, so ODOT employees and internal contractors may click the "I Accept" button.

Q: What if I am not signed in or working offline when the license expires?

A: You will not be able to run Bentley programs until the next time you sign in.

Q: What if the CONNECTION Client does not look correct when signing in.

A: Right click on the dialog box and select Refresh.
