DIESEL RETROFIT EXEMPTION

VEHICLE IDENTIFICATION NUMBER (VIN)

If the VIN begins with OR, check this box: ☐

YEAR

MAKE

This truck is exempt from diesel retrofit requirements because it is:

- Not powered by a 1996 or older diesel engine (if registering a medium-duty truck);
- Not powered by a 2009 or older diesel engine (if titling a medium-duty truck);
- Not powered by a 2006 or older diesel engine (if titling a heavy-duty truck);
- An antique vehicle;
- A motor home;
- A farm-plated vehicle or farm tractor;
- Used exclusively as a training vehicle;
- An emergency vehicle;
- An ambulance;
- Used to transport logs, as defined in ORS 801.355;
- A heavy-duty truck operated for 5,000 miles or fewer on Oregon highways in one calendar year; or
- Owned by a carrier with a fleet size of five or fewer heavy-duty trucks.

Diesel Retrofit Information

If your residential or business address is in **Clackamas**, **Multnomah** or **Washington** County, you cannot get a title or registration for certain older diesel-powered trucks **unless** they are exempt or equipped with approved diesel retrofit technology and certified by the Department of Environmental Quality (DEQ).

The two truck categories are:

- Medium-duty (gross vehicle weight rating is 14,001-26,000 pounds)
- Heavy-duty (gross vehicle weight rating is 26,001+ pounds)

As of January 1, 2023, DMV does not issue or renew registration for:

- Medium-duty trucks powered by a model year 1996 or older diesel engine.

As of January 1, 2025, DMV does not issue a title for:

- Medium-duty trucks powered by a model year 2009 or older diesel engine.
- Heavy-duty trucks powered by a model year 2006 or older diesel engine.

As of January 1, 2029, DMV will not issue or renew registration for:

- Medium-duty trucks powered by a model year 2009 or older diesel engine.

If your truck is exempt from diesel retrofit requirements, you must provide this form when you apply for title **and** at every renewal.
