SUSTAINABLE HEALTH CARE COST GROWTH TARGET PROGRAM**

In the Matter of:

Moda Health Plan, Inc., an Oregon
Corporation

For the Cost Growth Target
measurement period: 2021-2022

Agency No. **CGT-2023-PAYER-13**

**NOTICE OF PROPOSED DETERMINATION
AND RIGHT TO REQUEST A HEARING**

Oregon Health Authority's (OHA) Sustainable Health Care Cost Growth Target Program (CGT) is tasked with monitoring the cost of health care in Oregon and holding payers and provider organizations accountable for cost growth that exceeds the annual target with statistical confidence and without an acceptable reason. The CGT is governed by Oregon Revised Statutes (ORS) 442.385 through 442.386 and Oregon Administrative Rules (OAR) Chapter 409, Division 65.

Per ORS 442.386 and OAR 409-065-0035, OHA reviews underlying cost drivers and reasons for cost growth and makes a determination as to whether such conditions or factors, or combination of such conditions or factors, suffices as reasonable cause for an entity to exceed the cost growth target for the measurement period.

Now, therefore, upon due consideration of the circumstances, including the mandatory cost growth target data submissions, supplemental information provided by the entity, and the entirety of OHA's record, OHA enters the following Notice of Proposed Determination.

Procedural History and Findings of Fact

OHA's CGT conducted its cost growth review under OAR 409-065-0035, which requires that OHA conduct analyses to understand potential systematic causes or other factors that might result in payers or provider organizations exceeding the cost growth target. The cost growth target for 2021 through 2025 is 3.4%.¹

Moda Health Plan, Inc., an Oregon Corporation ("Moda") is a payer in Oregon and a mandatory reporter under OAR 409-065-0010. On or around April 20, 2023, OHA notified Moda that it was subject to the cost growth target program for the 2023 data cycle, with a data submission due date of September 1, 2023.

On or around August 22, 2023, Moda submitted its mandatory data submission (CGT-1) to OHA. OHA generated a data validation summary on August 28, 2023 and held a data validation meeting with Moda on or around September 13, 2023. OHA conducted an initial round of CGT-1 data validation of the Moda file on or around September 13, 2023.

On or around December 12, 2023, Moda resubmitted its file to correct data issues identified after the initial round of data validation. On or around March 19, 2024, Moda submitted a third version of its file in response to a concern raised during additional validation of 2021-2022 data by provider organizations. On or around March 20, 2024, OHA generated an updated data validation summary. Upon review of this summary, the data were considered final and valid.

¹ The cost growth target value for 2021-2025 was established by the Cost Growth Target Implementation Committee, as documented in their January 2021 Recommendations Report.
<https://www.oregon.gov/oha/HPA/HP/HCCGBDocs/Cost%20Growth%20Target%20Committee%20Recommendations%20Report%20FINAL%2001.25.21.pdf>

On or around May 9, 2024, OHA notified Moda of the cost growth data that were to be reported publicly in OHA's 2024 Cost Growth Target Annual Report, for the 2021-2022 cost growth measurement period. This report was released publicly on or around May 28, 2024.

OHA identified Moda Health Plan as having cost growth over the target between calendar years 2021 and 2022 for the following markets: **Medicare Advantage, 11.6%.**

On or around July 25, 2024, OHA notified Moda Health Plan that it had exceeded the cost growth target for the 2021-2022 measurement period pursuant to OAR 409-065-0035(3).

OHA met with Moda in October of 2024 to discuss potential reasons for excess cost growth for Medicare Advantage from 2021-2022. See Attachment 1 for meeting dates and participants. Moda also provided additional data to OHA as a follow-up to this meeting.

PROPOSED DETERMINATION

Following a review of CGT data and additional information on health care spending, OHA has determined that Moda Health Plan's health care cost growth for Medicare Advantage from 2021-2022 was:

- **Not due to acceptable reason(s).** Moda will be held accountable for cost growth in this measurement period.
 - Pursuant to ORS 442.386 and OAR [409-065-0045](#), 2021-2022 will count as one year of excess cost growth in the "at least three out of five calendar years" that trigger a financial penalty.

Please see Attachment 2 for a running summary of Moda's cost growth performance over time.

Dated this 21 day of January 2025.
