Center for Health Protection, Drinking Water Services

Tina Kotek, Governor

**Oregon Health Authority – Drinking Water Services****County Contacts**

Updated 6/10/2026

Drinking Water Services contracts with the counties to perform much of the program work at the local level. Contract counties are responsible for all water systems with groundwater sources serving 3,300 people or less. Operators and managers of these systems should first call their local county health department for assistance with drinking water issues.
