RE: Report on Rulemaking Comment Period

Comment Deadline: June 23, 2025 at 5:00 PM Pacific Time

Purpose of Comment Period: The purpose of this comment period was to receive public comments regarding the Oregon Health Authority (OHA), Public Health Division, Health Care Regulation and Quality Improvement section's proposed permanent adoption of temporary rule amendments to OAR 333-275-0060 that correct a mistake in the number of continuing education hours needed for a hemodialysis technician to be eligible for recertification.

Permanent administrative rules filed on March 13, 2023, and effective July 1, 2023, inadvertently inserted the incorrect number of continuing education hours required for continuing education. The temporary rule filed on March 4, 2025 (Temporary Administrative Order PH 8-2025), corrected the inaccuracy and

replaced the correct number of continuing education hours needed to be eligible for recertification, and was retroactive to the original effective date of July 1, 2023. This proposed rulemaking will make those changes permanent before the temporary rule expires on August 30, 2025.

Comments Received: No comments were received before the deadline.
