NFIRS TO NERIS CODING CROSSWALK

- NFIRS ACTIONS TAKEN TO NERIS ACTIONS & TACTICS

CREATED DECEMBER 2025

The nationwide system for collecting fire incident data is transitioning from National Fire Incident Reporting System (NFIRS) to National Emergency Response Information System (NERIS). To support fire agencies through this transition, the Oregon State Fire Marshal has developed this **NFIRS to NERIS Coding Crosswalk** to help agencies identify the NERIS category descriptions equivalent to past NFIRS numeric codes. This NFIRS to NERIS coding crosswalk can be used to translate NFIRS Type Codes to NERIS Narrative Descriptions and Categories.

This job aid includes the following three components:

1. ***NFIRS Incident Type Code to NERIS Incident Types Crosswalk (Red Tab)***
2. ***NFIRS Property Use Type to NERIS Location Use Subtype Crosswalk (Yellow Tab)***
3. ***NFIRS Actions Taken to NERIS Actions Tactics Crosswalk (Blue Tab)***

Using this guide, locate the tab associated with the desired NERIS data section. Using either the NFIRS code number or NFIRS code description, locate the NFIRS code(s) applicable to the incident response, then slide to the right to find the associated NERIS category, subcategory, and description. NERIS data definitions are provided in the ***NFIRS Incident Type Code to NERIS Incident Types Crosswalk***.

100	Fire, other	**Fire**	**Transportation Fire**	**Powered mobility device fire**	A transportation fire incident involving a powered mobility device.
100	Fire, other	**Fire**	**Special Fire**	**ESS fire (Energy Storage System)**	A special fire incident involving an Energy Storage System (ESS), often involving batteries or other energy storing technologies.
100	Fire, other	**Fire**	**Outside Fire**	**Utility infrastructure fire**	An outdoor fire incident involving the ignition and combustion of materials associated with utility infrastructure, such as power lines, transformers, or pipelines, potentially disrupting essential services.
111	Building fire. Excludes confined fires (113–118).	**Fire**	**Structure Fire**	**Structural involvement fire, room and contents fire**	A structure fire incident involving the structural components of a building; structure fire incident involving the room and contents of a building(s).
112	Fire in structure, other than in a building. Included are fires on or in piers, quays, or pilings: tunnels or under- ground connecting structures; bridges, trestles, or overhead elevated structures; transformers, power or utility vaults or equipment; fences; and tents.	**Fire**	**Special Fire**	**Infrastructure fire (Fence, Tunnel, Bridge)**	A special fire incident involving an explosion that affects infrastructure, such as pipelines, power lines, tunnels, bridges, or other critical systems.
113	Cooking fire involving the contents of a cooking vessel without fire extension beyond the vessel.	**Fire**	**Structure Fire**	**Confined cooking, appliance fire**	A structure fire incident involving a confined cooking or appliance fire.
114	Chimney or flue fire originating in and confined to a chimney or flue. Excludes fires that extend beyond the chimney (111 or 112).	**Fire**	**Structure Fire**	**Chimney fire**	A structure fire incident involving a chimney fire.
115	Incinerator overload or malfunction, but flames cause no damage outside the incinerator.	**Fire**	**Outside Fire**	**Dumpster, outdoor container fire**	An outdoor fire incident involving the combustion of materials inside a dumpster or similar container, often consisting of waste and discarded items.
116	Fuel burner/boiler, delayed ignition or malfunction, where flames cause no damage outside the fire box.	**Fire**	**Outside Fire**	**Dumpster, outdoor container fire**	An outdoor fire incident involving the combustion of materials inside a dumpster or similar container, often consisting of waste and discarded items.
117	Commercial compactor fire, confined to contents of compactor. Excluded are home trash compactors.	**Fire**	**Outside Fire**	**Dumpster, outdoor container fire**	An outdoor fire incident involving the combustion of materials inside a dumpster or similar container, often consisting of waste and discarded items.
118	Trash or rubbish fire in a structure, with no flame damage to structure or its contents.	**Fire**	**Outside Fire**	**Trash, Rubbish fire**	An outdoor fire incident involving the burning of trash or rubbish, including discarded materials and waste products.
120	Fire in mobile property used as a fixed structure, other.	**Fire**	**Structure Fire**	**Structural involvement fire, room and contents fire**	A structure fire incident involving the structural components of a building; structure fire incident involving the room and contents of a building(s).
121	Fire in mobile home used as a fixed residence. Includes mobile homes when not in transit and used as a structure for residential purposes; and manufactured homes built on a permanent chassis.	**Fire**	**Structure Fire**	**Structural involvement fire, room and contents fire**	A structure fire incident involving the structural components of a building; structure fire incident involving the room and contents of a building(s).
122	Fire in a motor home, camper, or recreational vehicle when used as a structure. Includes motor homes when not in transit and used as a structure for residential purposes.	**Fire**	**Structure Fire**	**Structural involvement fire, room and contents fire**	A structure fire incident involving the structural components of a building; structure fire incident involving the room and contents of a building(s).
123	Fire in a portable building, when used at a fixed location. Includes portable buildings used for commerce, industry, or education and trailers used for commercial purposes.	**Fire**	**Structure Fire**	**Structural involvement fire, room and contents fire**	A structure fire incident involving the structural components of a building; structure fire incident involving the room and contents of a building(s).
130	Mobile property (vehicle) fire, other	**Fire**	**Transportation Fire**	**Vehicle fire**	A transportation fire incident involving a passenger vehicle.

131	Passenger vehicle fire. Includes any motorized passenger vehicle, other than a motor home (136) (e.g., pickup trucks, sport utility vehicles, buses).	**Fire**	**Transportation Fire**	**Vehicle fire, Passenger**	A transportation fire incident involving a passenger vehicle.
132	Road freight or transport vehicle fire. Includes commercial freight hauling vehicles and contractor vans or trucks. Examples are moving trucks, plumber vans, and delivery trucks.	**Fire**	**Transportation Fire**	**Vehicle fire, Commercial**	A transportation fire incident involving a commercial vehicle
133	Rail vehicle fire. Includes all rail cars, including intermodal containers and passenger cars that are mounted on a rail car.	**Fire**	**Transportation Fire**	**Train, Rail fire**	A transportation fire incident involving a train or rail-related vehicle.
134	Water vehicle fire. Includes boats, barges, hovercraft, and all other vehicles designed for navigation on water.	**Fire**	**Transportation Fire**	**Boat, personal watercraft, barge fire**	A transportation fire incident involving a boat, personal watercraft, or barge.
135	Aircraft fire. Includes fires originating in or on an aircraft, regardless of use.	**Fire**	**Transportation Fire**	**Aircraft fire**	A transportation fire incident involving an aircraft emergency.
136	Self-propelled motor home or recreational vehicle. Includes only self-propelled motor homes or recreational vehicles when being used in a transport mode. Excludes those used for normal residential use (122).	**Fire**	**Transportation Fire**	**Vehicle fire, RV**	A transportation fire incident involving a recreational vehicle (RV).
137	Camper or recreational vehicle (RV) fire, not self-propelled. Includes trailers. Excludes RVs on blocks or used regularly as a fixed building (122) and the vehicle towing the camper or RV or the campers mounted on pick ups (131).	**Fire**	**Transportation Fire**	**Vehicle fire, RV**	A transportation fire incident involving a recreational vehicle (RV).
138	Off-road vehicle or heavy equipment fire. Includes dirt bikes, specialty off-road vehicles, earth-moving equipment (bulldozers), and farm equipment.	**Fire**	**Transportation Fire**	**Vehicle fire, Commercial RV**	A transportation fire incident involving a recreational vehicle (RV).
140	Natural vegetation fire, other	**Fire**	**Outside Fire**	**Vegetation, Grass fire**	An outdoor fire incident involving the ignition and spread of fire through vegetation, grass, or other plant materials
140	Natural vegetation fire, other	**Fire**	**Outside Fire**	**Wildfire, WUI fire**	An outdoor fire incident occurring at the boundary between urban areas and wildland, where fire spreads from natural vegetation to residential or developed landscapes, posing risks to structures and communities.
141	Forest, woods, or wildland fire. Includes fires involving vegetative fuels, other than prescribed fire (632), that occur in an area in which development is essentially nonexistent, except for roads, railroads, power lines, and the like. Also includes forests managed for lumber production and fires involving elevated fuels such as tree branches and crowns. Excludes areas in cultivation for agricultural purposes such as tree farms or crops (17x series).	**Fire**	**Outside Fire**	**Vegetation, Grass fire**	An outdoor fire incident involving the ignition and spread of fire through vegetation, grass, or other plant materials.
